PACKAGE CONTENTS

Your Mega Hot Wheels Twin Mill Racecar Building Set includes the following components:

- 101 building pieces for the Twin Mill racecar.
- 1 poseable micro action figure, designed as a racecar driver.
- Instruction booklet for assembly.

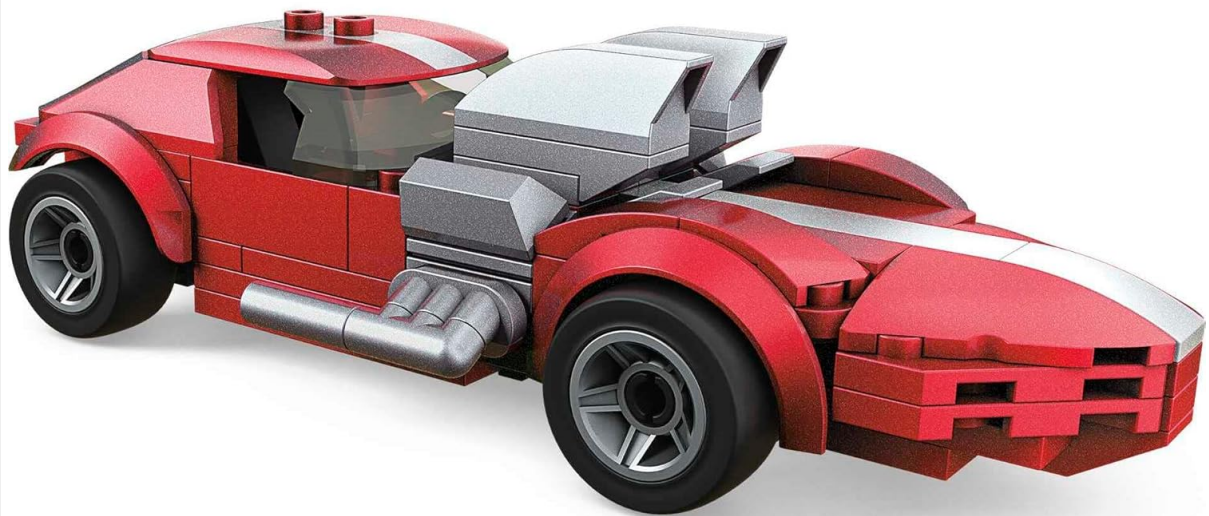

Image: The fully assembled red Twin Mill racecar and the accompanying micro action figure, ready for play.

SETUP: BUILDING INSTRUCTIONS

Follow the step-by-step instructions provided in the included booklet to assemble your Twin Mill racecar. Ensure all 101 pieces are accounted for before beginning construction.

1. Unpack all building pieces and the micro action figure from the box.
2. Refer to the instruction booklet for detailed visual guides on connecting each piece.
3. Carefully snap pieces together, ensuring a secure fit.
4. Once the car is assembled, the micro action figure can be placed in the driver's seat.

Image: A child's hands are shown carefully connecting building blocks to construct the Twin Mill racecar.

Image: Various building pieces for the Twin Mill racecar are laid out, with a tablet in the foreground showing digital assembly instructions.

The building pieces are designed to be compatible with other MEGA Construx building sets and major building block brands, allowing for expanded creative possibilities and custom model creation.

Image: An orange and a blue building block are shown, illustrating the compatibility of the pieces with other major building block brands.

OPERATING THE TWIN MILL RACECAR

Once assembled, the Twin Mill racecar is ready for play. The vehicle features rolling wheels for dynamic movement.

- **Driver Placement:** Gently place the micro action figure into the driver's seat of the racecar. The car's roof can be removed to facilitate easier placement.
- **Movement:** Push the car along a flat surface to simulate racing. The wheels are designed to roll smoothly.
- **Customization:** The modular design allows for parts to be interchanged with other compatible building sets to create unique vehicle designs.

Image: The micro action figure is shown being lowered into the driver's seat of the Twin Mill racecar, with arrows indicating the placement.

Image: A child is shown smiling and pushing the assembled Twin Mill racecar across a surface, demonstrating play.

MAINTENANCE

To ensure the longevity of your building set, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the building pieces and figure with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent discoloration or warping of plastic components.
- **Disassembly:** If disassembling the set, do so carefully to avoid damaging the connection points of the blocks.

TROUBLESHOOTING

If you encounter any issues with your building set, consider the following:

- **Missing Pieces:** Carefully check the packaging and surrounding area for any small pieces that may have been overlooked. If pieces are genuinely missing, contact Mattel customer support.
- **Difficulty Assembling:** Refer back to the instruction booklet. Ensure you are using the correct pieces for each step and applying appropriate pressure to connect them.
- **Loose Connections:** Ensure pieces are fully pressed together until they click or feel secure. Over time, connections may loosen with repeated assembly/disassembly.

SPECIFICATIONS

Feature	Detail
Product Model Number	HDJ90
Number of Pieces	101
Product Dimensions	2.5 x 4.75 x 1.75 inches (6.35 x 12.07 x 4.45 cm)
Item Weight	5.6 ounces (158.76 grams)
Manufacturer Recommended Age	5 years and up
Release Date	December 11, 2021
Manufacturer	Mattel
