

NERF F0423

Nerf Elite 2.0 Eaglepoint RD-8 Blaster Instruction Manual

Brand: NERF | Model: F0423

INTRODUCTION

Customize the Nerf Elite 2.0 Eaglepoint RD-8 blaster for any mission! This Nerf dart blaster includes an attachable scope and attachable barrel so you can create different blaster styles as you gear up for Nerf games. Go lean and mean with the core blaster, add the scope to line up your targets, add the barrel for distance targeting -- you're ready for whatever the battle brings with the Eaglepoint RD-8 blaster. The revolving drum has an 8-dart capacity. Fire 8 darts in a row, then reload fast from the onboard dart storage that holds 8 darts. This Nerf Elite 2.0 blaster comes with 16 Official Nerf Elite darts -- 8 darts to load into the drum, and 8 darts to store on the blaster. Take aim and send the darts flying through the air up to 90 feet (27) meters. It has 3 tactical rails to add Nerf accessories (each sold separately, subject to availability). Eyewear recommended (not included). No batteries required. Nerf and all related properties are trademarks of Hasbro.

WHAT'S IN THE BOX

- Blaster
- Scope
- Barrel
- 16 Darts
- Instructions

SETUP

The Nerf Elite 2.0 Eaglepoint RD-8 Blaster comes with detachable components allowing for customization. Follow these steps to set up your blaster:

1. **Attach the Barrel:** Align the barrel attachment with the front of the blaster. Twist it into place until it clicks securely.
2. **Attach the Scope:** Slide the detachable scope onto one of the tactical rails located on top of the blaster. Ensure it slides fully and locks into position.

3. **Load Darts:** Insert up to 8 Official Nerf Elite darts into the revolving drum. The blaster also features onboard dart storage for an additional 8 darts on the stock.

OPERATING INSTRUCTIONS

Once assembled and loaded, your Nerf Elite 2.0 Eaglepoint RD-8 Blaster is ready for action:

1. **Priming the Blaster:** To prime the blaster, slide the bolt backward and then forward. This action prepares a dart for firing.
2. **Firing Darts:** After priming, pull the trigger to fire a dart. The revolving drum will advance to the next dart automatically.
3. **Rapid Firing (Slam-Fire):** For rapid firing, hold down the trigger and repeatedly slide the bolt backward and forward. This will continuously fire darts as you prime.
4. **Reloading:** When the drum is empty, use the onboard dart storage to quickly reload. Simply insert new darts into the empty slots in the drum.

MAINTENANCE

To ensure the longevity and optimal performance of your Nerf blaster, follow these maintenance tips:

- **Dart Care:** Keep your Official Nerf Elite darts clean and free from debris. Avoid bending or crushing darts, as this can affect performance and cause jams.
- **Blaster Cleaning:** Wipe down the blaster with a dry or slightly damp cloth to remove dust and dirt. Do not submerge the blaster in water.
- **Storage:** Store the blaster and darts in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

If you encounter issues with your Nerf Elite 2.0 Eaglepoint RD-8 Blaster, consider the following:

- **Dart Jams:** If a dart gets stuck, ensure the blaster is unprimed. Carefully remove the jammed dart from the barrel or drum. Do not force the priming mechanism.
- **Poor Firing Range:** Check the condition of your darts. Worn, bent, or damaged darts can significantly reduce firing range. Use only Official Nerf Elite darts.

- **Priming Issues:** Ensure the bolt is fully pulled back and pushed forward with a firm motion. Incomplete priming can prevent firing.

SPECIFICATIONS

Feature	Detail
Product Dimensions	2.75 x 21.63 x 10.25 inches
Item Weight	2.74 pounds
Item Model Number	F0423
Manufacturer Recommended Age	8 years and up
Release Date	January 1, 2022
Manufacturer	Hasbro

SAFETY INFORMATION

WARNING: Small parts may be generated. Not for children under 3 years. Eyewear recommended (not included).
