3.3 App Installation and Connection

The Bisofice Mini Thermal Printer operates via a dedicated mobile application. Follow these steps to install and connect:

1. **Download the App:** Search for "PeriPage" in the Google Play Store (for Android) or Apple App Store (for iOS). Alternatively, scan the QR code provided in the product packaging or on the manufacturer's website. A direct download link can be found at <https://www.ileadtek.com/download/app/peripage.html>.
2. **Install and Open:** Install the app on your smartphone and open it.
3. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
4. **Pair Device:** Within the PeriPage app, navigate to the device connection section and select your printer (typically identified by its model or a unique ID). The printer supports Wireless BT 4.0 connectivity.

5. MAINTENANCE

5.1 Cleaning the Print Head

To ensure optimal print quality, periodically clean the print head. Use a soft, lint-free cloth lightly dampened with isopropyl alcohol. Gently wipe the print head surface. Ensure the printer is powered off and completely dry before use.

5.2 Paper Storage

Store thermal paper in a cool, dry place away from direct sunlight and heat to prevent fading and damage.

5.3 Battery Care

For long-term battery health, avoid fully discharging the battery frequently. If storing the printer for an extended period, charge it to approximately 50% and recharge every few months.

6. TROUBLESHOOTING

• **No Print/Blank Print:**

- Check if the paper is loaded correctly with the printing side facing the print head.
- Ensure the printer has sufficient battery charge.
- Verify the Bluetooth connection is active and stable.

• **Poor Print Quality:**

- Clean the print head as described in Section 5.1.
- Ensure you are using high-quality thermal paper.
- Adjust print density settings within the PeriPage app if available.

• **Connection Issues:**

- Restart both the printer and your smartphone.
- Forget the device in your phone's Bluetooth settings and re-pair.
- Ensure the printer is within the Bluetooth range of your device.

• **Paper Jam:**

- Power off the printer.
- Carefully open the cover and remove any jammed paper. Avoid tearing the paper inside the mechanism.
- Reload paper correctly and close the cover.
