Transformers Studio Series 86-11 Deluxe Class Perceptor Action Figure Instruction Manual

PRODUCT OVERVIEW

The Transformers Studio Series 86-11 Deluxe Class Perceptor action figure is a collectible item inspired by iconic scenes from *The Transformers: The Movie*. This 4.5-inch figure features vivid, movie-inspired deco and is highly articulated for various posing options. It converts between two iconic modes: robot and microscope.

The figure is designed to reflect the character's size and appearance from the film, making it a detailed representation for collectors and fans aged 8 and up.

PACKAGE CONTENTS

- Perceptor Action Figure (Model F3164)
- Blaster Accessory
- Removable Backdrop (Battle of Autobot City scene)

SAFETY INFORMATION

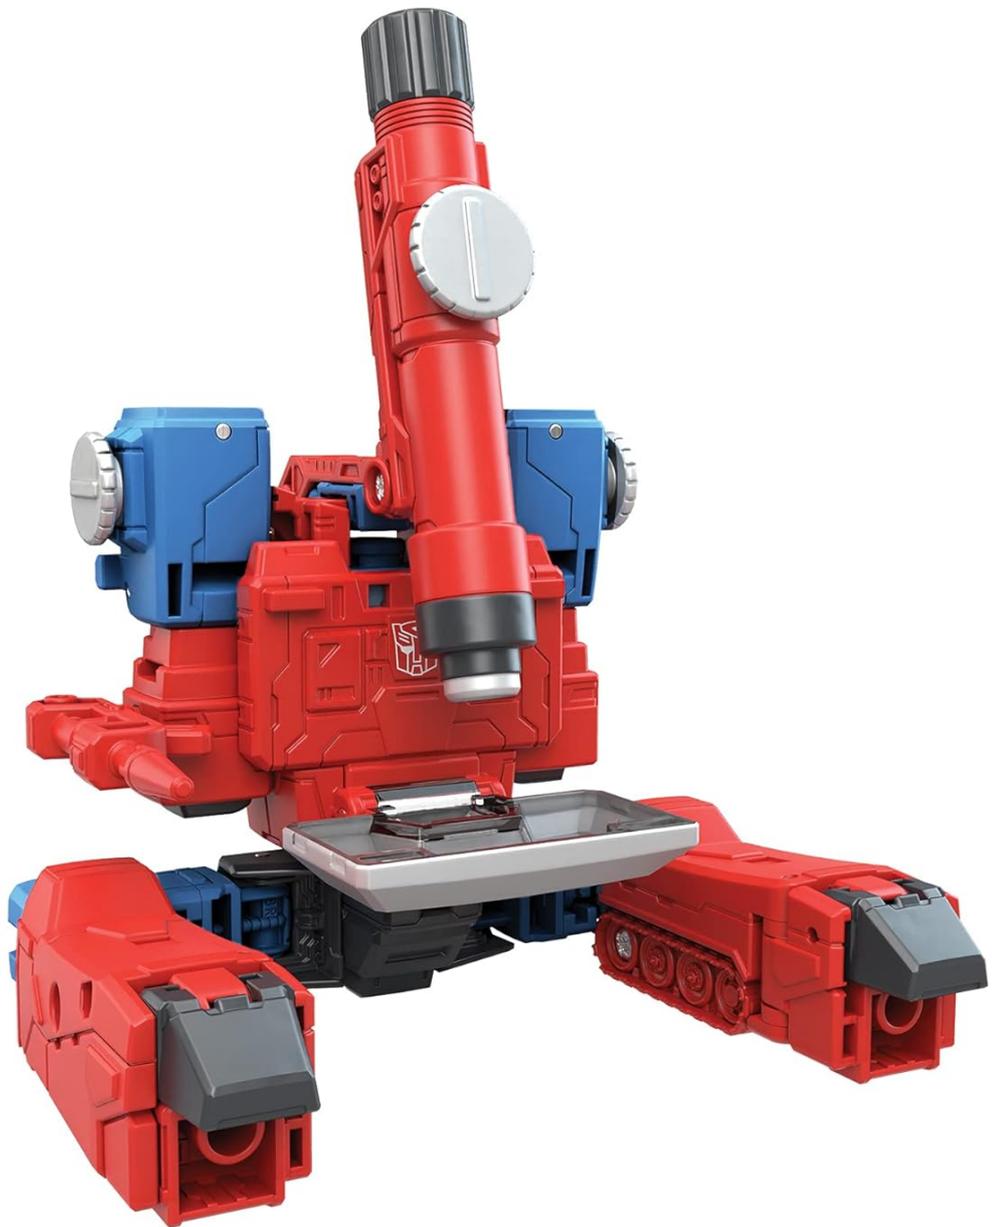

WARNING: CHOKING HAZARD – Small parts may be generated. Not for children under 3 years.

This product is recommended for ages 8 years and up. Adult supervision is advised for younger users during initial transformation.

TRANSFORMATION INSTRUCTIONS

The Perceptor figure features a classic conversion between robot and microscope modes in 20 steps. This process requires careful manipulation of the figure's joints and panels. Refer to the visual guide on the product packaging for detailed step-by-step illustrations.

Conversion Steps Overview

To convert the figure from one mode to another, follow these general guidelines:

1. **Identify Key Joints:** Locate all movable joints and hinges on the figure.
2. **Careful Manipulation:** Gently articulate each part, following the intended transformation sequence. Avoid forcing parts, as this may cause damage.
3. **Panel Alignment:** Ensure all panels and tabs are correctly aligned and secured in their respective slots for a complete transformation.
4. **Accessory Integration:** The blaster accessory can be integrated into both modes as per the design.

For a visual guide to the 20-step transformation, refer to the diagrams provided on the back of the product packaging.

POSING AND DISPLAY

The Perceptor figure is highly articulated, allowing for a wide range of poses. Utilize the various joints to recreate dynamic scenes or display the figure in a static pose.

The included removable backdrop, depicting the Battle of Autobot City scene, can be used to enhance your display. Simply place the figure in front of the backdrop to recreate the iconic movie moment where Perceptor observes incoming enemies.
