Daylight Company Smart Go Portable LED Lamp Instruction Manual

Model: DN1370

INTRODUCTION

The Daylight Company Smart Go Portable LED Lamp is designed for versatile lighting needs in various settings. This rechargeable lamp provides bright, natural light with high color rendering, making it suitable for reading, crafts, desk work, and more. Its compact and lightweight design ensures portability and ease of use.

Key Features:

- Portable and lightweight design for active lifestyles and compact spaces.
- Multifunctional use as a table lamp for various tasks.
- Easy charging via USB cable with a battery level indicator.
- Powerful LEDs providing authentic daylight illumination with 95+ CRI.
- Up to 6.5 hours of uninterrupted illumination on a single charge (lower brightness setting).
- Designed and engineered in the UK.

PACKAGE CONTENTS

- Daylight Company Smart Go Portable LED Lamp (Model DN1370)
- USB Charging Cable
- Instruction Manual

SETUP

1. **Unfold the Lamp:** Gently unfold the lamp from its compact, flat position until the light panel is upright and the base is stable.
2. **Charging:**
 - Locate the USB charging port on the base of the lamp.
 - Connect the provided USB cable to the lamp's charging port and to a compatible USB power source (e.g., laptop, wall adapter).
 - The battery level indicator lights on the base will illuminate to show charging status. A full charge takes approximately 7.5 hours.

Smart GoTM

RECHARGEABLE LAMP

MAINTENANCE

- **Cleaning:** Wipe the lamp with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, fold the lamp into its compact form and store it in a dry place away from direct sunlight.
- **Battery Care:** To prolong battery life, avoid fully discharging the lamp frequently. Charge it regularly, even if not in constant use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	Battery is discharged.	Connect the lamp to a power source using the USB cable and charge it for at least 7.5 hours.
Light is dim.	Low battery or brightness setting is too low.	Charge the lamp or press the power button to cycle to a higher brightness setting.
Lamp does not charge.	Faulty USB cable or power source.	Try a different USB cable or power adapter. Ensure the cable is securely connected.
