Hot Wheels Monster Trucks Stunt Tire Playset

MODEL: HHY74

1. Introduction

This manual provides instructions for the assembly, operation, and care of your Hot Wheels Monster Trucks Stunt Tire Playset. This playset is designed for interactive play, featuring a tire-shaped case that transforms into an extensive race course for Hot Wheels Monster Trucks and 1:64 scale vehicles. It includes elements for launching vehicles, performing stunts, and scoring.

2. Package Contents

Please verify that all components listed below are present in your package:

- 1 Hot Wheels Monster Truck Stunt Tire Playset (includes track and launcher)
- 3 Hot Wheels Monster Trucks
- 3 Hot Wheels 1:64 Scale Vehicles

3. Setup

Follow these steps to set up your Stunt Tire Playset:

1. **Unfold the Tire:** The playset is initially in a compact tire shape. Carefully open the tire to reveal the internal track components. Ensure all locking mechanisms click into place to secure the track sections.

4. Operating Instructions

Engage in exciting stunt action with your playset:

1. **Load Vehicles:** Place either one Monster Truck or up to two 1:64 scale Hot Wheels cars onto the slam launcher.
2. **Launch:** Firmly press down on the slam launcher to propel the vehicle(s) forward along the track.

5. Maintenance

To ensure the longevity and optimal performance of your playset:

- **Cleaning:** Wipe the playset surfaces with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, fold the playset back into its tire shape for compact storage. This also helps protect the track components.
- **Inspection:** Periodically check for any loose or damaged parts. Discontinue use if significant damage is observed.

6. Troubleshooting

If you encounter any issues, refer to the following table:

Problem	Possible Cause	Solution
Vehicles do not launch effectively.	Insufficient force on launcher; vehicle not positioned correctly.	Ensure vehicle is centered on the launcher. Apply firm, quick pressure to the launcher.
Playset does not stay unfolded.	Locking mechanisms not fully engaged.	Press firmly on all connecting points until they click into place.
Vehicles frequently fall off track.	Track sections not aligned; excessive launch force.	Check all track connections for proper alignment. Adjust launch force as needed.
