## ApexDesk ET60BAM

# ApexDesk Elite Pro Series Electric Height Adjustable Standing Desk User Manual

Model: ET60BAM

## 1. INTRODUCTION

Welcome to the ApexDesk Elite Pro Series Electric Height Adjustable Standing Desk. This manual provides essential information for the proper assembly, operation, and maintenance of your new desk. Designed for ergonomic comfort and versatility, this desk allows you to seamlessly switch between sitting and standing positions, promoting a healthier work environment.

## 2. PRODUCT FEATURES

- **Electric Height Adjustment:** Equipped with a powerful dual motor system, this desk supports a load capacity of up to 235 lbs (106.6 kg). The robust frame and durable materials ensure stability for daily use, whether for work, study, or gaming.
- **Programmable Controller:** The memory controller features 4 preset settings, allowing for easy adjustment of the desk height from 30 inches (76.2 cm) to 49 inches (124.5 cm) with a single touch. This feature supports flexible posture changes throughout the day.
- **Spacious Work Surface:** The solid 1-inch (2.54 cm) thick top with slanted edges provides a generous work surface of 60 x 27 inches (152.4 x 68.6 cm), accommodating multiple monitors, laptops, and other essentials. A 10.5-inch (26.7 cm) straight edge section at the back mid-section is designed for C-clamp mounted equipment.

- **Cable Management:** Integrated cable management features help organize and conceal wires, contributing to a clean and clutter-free desk setup.
- **Easy Assembly:** The desk is designed for straightforward assembly, typically completed within an hour.

### 3. SETUP INSTRUCTIONS

Follow these steps for a smooth and efficient assembly of your ApexDesk Elite Pro Series desk. It is recommended that two people assemble the desk due to the weight of the components.

1. **Unpack Components:** Carefully unpack all components and verify against the packing list. Ensure all parts are present and undamaged.
2. **Assemble Frame:** Attach the desk legs to the crossbar according to the provided instructions. Ensure all screws are tightened securely.
3. **Attach Desktop:** Carefully place the desktop onto the assembled frame. Align the pre-drilled holes and secure the desktop to the frame using the provided hardware.
4. **Connect Electronics:** Connect the motor cables to the control box and the control box to the power supply. Mount the programmable controller to the underside of the desk in the designated location.
5. **Cable Management:** Utilize the integrated cable management tray to neatly route and secure all power and data cables. This prevents tangling and ensures smooth operation during height adjustments.

## 4. OPERATING INSTRUCTIONS

Your ApexDesk Elite Pro Series desk is designed for intuitive operation. The programmable controller allows for quick and precise height adjustments.

### 4.1. Basic Height Adjustment

To adjust the desk height, use the UP (▲) and DOWN (▼) arrow buttons on the controller. The digital display will show the current height in inches.

### 4.2. Programming Preset Heights

The controller features 4 memory preset buttons (1, 2, 3, 4) to store your preferred sitting and standing heights.

1. Adjust the desk to your desired height using the UP/DOWN arrows.
2. Press the 'M' button. The display will show 'S-'.
3. Within 3 seconds, press the desired preset button (1, 2, 3, or 4). The display will show 'S-1', 'S-2', etc., indicating the height has been saved.
4. To recall a saved height, simply press the corresponding preset button (1, 2, 3, or 4). The desk will automatically move to the stored position.

### 4.3. Quiet Operation

The dual motor system operates quietly, ensuring minimal disturbance during height adjustments in any office or home environment.

## 5. MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your ApexDesk Elite Pro Series desk.

- **Cleaning:** Wipe the desktop surface with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Motor and Frame:** Periodically check all screws and bolts to ensure they are tight. Do not lubricate the motor or moving parts unless specifically instructed by ApexDesk support.
- **Cable Inspection:** Regularly inspect all cables for any signs of wear, fraying, or damage. Replace damaged cables immediately to prevent electrical hazards.
- **Weight Limit:** Do not exceed the maximum weight recommendation of 235 lbs (106.6 kg) on the desktop.

## 6. TROUBLESHOOTING

If you encounter any issues with your desk, refer to the following common troubleshooting steps:

- **Desk Not Moving:**

- Check if the power cord is securely plugged into both the desk and a working wall outlet.
- Ensure all motor cables are properly connected to the control box.
- If the display shows an error code, refer to the full ApexDesk troubleshooting guide online or contact support.

- **Uneven Movement:**

- Ensure the desk is placed on a flat, level surface.
- Verify that the weight on the desk is evenly distributed and does not exceed the maximum capacity.

- **Noise During Operation:**

- A slight hum is normal during operation. Excessive or unusual noises may indicate an issue. Check for any obstructions under the desk.

For persistent issues or advanced troubleshooting, please contact ApexDesk customer support.

## 7. SPECIFICATIONS
