Sonitum BM5P

Sonitum Premium Classroom Headphone & Mic Set

Model: BM5P | Brand: Sonitum

1. INTRODUCTION

This manual provides instructions for the Sonitum Premium Classroom Headphone & Mic Set. This product is designed for clear audio communication and listening in educational and professional environments, such as e-learning, meetings, and calls. The set includes multiple units, making it suitable for bulk use in classrooms or offices. These headphones feature a 3.5mm jack for broad compatibility, an integrated microphone, and a comfortable, durable design.

2. SAFETY INFORMATION

- **Hearing Protection:** Avoid prolonged listening at high volume levels to prevent hearing damage.
- **Cleaning:** Use a soft, dry cloth for cleaning. Do not use liquid cleaners or aerosols.
- **Water Exposure:** Keep the headphones away from water and moisture. This product is not waterproof.
- **Storage:** Store in a cool, dry place. Avoid extreme temperatures.
- **Children:** Ensure children use the headphones under supervision, especially regarding volume levels and cable handling.

3. PACKAGE CONTENTS

The Sonitum Premium Classroom Headphone & Mic Set package includes:

- Headphones with integrated microphone
- Attached 3.5mm audio cable

Note: This product is typically sold in bulk packs (e.g., 5 or 10 units). The quantity of items will correspond to the specific pack purchased.

4. SETUP

The Sonitum headphones are designed for plug-and-play functionality, requiring no additional drivers or software installation.

1. **Identify the Audio Port:** Locate the 3.5mm audio jack on your device (laptop, desktop, tablet, smartphone, etc.). This port is commonly marked with a headphone icon.
2. **Connect the Headphones:** Insert the 3.5mm plug from the headphone cable firmly into your device's audio jack.
3. **Adjust Volume:** Once connected, adjust the volume on your device to a comfortable listening level.

PLUG & PLAY CONNECTIVITY WITH 99.99% OF DEVICES
Compatible with almost all desktop computers, laptops, tablets, phones, and smart devices out there

5. OPERATING INSTRUCTIONS

These headphones are designed for ease of use, providing clear audio and reliable microphone performance.

1. **Wearing the Headphones:** Place the earcups over your ears. The soft ear cushions are designed for comfort during extended use.

2. **Adjusting the Headband:** The headband is adjustable. Gently slide the earcups up or down to achieve a secure and comfortable fit for both adults and children.

3. **Using the Microphone:** The integrated microphone is positioned on the cable. Ensure it is close enough to your mouth for clear voice pickup during calls or recordings. Most devices will automatically detect the microphone upon connection.

4. **Sound Isolation:** The on-ear design provides passive sound isolation, helping to reduce external distractions and keep audio focused.

6. MAINTENANCE

Proper care and maintenance will extend the lifespan of your Sonitum headphones.

- **Cleaning:** Wipe the earcups and headband with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials.

- **Cable Care:** Avoid sharp bends or excessive pulling on the cable to prevent internal damage. The cable is designed with extra thickness for durability.

- **Storage:** The headphones feature swivel cups, allowing them to lay flat for compact storage. Store them neatly to prevent tangling and damage.
- **Durability:** The bendable material construction enhances durability, but avoid excessive force or twisting.

7. TROUBLESHOOTING

If you encounter issues with your Sonitum headphones, refer to the following common solutions:

Problem	Possible Cause	Solution
No sound from headphones	- Loose connection - Device volume too low - Incorrect audio output selected	- Ensure 3.5mm jack is fully inserted. - Increase device volume. - Check device audio settings and select headphones as output.

| Problem	Possible Cause	Solution
Microphone not working	- Loose connection - Incorrect audio input selected - Microphone muted in software	- Ensure 3.5mm jack is fully inserted. - Check device audio settings and select headphones as input. - Unmute microphone in application settings (e.g., Zoom, Teams).
Sound quality is poor	- Loose connection - Source audio quality - Damaged cable/jack	- Reseat the 3.5mm jack. - Test with a different audio source. - If problem persists, contact support.

8. SPECIFICATIONS
