## Host 9923

# HOST Insta-Chill Can Cooler User Manual

Model: 9923 | Brand: Host

## INTRODUCTION

The HOST Insta-Chill Can Cooler is designed to keep your 12 oz standard cans cold using active cooling gel technology. It can chill room temperature beverages in approximately 10 minutes and maintain their cold temperature for an extended period. Its flexible neoprene design ensures a comfortable grip and allows for versatile use as a flat cold pack.

## KEY FEATURES

- **Fits Regular 12 oz Cans:** Specifically designed for standard 12 oz beverage cans, ensuring a snug fit for optimal cooling.
- **Active Cooling Gel:** Contains proprietary freezable active cooling gel that actively chills drinks.
- **Neoprene Construction:** Durable neoprene exterior provides insulation and a comfortable grip, keeping your hands warm.
- **Velcro Closure:** Features a slim velcro strip for secure wrapping around cans.
- **2-in-1 Ice Pack Functionality:** Unfolds into a flat, flexible cold pack for use in coolers or travel bags.
- **Rapid Chilling:** Capable of chilling room temperature drinks in approximately 10 minutes.

## SETUP AND USAGE

- Preparation:** Before first use, and for each subsequent use, place the Insta-Chill Can Cooler in a freezer for at least 1 hour. Ensure the cooler is laid flat to allow the active cooling gel to distribute evenly.

# 2-IN-1 ICE PACK

## WITH ACTIVE CHILLING GEL

Simply unfold the can cooler into a flat, flexible cold pack to use in coolers or travel bags.

FREEZE  
AT LEAST  
ONE HOUR  
BEFORE USE

4. **Enjoy:** The active cooling gel will work to chill your drink and keep it cold for an extended period.

## MAINTENANCE AND CARE

---

- **Cleaning:** Hand wash only. Do not machine wash or put in a dishwasher.
- **Drying:** Allow to air dry completely before storing or refreezing.
- **Storage:** Store in a clean, dry place when not in use. Can be stored in the freezer for continuous readiness.
