

ShineTech B09CKTSSCF

ShineTech 3-Light Modern Chrome Vanity Light Fixture Instruction Manual

Brand: ShineTech | Model: B09CKTSSCF

1. SAFETY INFORMATION

Please read these instructions carefully before installation and use. Retain this manual for future reference.

- **Electrical Safety:** Always turn off the main power supply at the circuit breaker before beginning any electrical work. Ensure proper grounding. If you are unsure about electrical installations, consult a qualified electrician.
- **Bulb Replacement:** To avoid the risk of fire, electric shock, or injury, turn off and unplug the unit and allow it to cool before replacing the lamp. Do not touch the bulb when the device is turned on or look directly at the light bulb. Keep away from flammable materials.
- **Environmental Considerations:** This fixture is designed for indoor use. One customer review indicated potential rust issues in high-humidity environments like bathrooms over time. While the product features a chrome finish, prolonged exposure to excessive moisture may affect its longevity. Consider this when choosing an installation location.
- **Assembly:** Do not connect the power supply until your device is fully assembled.

2. PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with installation.

- Vanity Light Fixture (1)
- Crystal Glass Shades (3)
- Mounting Hardware (screws, wire nuts, mounting plate)
- Installation Instructions (this manual)

Note: Bulbs are not included.

3. SPECIFICATIONS

Feature	Detail
Brand	ShineTech
Model	B09CKTSSCF
Color	Chrome
Material	Glass, Stainless Steel
Style	Modern
Light Fixture Form	Vanity
Indoor/Outdoor Usage	Indoor
Control Method	Push Button (via wall switch)
Finish Type	Chrome Finish
Number of Light Sources	3
Recommended Wattage	Max 40 watts per bulb
Recommended Bulb Base	G9 Base
Mounting Type	Wall Mount
Item Weight	6.56 pounds
Package Dimensions	16.69 x 9.53 x 7.09 inches
Plug Format	A- US style

Recommended Bulbs
(MAX 40W/ Light)
Bulbs are not included

4. SETUP AND INSTALLATION

Before starting, ensure the power is turned off at the circuit breaker. It is recommended to have a second person assist with installation.

- 1. Mount the Base:** Secure the mounting plate to the wall junction box using the provided screws. Ensure it is firmly attached.
- 2. Connect Wires:** Carefully connect the electrical wires from the fixture to the corresponding wires in the junction box (live to live, neutral to neutral, ground to ground) using wire nuts. Ensure all connections are secure.
- 3. Fasten Fixture:** Align the fixture with the mounting plate and secure it using the provided screws. Ensure the fixture is flush against the wall and stable.
- 4. Place Shades:** Gently place each crystal glass shade onto its respective lamp holder. Use the removal tool (if provided) to fasten the shade securely.
- 5. Install Bulbs:** Insert the recommended G9 base bulbs (max 40W each, not included) into the lamp holders.

5. OPERATING INSTRUCTIONS

Once installed, the fixture operates via a standard wall switch (not included). Ensure compatible G9 base bulbs are installed.

- **Power On/Off:** Use the wall switch connected to the fixture to turn the lights on or off.
- **Light Direction:** The fixture can be mounted with the lights facing either upwards or downwards, depending on your preference and desired lighting effect.
- **Color Temperature:** The light color temperature (e.g., Warm White, Daylight White) will depend on the specific G9 bulbs you choose to install.

Warm White

Daylight White

6. MAINTENANCE

Regular maintenance helps preserve the appearance and functionality of your light fixture.

- **Cleaning:** To clean the fixture, ensure the power is off and the fixture is cool. Wipe the chrome finish and crystal shades with a soft, dry, or slightly damp cloth. Avoid using abrasive cleaners, solvents, or polishes, as these can damage the finish.
- **Bulb Replacement:** Refer to the 'Safety Information' section for guidelines on safe bulb replacement.
- **Inspection:** Periodically check for any loose connections or signs of wear. If any issues are found, turn off the power and consult a qualified electrician.

7. TROUBLESHOOTING

If you encounter issues with your light fixture, refer to the following common troubleshooting steps:

- **Light Does Not Turn On:**

- Check the main power supply at the circuit breaker to ensure it is on.
- Verify that the wall switch is in the 'ON' position.
- Ensure bulbs are correctly installed and not burnt out. Replace if necessary.
- Check wire connections at the junction box for any looseness (ensure power is off before checking).

- **Flickering Lights:**

- Ensure bulbs are fully screwed in and making proper contact.
- Check for loose wiring connections (with power off).
- Test with new bulbs to rule out faulty bulbs.

- **Rust or Discoloration:**

- As noted in safety information, this fixture may be susceptible to rust in high-humidity environments. Ensure adequate ventilation in bathrooms or consider alternative fixtures for such locations.
- Clean regularly with a soft, dry cloth to prevent moisture buildup.

If these steps do not resolve the issue, contact customer support.

8. WARRANTY AND SUPPORT

For warranty information or technical support, please contact ShineTech customer service through the retailer where the product was purchased or refer to the official ShineTech website for contact details.

Please have your model number (B09CKTSSCF) and purchase date available when contacting support.
