Sonew Mini Cleaning Brush User Manual

Model: Sonewq2ne9ax08u3101

1. PRODUCT OVERVIEW

The Sonew Mini Cleaning Brush is designed for effective cleaning of small appliances, particularly shavers, razors, and hair clippers. Its compact size and durable materials make it ideal for reaching tight spaces and removing debris.

Figure 1: Sonew Mini Cleaning Brush. This image shows the overall design of the black cleaning brush with its handle and bristles.

Figure 2: Brush held in hand. This image demonstrates the compact size of the brush, held comfortably in an adult's hand, highlighting its portability.

Key Features:

- **Efficient Cleaning:** Designed to quickly clean corners and dead spaces of shavers and clippers.
- **Ergonomic Handle:** Features an anti-slip PP handle for easy and secure gripping.
- **Durable Bristles:** Made with high-quality nylon bristles that are soft, comfortable, and resistant to deformation and shedding.
- **Portable Design:** Lightweight and compact, allowing for easy storage and use anywhere.
- **Versatile Use:** Suitable for small household appliances, computer accessories, and general household cleaning.

Figure 3: Material composition. This image illustrates the PP material used for the handle, emphasizing its strength and durability, and the nylon bristles, highlighting their cleanliness and non-shedding properties.

APPEARANCE HUMANIZED DESIGN, COMPACT AND FLEXIBLE, MAKING THE PRODUCT MORE PRACTICAL.

Figure 4: Humanized design. This image showcases the compact and flexible design of the brush, making it practical for various cleaning tasks.

2. SETUP

The Sonew Mini Cleaning Brush requires no complex setup. It is ready for use directly out of its packaging.

Unpacking:

1. Carefully remove the cleaning brush from its packaging.
2. Inspect the brush for any visible damage. If damaged, contact customer support.

3. OPERATING INSTRUCTIONS

Using the Sonew Mini Cleaning Brush is straightforward. Follow these steps for optimal cleaning results:

1. **Identify Area to Clean:** Locate the specific area on your shaver, razor, or other appliance that requires cleaning. This typically includes blades, guards, and internal mechanisms where hair or debris accumulates.
2. **Position the Brush:** Hold the brush by its PP handle. The anti-slip design ensures a firm grip.
3. **Brush Away Debris:** Gently insert the nylon bristles into the crevices and tight spaces. Use short,

sweeping motions to dislodge and remove hair, dust, and other particles.

4. **Utilize Tail Hook (if applicable):** For extremely tight corners or stubborn debris, the pointed tail hook on the handle can be used to carefully scrape or dislodge material.

Figure 5: Versatile applications. This image demonstrates the brush's utility across various items, including home appliances like shavers and coffee makers, computer accessories, and for general household cleaning.

TAIL HOOK DESIGN

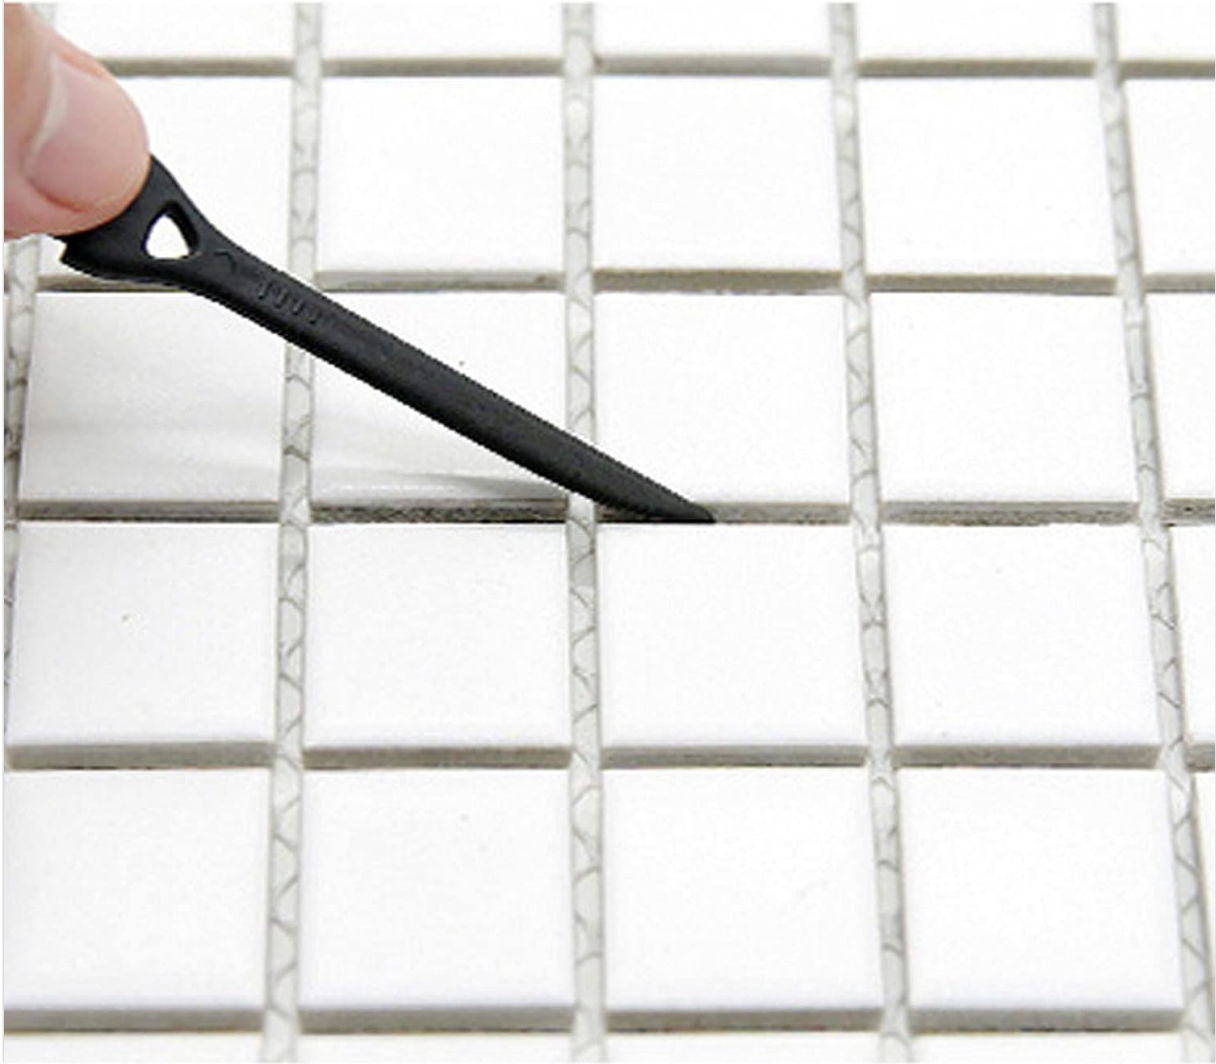

Figure 6: Tail hook design. This image highlights the small, pointed tail hook at the end of the handle, useful for cleaning very tight corners and dead spaces.

Note: Always ensure the appliance is turned off and unplugged before cleaning, especially for electrical devices.

4. MAINTENANCE

Proper maintenance of your Sonew Mini Cleaning Brush will ensure its longevity and effectiveness.

- **Cleaning the Brush:** After each use, tap the brush gently to remove any trapped debris. If necessary, you can rinse the nylon bristles under cool water.
- **Drying:** If rinsed, allow the brush to air dry completely before storing. Do not expose to direct heat.
- **Storage:** Store the brush in a clean, dry place away from direct sunlight and extreme temperatures.
- **Avoid Harsh Chemicals:** Do not use strong chemical cleaners on the brush, as this may damage the bristles or the handle material.

TAIL HOOK
THE SMALL TAIL HOOK ADDS BEAUTY, CLEANS THE CORNER AND THE DEAD CORNER POSITION

Figure 7: Brush hair quality. A close-up view of the nylon bristles, highlighting their wear resistance and high temperature resistance, ensuring durability.

5. TROUBLESHOOTING

This section addresses common issues you might encounter with your cleaning brush.

Problem	Possible Cause	Solution
Brush not cleaning effectively.	Bristles are clogged with debris or worn out.	Clean the bristles thoroughly. If bristles are visibly worn, consider replacing the brush.
Bristles are deforming or shedding.	Excessive force during cleaning or exposure to high temperatures/harsh chemicals.	Use gentle pressure. Avoid hot water or strong cleaning agents. Ensure proper drying and storage.
Handle feels slippery.	Residue on the handle or wet hands.	Wipe the handle clean with a dry cloth. Ensure hands are dry during use.

6. SPECIFICATIONS

Brand	Sonew
Model Number	Sonewq2ne9ax08u3101
ASIN	B09CM6W32S
Material	PP (Polypropylene) for handle, Nylon for bristles
Color	Black
Dimensions (Package)	7.9 x 3.9 x 2.9 cm
Weight (Package)	20 g
Special Features	Anti-slip handle, Stable, Tail hook design
Country of Origin	China

7. WARRANTY AND SUPPORT

For information regarding warranty, returns, or technical support, please refer to the retailer's policy where the product was purchased or contact Sonew customer service directly.

While specific warranty details are not provided in this manual, general product support can often be found through the following channels:

- **Retailer Support:** Contact the online or physical store from which you purchased the product.
- **Manufacturer Website:** Visit the official Sonew website for potential support resources or contact information.

Please retain your proof of purchase for any warranty claims or support inquiries.
