## hauck Sleep N Play Center

# hauck Sleep N Play Center

Portable Baby Travel Cot with Bassinet, Changing Table & Playpen

### INTRODUCTION

---

This manual provides essential instructions for the safe and proper use, assembly, and maintenance of your hauck Sleep N Play Center. This versatile product functions as a portable travel cot, bassinet, changing table, and playpen, designed for infants and toddlers.

## **IMPORTANT SAFETY INFORMATION**

**WARNING:** Failure to follow these instructions could result in serious injury or death. Keep these instructions for future reference.

- Always follow assembly instructions carefully.
- Use the changing table with the safety belt securely fastened.
- Keep the playpen on a flat, stable surface.
- Do not leave your child unattended in the playpen or bassinet.
- This product is intended for children aged 0-36 months.
- Always supervise children when using this product.
- Ensure all locking mechanisms are engaged before placing a child in the cot.
- Do not use if any parts are broken, torn, or missing.
- Only use the mattress/pad provided by the manufacturer.

## **SETUP INSTRUCTIONS**

## 1. Unfolding the Travel Cot

1. Remove the travel cot from its carry bag.
2. Stand the cot upright and separate the legs slightly.
3. Pull the two short sides upwards until they lock into place. Ensure the locking mechanisms click securely.
4. Repeat for the two long sides.
5. Push the center of the base downwards until it lies flat and is fully extended.
6. Place the provided mattress/pad firmly into the base of the cot.

## 2. Attaching the Bassinet (Newborn Level)

1. Locate the bassinet attachment points inside the cot, typically near the top rails.
2. Securely fasten the bassinet fabric to these points using the provided clips or zippers.
3. Ensure the bassinet is level and firmly attached before placing the mattress/pad inside.

### 3. Attaching the Changing Table

1. Position the changing table over one of the cot's long sides.
2. Hook the changing table's clips onto the cot's top rails.
3. Verify that the changing table is stable and securely attached. Always use the integrated safety belt when changing your baby.

## OPERATING INSTRUCTIONS

---

### Using as a Bassinet (Newborn Level)

The elevated bassinet level is suitable for newborns and provides a comfortable, easily accessible sleeping area. Always ensure the bassinet is securely attached and the mattress is flat.

### Using the Changing Table

The changing table offers a convenient surface for diaper changes. Always secure your baby with the safety belt provided and never leave them unattended.

### Using as a Playpen

Once your child can sit up unaided or reaches the weight limit for the bassinet, remove the bassinet level and use the cot as a playpen. The mesh sides allow for easy monitoring, and the side exit provides independent access for toddlers.

## Fast and Easy Setup

### Unfolded

Height: 82 cm  
Length: 125 cm  
Width: 68.5 cm

### Folded

Height: 76.5 cm  
Length: 21 cm  
Width: 22 cm

### Folding for Storage and Travel

1. Remove the mattress/pad, changing table, and bassinet (if installed).
2. Lift the center of the base slightly.
3. Locate the release buttons/levers on the middle of each top rail. Press and hold these while gently pushing the rails downwards to unlock them.
4. Once all four rails are unlocked, push the center of the base upwards to fold the cot.
5. Secure the folded cot with the mattress/pad wrapped around it, then place it in the carry bag.

## MAINTENANCE AND CARE

- **Cleaning:** Wipe with a damp cloth. Do not use abrasive cleaners or bleach.
- **Storage:** Store in a dry, well-ventilated area when not in use. Keep away from direct sunlight and extreme temperatures.
- **Inspection:** Regularly check all parts for wear, damage, or loose fasteners. Discontinue use if any damage is found.

## TROUBLESHOOTING

| Problem                                 | Possible Cause                        | Solution  |
|---|---------------------------------------|---|
| Cot does not fully lock when unfolding. | Center base is pushed down too early. | Lift the center base slightly, ensure all top rails are locked into place first, then push the center base down firmly. |
| Cot does not fold easily.               | Top rails are not fully unlocked.     | Ensure the center base is lifted, then firmly press the release buttons/levers on all four top rails until they unlock. |

| Problem                        | Possible Cause                          | Solution   |
|--------------------------------|---|--|
| Changing table feels unstable. | Not properly hooked onto the cot rails. | Re-attach the changing table, ensuring all clips are securely fastened to the cot's top rails. |
