#### SAFETY INFORMATION

Please read and understand all safety warnings before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Careful Assembly:** Exercise caution during assembly, especially when handling sharp tools or heavy components.
- **Weight Capacity:** Do not overload the sofas or coffee table. The weight capacity for each corner sofa and single sofa is 400 lbs, and for the coffee table is 165 lbs.
- **Cushion Storage:** Keep removable covers and cushions away from children when not in use. Store cushions indoors during inclement weather to prolong their lifespan.
- **Stability:** Ensure all connections are securely tightened before use to prevent instability.

## COMPONENTS LIST

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, contact customer support.

Component	Quantity
Coffee table	1
Corner sofa	2
Armless sofa	4
Seat cushion	6
Back cushion	8
Pillow	2

## SETUP AND ASSEMBLY

Assembly of the PATIOJOY 7-Piece Patio Furniture Set is required. It is recommended to assemble the furniture on a soft, clean surface to prevent scratches. Two people are recommended for assembly.

- Unpack Components:** Carefully remove all parts from the packaging and lay them out. Identify each component using the provided parts list.
- Assemble Sofa Frames:** For each sofa unit (corner and armless), attach the backrest and armrests (if applicable) to the seat frame using the provided screws and tools. *Note: Some users have reported that screw holes may not align perfectly. Apply gentle pressure and ensure proper alignment before fully tightening screws. Do not overtighten.*
- Attach Aluminum Feet:** Securely attach the anti-rust aluminum feet to the bottom of each sofa unit and the coffee table.
- Assemble Coffee Table:** Connect the sides of the coffee table frame and secure the tempered glass top. Ensure the glass is seated firmly and evenly.
- Arrange Units:** Once all individual units are assembled, arrange them in your desired configuration. The flexible design allows for various layouts.
- Place Cushions:** Position the seat cushions, back cushions, and pillows on the respective sofa units.

## OPERATING AND USAGE

Your PATIOJOY patio furniture set is designed for comfortable outdoor relaxation and conversation.

- **Flexible Arrangement:** The modular design allows you to reconfigure the sofas to suit different occasions or spaces, whether for large gatherings or intimate conversations.
- **Comfort:** The thick seat cushions, back cushions, and additional pillows provide optimal comfort for extended periods of use.
- **Coffee Table Use:** The tempered glass coffee table is ideal for holding beverages, snacks, and other small items.

## MAINTENANCE

Proper maintenance will extend the life and appearance of your patio furniture set.

- **Cleaning Rattan and Frame:** Wipe the PE rattan and steel frame with a dry cloth or a damp cloth as needed. Avoid harsh chemicals or abrasive cleaners.
- **Cushion Care:** The cushion covers are removable for easy cleaning. They are waterproof, but it is recommended to put away cushions and pillows on rainy days or during prolonged periods of non-use to prevent excessive moisture exposure and maintain their quality.
- **Glass Top Care:** Clean the tempered glass coffee table top with a glass cleaner and a soft cloth.
- **Seasonal Storage:** During off-season or severe weather, consider storing the furniture indoors or covering it with a protective outdoor furniture cover to prevent damage from extreme temperatures or prolonged exposure to elements.

## TROUBLESHOOTING

This section addresses common issues you might encounter with your patio furniture set.

### **Issue: Difficulty aligning screw holes during assembly.**

**Solution:** This can sometimes occur due to manufacturing tolerances. Do not force screws. Instead, loosen all screws on the connecting parts slightly, gently adjust the alignment, and then gradually tighten all screws evenly. Avoid fully tightening one screw before others are partially engaged. If alignment remains problematic, contact customer support for assistance.

### **Issue: Wicker appears to be deteriorating or melting.**

**Solution:** While the PE rattan is designed to be all-weather, extreme prolonged exposure to direct sunlight and high temperatures without protection can potentially affect its integrity over time. Ensure the furniture is placed in an area with some shade or consider using a furniture cover during peak sun hours or when not in use for extended periods. If significant deterioration occurs, contact the manufacturer.

**Issue: Cushions feel less comfortable or are losing shape.**

**Solution:** Over time, foam padding can compress. Ensure cushions are fluffed regularly. Always store cushions indoors during rain or winter months to prevent moisture damage and maintain their loft and shape. If cushions are severely flattened, replacement cushions may be available from the manufacturer.
