AMIRO AML0009COSSLV

AMIRO High-Brightness LED Desktop Makeup Mirror

MODEL: AML0009COSSLV

Introduction

Thank you for choosing the AMIRO High-Brightness LED Desktop Makeup Mirror. This advanced mirror is designed to provide optimal lighting for makeup application, skincare routines, and detailed grooming. Featuring adjustable brightness, multiple color temperatures, and intelligent motion sensing, it enhances your daily beauty regimen. Please read this manual thoroughly before use to ensure proper operation and maintenance.

Safety Information

- This mirror is equipped with a motion sensor. It automatically turns on when you approach the mirror (within 30cm) and turns off when you move away (after 30 seconds if no movement is detected within 50cm).
- The mirror surface is fragile. Handle with extreme care to prevent breakage.
- Do not expose the mirror to direct sunlight or extreme temperatures.
- Keep out of reach of children.
- Do not disassemble or attempt to repair the device yourself. Contact customer support for assistance.
- Use only the provided USB cable for charging.

Product Features

- **High-Brightness LED Illumination:** Provides up to 1400 Lux for clear and detailed reflection, 3.5 times brighter than typical LED mirrors (400 Lux).
- **Adjustable Brightness:** Six levels of brightness adjustment to suit various environments and preferences.
- **Three Color Temperature Modes:** Easily switch between Natural, Bright, and Warm light settings for different makeup needs.
- **High Color Rendering Index (CRI 97):** Ensures vivid and accurate color representation, crucial for precise makeup application.
- **Smart Motion Sensor:** Automatic on/off functionality for convenience and energy saving.
- **Rechargeable Design:** Cordless operation allows for use anywhere.
- **Space-Saving Base:** Unique design without a traditional pedestal, allowing for efficient use of space.
- **Stable Silicone Base:** The special silicone bottom adheres securely to surfaces, preventing accidental tipping (stable

even at a 45° tilt).

- **8-inch Large Mirror Surface:** Provides a wide and clear view of your face.
- **Adjustable Angle:** The mirror can be freely adjusted to your preferred viewing angle.

Package Contents

Please check that all items are present and in good condition:

- AMIRO High-Brightness LED Desktop Makeup Mirror (AML0009COSSLV)
- 5x Magnifying Mirror (magnetic, attachable to the main mirror surface)
- USB Charging Cable
- User Manual & Warranty Card

Setup

1. **Unpack the Mirror:** Carefully remove all components from the packaging.
2. **Initial Charge:** Before first use, fully charge the mirror using the provided USB cable. Connect the USB cable to the charging port on the back of the mirror and to a compatible USB power adapter (not included). The indicator light will show charging status.
3. **Placement:** Place the mirror on a clean, flat, and stable surface. The special silicone base will help secure it.
4. **Attach Magnifying Mirror (Optional):** If desired, attach the 5x magnifying mirror to any part of the main mirror surface. It is magnetic and will securely hold in place.

Operating Instructions

1. **Power On/Off:** Press the power button (circular icon) on the bottom edge of the mirror to turn the light on or off.
2. **Adjust Brightness:** While the light is on, use the '+' and '-' buttons to cycle through the six brightness levels.
3. **Change Color Temperature:** Double-press the power button to switch between the three color temperature modes: Natural, Bright, and Warm.
4. **Motion Sensor Mode / Constant Light Mode:** The mirror defaults to motion sensor mode. To switch to constant light mode, press and hold the power button for 2 seconds. Repeat to switch back to motion sensor mode.
5. **Adjust Mirror Angle:** Gently tilt the mirror to achieve your desired viewing angle. The arm allows for flexible adjustment.

Maintenance

- **Cleaning the Mirror:** Use a soft, lint-free cloth to wipe the mirror surface. For stubborn smudges, dampen the cloth slightly with water or a mild glass cleaner. Do not spray cleaner directly onto the mirror.
- **Cleaning the Body:** Wipe the mirror body with a dry, soft cloth. Avoid abrasive cleaners or solvents.
- **Storage:** When not in use for extended periods, store the mirror in a dry, cool place.
- **Battery Care:** To prolong battery life, avoid fully discharging the mirror frequently. Charge it regularly.

Troubleshooting

Problem	Possible Cause	Solution
Light does not turn on.	Battery is low or depleted.	Charge the mirror using the USB cable.
Light does not turn on automatically.	Mirror is in constant light mode.	Press and hold the power button for 2 seconds to switch to motion sensor mode.

Problem	Possible Cause	Solution
Motion sensor is not responsive.	Obstruction near the sensor; distance too far.	Ensure no obstructions are blocking the sensor. Approach within 30cm for activation.
Brightness or color temperature cannot be adjusted.	Buttons not pressed correctly.	Ensure single press for brightness (+/-) and double press for color temperature (power button).
Mirror is unstable or slides.	Surface is not clean or smooth.	Clean the surface and the silicone base of the mirror. Ensure the surface is flat.
