FEANDREA Cat Tree House, Rustic Brown PCT112X01 Instruction Manual

Model: PCT112X01

PRODUCT OVERVIEW

The FEANDREA Cat Tree House PCT112X01 is a versatile 2-in-1 furniture piece designed for both your cat's comfort and your home's aesthetic. It features a rustic brown finish with a sturdy steel frame, offering a blend of durability and modern style. This cat tree provides multiple levels for your feline friend to rest, play, and scratch, while also offering a top surface for decorative items.

PACKAGE CONTENTS

Before assembly, please verify that all components listed below are present and undamaged.

- 1 x Cat Tree House (Disassembled components)
- 1 x Assembly Kit (Includes screws, tools, and numbered parts)
- 1 x Anti-tipping Device
- 1 x Instruction Manual
- 2 x Plush Mats

SETUP AND ASSEMBLY

Follow these steps carefully to assemble your cat tree house. It is recommended to have sufficient space and to lay out all parts before beginning.

1. **Unpack Components:** Carefully remove all parts from the packaging. Check against the parts list in the included assembly kit to ensure everything is present.
2. **Identify Numbered Parts:** The components are numbered for easy identification. Refer to the

assembly diagram provided in the separate assembly kit.

3. **Assemble Base Structure:** Begin by connecting the main steel frame components as indicated in the diagram. Ensure all screws are tightened securely.
4. **Attach Wooden Panels:** Secure the rustic brown particleboard panels to the steel frame using the provided screws.
5. **Install Cat Cave:** Assemble the cat cave (niche) and attach it to the designated section of the frame. Ensure the sisal scratching side is correctly oriented.
6. **Mount Scratching Post:** Attach the sisal-wrapped scratching post to its position.
7. **Place Plush Mats:** The plush mats are secured with hook-and-loop fasteners. Place them on the observation platform and inside the cat cave.
8. **Attach Anti-Tipping Device:** For safety, fix the anti-tipping device to the wall using appropriate hardware (not included, as wall types vary). Secure the other end to the cat tree.
9. **Adjust Feet:** Use the adjustable feet at the base to ensure the cat tree is stable and level on uneven floors.

OPERATING INSTRUCTIONS (USAGE)

This cat tree house offers various features for your cat's enjoyment and your convenience.

- **Resting Areas:** Your cat can relax in the cozy cat cave or on the soft plush-covered observation platform.
- **Scratching Surfaces:** The sisal-wrapped post and the sisal side of the cat cave provide designated areas for your cat to sharpen its claws, helping to protect your furniture.
- **Play:** The multi-level design encourages climbing and exploration.
- **Decoration:** The sturdy top surface can be used to display lightweight decorative items, integrating the cat tree seamlessly into your home decor.

MAINTENANCE

Regular maintenance will prolong the life of your cat tree house and ensure a hygienic environment for your pet.

- **Plush Mats:** The plush mats are attached with hook-and-loop fasteners for easy removal. Clean them with a damp cloth. For deeper cleaning, hand wash with mild detergent and air dry.
- **Wooden Surfaces:** Wipe wooden surfaces with a soft, damp cloth. Avoid abrasive cleaners.
- **Sisal Surfaces:** Use a vacuum cleaner or a stiff brush to remove loose fibers and debris from the sisal scratching areas.
- **General Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.

TROUBLESHOOTING AND SAFETY INFORMATION

Adhere to the following guidelines to ensure the safety of your pet and the longevity of the product.

- **Cat Chewing Mats:** If your cat begins to chew or ingest the plush mats, remove them immediately and keep them out of reach. Consider alternative scratching solutions or deterrents.
- **Torn Plush Fabric:** If any plush fabric, especially on the cat cave, becomes torn or damaged, repair or replace it promptly to prevent injury to your cat from exposed parts.
- **Stability:** Always use the provided anti-tipping device to secure the cat tree to a wall. This is crucial for preventing accidental tipping, especially with active cats or multiple pets. Ensure the adjustable feet are properly set for maximum stability.
- **Weight Limit:** Each level of the cat tree supports up to 10 kg (22 lbs). The total weight capacity is 30 kg (66 lbs). Do not exceed these limits.
- **Placement:** Place the cat tree on a flat, stable surface away from open flames, heaters, or other heat sources.
