SENSEA NEO Shower Shelf Instruction Manual

Model: part_B09D8TRTCR

1. Product Overview

The SENSEA NEO Shower Shelf is designed to organize and optimize space within your shower or bathtub area. Manufactured by ADEO, a leading European home improvement company, this shelf is part of the SENSEA brand's range of durable, economical, and environmentally friendly bathroom products.

This two-tier hanging shower caddy is made from stainless steel, ensuring resistance to water and corrosion. It features an easy, no-drilling installation method, attaching securely to your shower wall or door with protective pads.

Figure 1: Front view of the SENSEA NEO Shower Shelf, showcasing its two-tier design and stainless steel finish.

Key Features:

- **Optimal Storage:** Efficiently organizes shower essentials, keeping them within easy reach and enhancing comfort and safety by reducing the need to bend.
- **Practical Design:** Features two spacious baskets; the upper basket is suitable for smaller items like cans, while the lower basket accommodates larger bottles. Two integrated hooks at the bottom are ideal for hanging shower poufs or washcloths.
- **Easy Assembly:** Quick and simple installation without the need for drilling. It attaches securely to shower walls or doors using small protective pads under the hooks, preventing surface damage.
- **Durability:** Constructed from high-quality stainless steel, providing excellent resistance to corrosion and ensuring long-lasting use. Each basket can support up to 3 kg. The open grid design promotes quick drying of accessories.

2. Safety Instructions

- Ensure the shower shelf is securely hung before placing items on it.
- Do not exceed the maximum weight capacity of 3 kg per basket to prevent damage or detachment.
- Distribute weight evenly across the baskets to maintain stability.
- Keep small children away from the shelf during installation to prevent injury.
- Regularly check the shelf's stability and attachment points.
- Avoid hanging sharp or heavy objects that could cause the shelf to swing or detach.

3. Package Contents

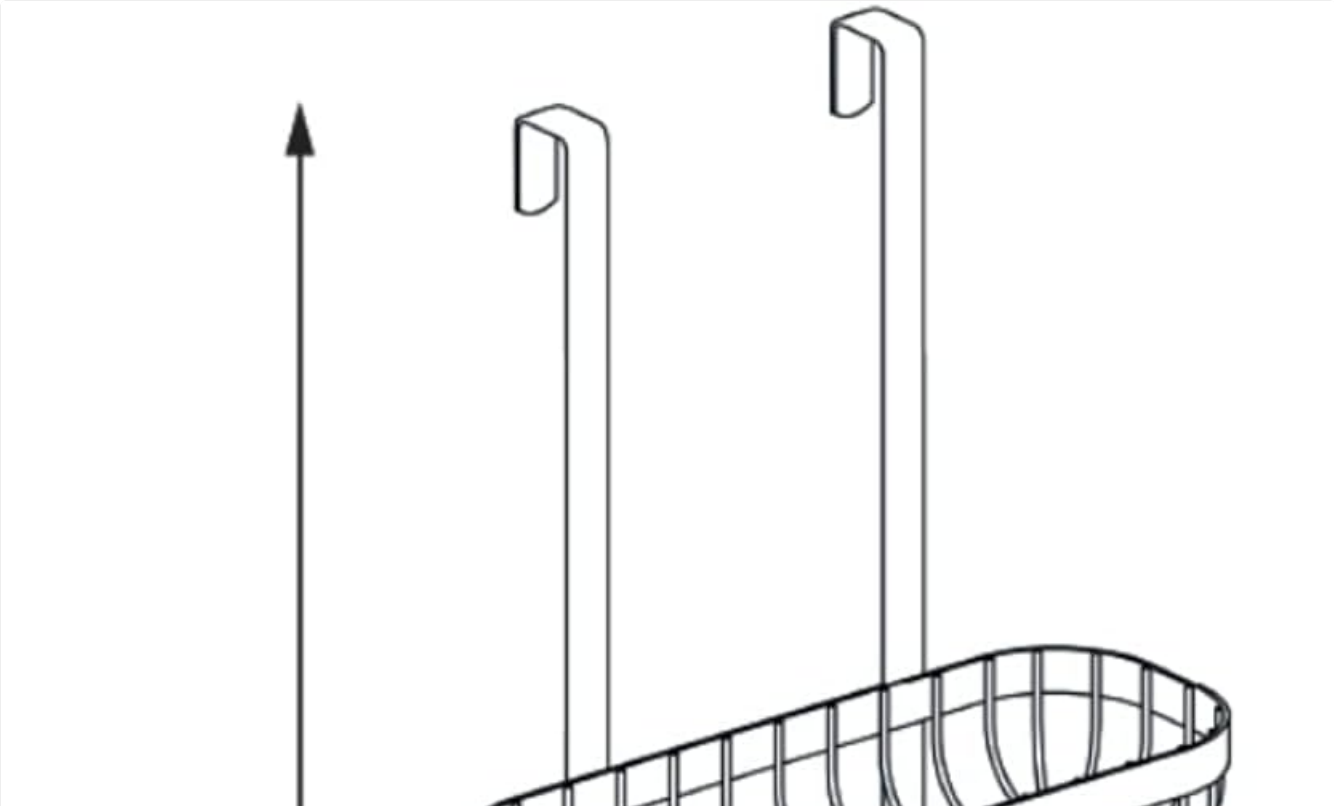

Please verify that all components are present and undamaged before proceeding with installation.

- 1 x SENSEA NEO Shower Shelf (with 2 baskets and 2 integrated hooks)
- Pre-attached protective pads on hanging hooks

4. Installation

The SENSEA NEO Shower Shelf is designed for easy, tool-free installation. It is intended to hang over a shower door or a shower wall/panel.

1. **Unpack the Shelf:** Carefully remove the shower shelf from its packaging. Inspect it for any signs of damage.
2. **Identify Hanging Location:** Choose a suitable location in your shower, typically over the top edge of a shower door or a fixed glass panel. Ensure the surface is clean and dry.
3. **Position the Hooks:** The shelf comes with two integrated hanging hooks at the top. These hooks have small protective pads on their underside to prevent scratching or damaging the surface they rest on.
4. **Hang the Shelf:** Gently place the hooks over the top edge of your chosen shower door or panel. Ensure the shelf hangs straight and is stable. The protective pads should be in contact with the surface to prevent movement and protect the glass/wall.
5. **Verify Stability:** Once hung, gently push and pull on the shelf to ensure it is securely in place and does not wobble excessively. Adjust its position if necessary.

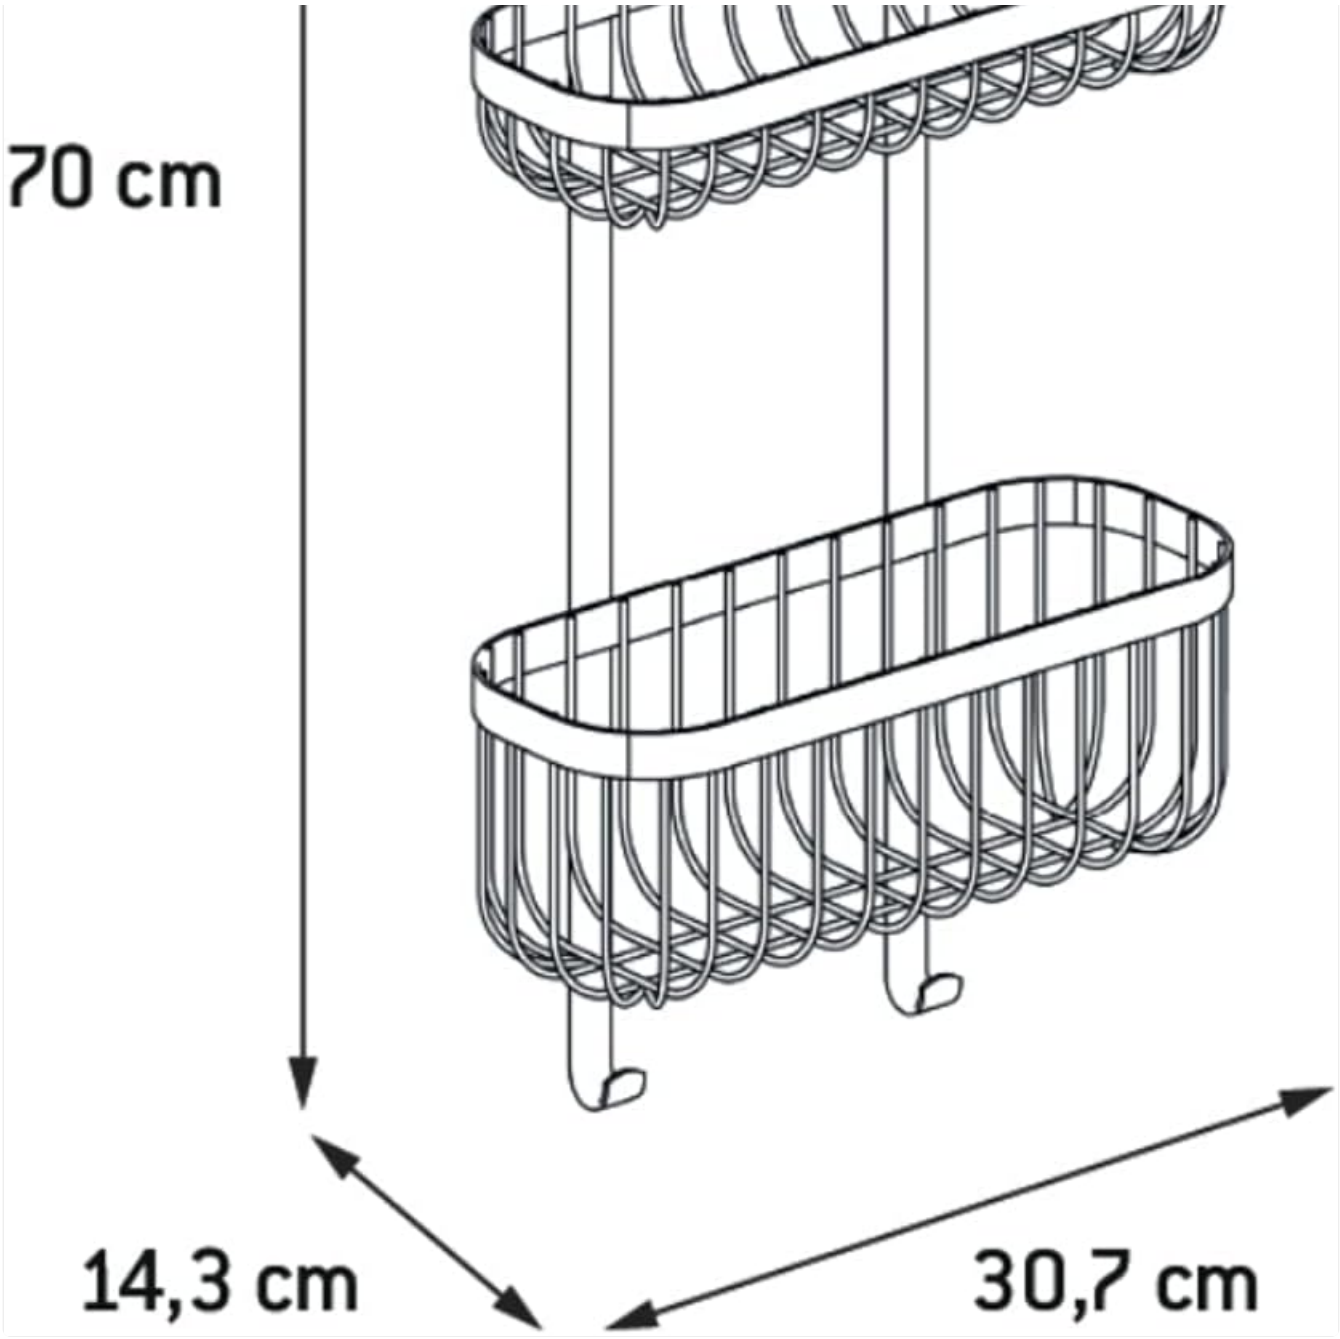

Figure 2: Dimensional diagram of the SENSEA NEO Shower Shelf, illustrating its height (70 cm), width (30.7 cm), and depth (14.3 cm), which are important for assessing fit during installation.

5. Usage

Once installed, the SENSEA NEO Shower Shelf provides convenient storage for your shower essentials.

- **Upper Basket:** Ideal for smaller items such as soap bars, sponges, small bottles of shampoo or conditioner, and razors.
- **Lower Basket:** Designed to accommodate larger bottles of shampoo, shower gel, or body lotion.
- **Integrated Hooks:** Use the two hooks at the bottom of the shelf to hang shower poufs, washcloths, or small brushes, allowing them to drip dry.

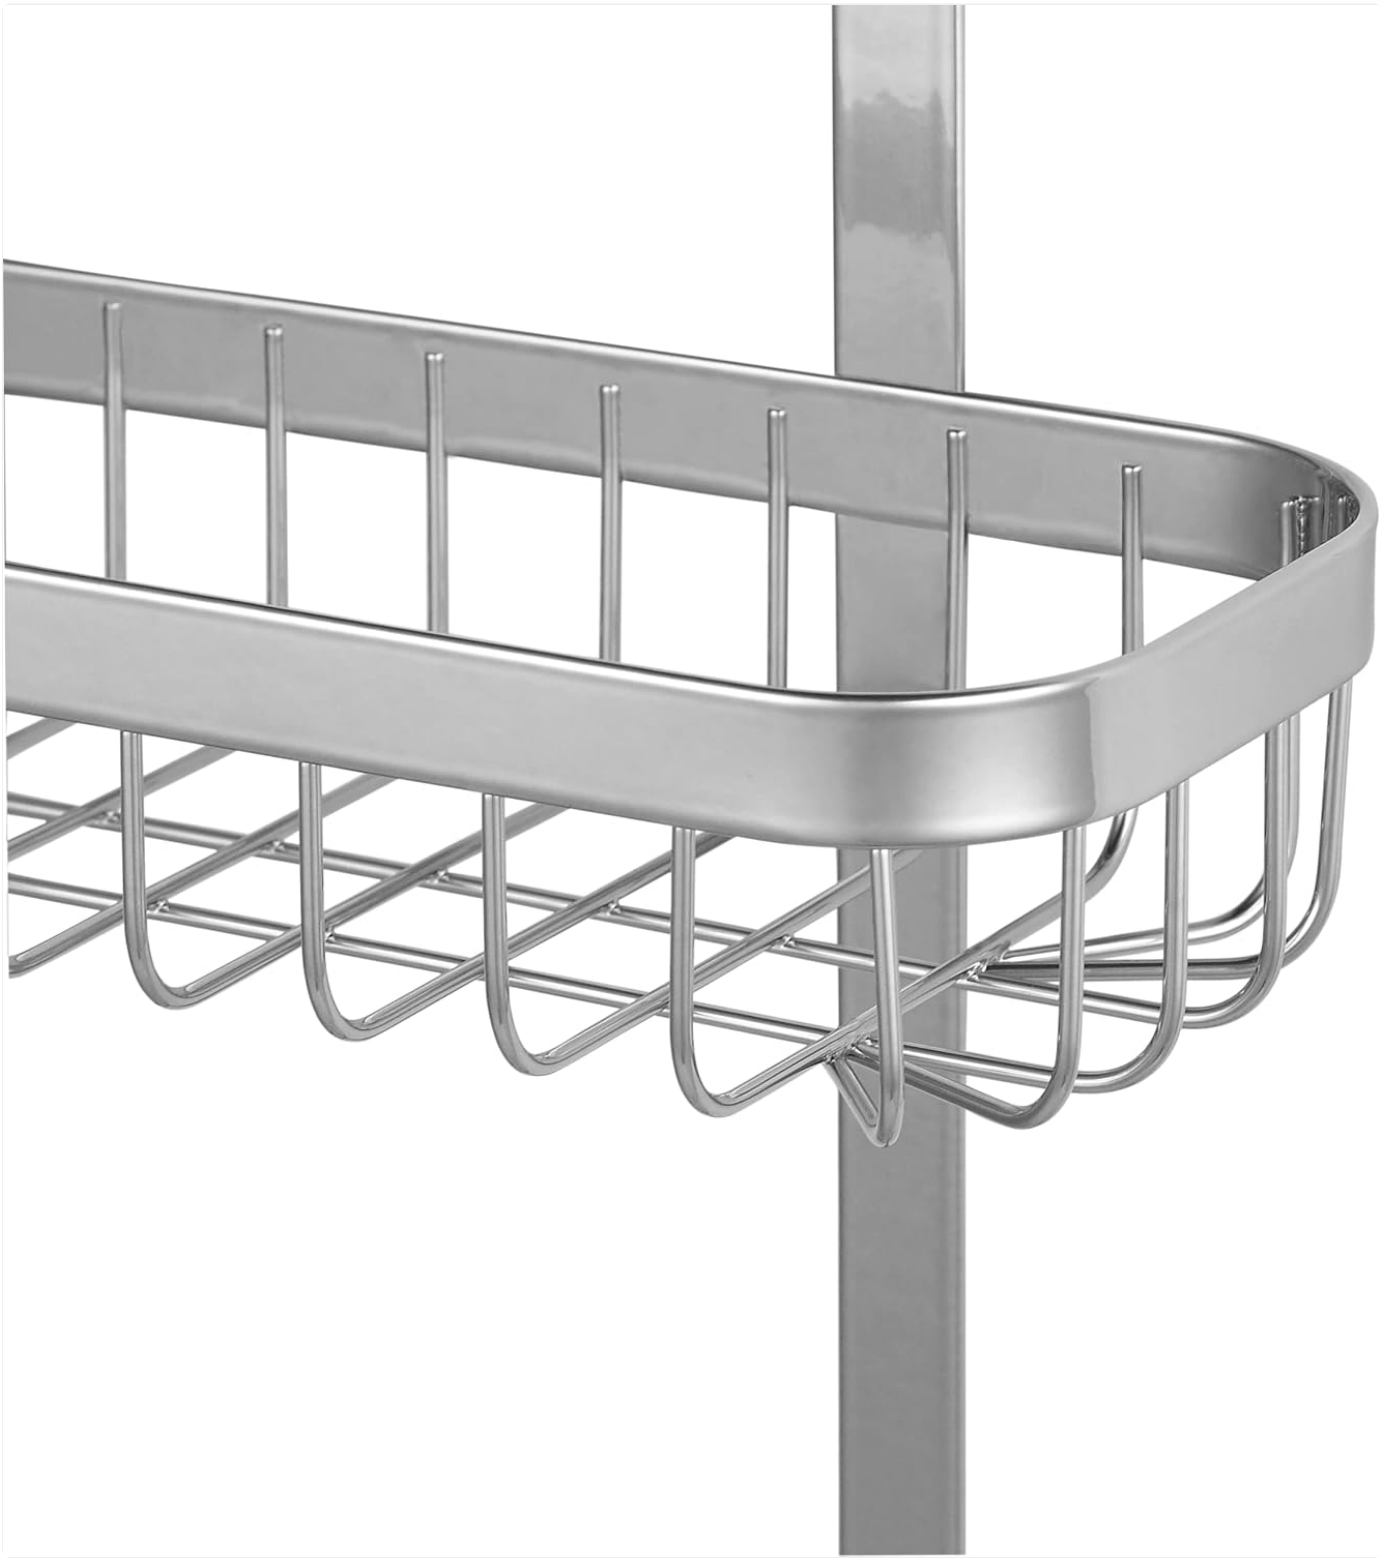

Figure 5: A detailed view of the basket's corner, highlighting the sturdy stainless steel construction and open grid design for drainage.

6. Maintenance and Cleaning

To ensure the longevity and appearance of your SENSEA NEO Shower Shelf, follow these cleaning and maintenance guidelines:

- **Regular Cleaning:** Clean the shelf regularly with a soft cloth and mild soap or a non-abrasive bathroom cleaner.
- **Rinse Thoroughly:** After cleaning, rinse the shelf thoroughly with clean water to remove any soap residue.
- **Dry After Use:** While the shelf is water-resistant, wiping it dry after each use can help prevent water spots and mineral buildup, especially in hard water areas.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, scouring pads, or harsh chemical detergents, as these can damage the stainless steel finish.
- **Rust Prevention:** Although made of stainless steel, prolonged exposure to certain chemicals or stagnant water can sometimes lead to surface discoloration or minor rust spots. Regular cleaning and drying will minimize this risk.

7. Troubleshooting

Problem	Possible Cause	Solution
Shelf wobbles or is unstable.	Improper hanging; uneven surface; weight not distributed evenly.	Ensure hooks are fully seated on the shower door/panel. Adjust the shelf's position. Redistribute items evenly in the baskets. If the hanging bars are slightly bent, gently try to straighten them to ensure flush contact with the surface.
Shelf appears to be rusting.	Surface rust from external contaminants (e.g., iron particles in water, steel wool residue) or prolonged exposure to harsh chemicals/stagnant water.	This is typically surface discoloration, not true stainless steel corrosion. Clean immediately with a soft cloth and a mild stainless steel cleaner. Rinse and dry thoroughly. Avoid abrasive cleaners or steel wool. Ensure good ventilation in the shower area.
Items fall through the basket.	Items are too small for the basket grid.	The basket grid is designed to be fine enough for most standard bottles and cans. For very small items, consider using a small container or soap dish within the basket.

8. Specifications

Brand	Sensea
Model Number	part_B09D8TRTCR
Manufacturer	ADEO
Material	Stainless Steel
Color	Grey / Chrome
Finish Type	Polished
Product Dimensions (W x D x H)	30.7 x 14.3 x 70 cm (approximately 12.1 x 5.6 x 27.6 inches)
Item Weight	3.15 kg (approximately 6.94 lbs)
Shape	Rectangular

Special Feature	Water Resistant
Usage	Shower
Number of Items	1

9. Warranty and Support
