RedThunder K10

RedThunder K10 Wireless Gaming Keyboard and Mouse Set User Manual

Model: K10

INTRODUCTION

Thank you for choosing the RedThunder K10 Wireless Gaming Keyboard and Mouse Set. This high-performance 2.4G wireless combo is designed to provide an optimal balance for both work and gaming, featuring LED backlighting, long-lasting rechargeable batteries, and an ergonomic design. This manual will guide you through the setup, operation, maintenance, and troubleshooting of your new device.

PACKAGE CONTENTS

- RedThunder K10 Wireless Keyboard
- RedThunder Wireless Mouse
- USB Receiver (located at the bottom of the mouse)
- Charging Cable
- User Manual

SETUP

Initial Charging

Before first use, it is recommended to charge both the keyboard and mouse for approximately 8 hours to ensure full battery capacity. Use the provided charging cable to connect the devices to a USB power source.

Connecting the Wireless Set

1. Locate the USB receiver at the bottom of the mouse. Gently remove it.
2. Insert the USB receiver into an available USB port on your computer.
3. Turn on the power switch for both the keyboard and the mouse. The devices are pre-paired from the factory.
4. Your RedThunder K10 keyboard and mouse are now ready for use.

RECHARGEABLE WIRELESS SET

OPERATING INSTRUCTIONS

Keyboard Features

- **Backlighting Effects:** The keyboard features three groups of rainbow backlight effects.
 - Supports 2 breathing modes.
 - Supports 3 static modes.
 - Adjustable with 4 levels of brightness.
- **Multimedia Keys:** Use the **FN** key in combination with **F1-F12** for various multimedia functions (e.g., volume control, media playback).
- **Gaming Functions:**
 - **FN + W:** Swaps WASD keys with arrow keys.
 - **FN + WIN:** Locks the Windows key to prevent accidental presses during gaming.
- **Ergonomic Design:** The keyboard features a 7-degree tilt for comfortable typing and gaming.

SHINING YOUR GAMING DESK

THREE GROUPS OF RAINBOW LIGHT EFFECT

MAINTENANCE

Battery Charging

- The keyboard is equipped with a 3000 mAh battery.
- The mouse is equipped with an 800 mAh battery.
- When the battery is low, the indicator light may flash or the device may become unresponsive. Connect the charging cable to recharge.
- Both devices feature intelligent power-saving functions. If there is no operation for 2 minutes, they will automatically enter sleep mode. Press any key to wake them up.

SUPER BATTERY LIFE

RECHARGEABLE GAMING SUIT

Cleaning

To clean your keyboard and mouse, use a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, but ensure no liquid enters the devices. Avoid using harsh chemicals or abrasive materials.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Keyboard/Mouse not responding	Low battery; USB receiver disconnected; Connection lost.	Charge the devices. Ensure the USB receiver is securely plugged in. If connection is lost, reset pairing (refer to "Resetting Connection" below).

Problem	Possible Cause	Solution
Backlight not working or dim	Backlight turned off; Brightness set too low; Low battery.	Adjust brightness levels using keyboard shortcuts. Charge the keyboard.
Input lag or erratic movement	Interference; Distance from receiver; Low battery.	Ensure no strong wireless interference. Move devices closer to the receiver. Charge the devices.

Resetting Connection (if connection is lost)

If the connection between the keyboard/mouse and the USB receiver is lost, you may need to re-pair them. While specific re-pairing instructions are not detailed in the product information, typically this involves:

1. Unplug the USB receiver from your computer.
2. Turn off both the keyboard and mouse.
3. Plug the USB receiver back into your computer.
4. Turn on the keyboard and mouse. They should automatically attempt to re-establish connection. Some models may require holding a specific key combination (e.g., FN + P) on the keyboard or a button on the mouse during power-on to enter pairing mode. Refer to the quick start guide if provided with your product for exact steps.

SPECIFICATIONS
