3. SETUP

Follow these steps to set up your Imou Ranger 2C camera:

1. **Power On:** Connect the camera to a power source using the provided power adapter. The indicator light will turn on.
2. **Download Imou Life App:** Search for "Imou Life" in the App Store or Google Play Store and download

the app.

3. **Create Account:** Open the Imou Life app and register for a new account or log in if you already have one.
4. **Add Device:** Tap the "+" icon in the top right corner of the app to add your camera. Scan the QR code on the camera or its packaging.
5. **Connect to Wi-Fi:** Follow the on-screen instructions to connect the camera to your 2.4GHz Wi-Fi network. Ensure your phone is connected to the same Wi-Fi network during setup.
6. **Placement:** Place the camera on a flat surface or mount it to a wall/ceiling using the included mounting accessories. Ensure it has a clear view of the area you wish to monitor.

4. OPERATING INSTRUCTIONS

Once your camera is set up, you can utilize its various functions through the Imou Life app:

4.1 Live View and PTZ Control

Open the Imou Life app and select your camera to view the live feed. Use the on-screen controls to pan (rotate horizontally) and tilt (rotate vertically) the camera to adjust the viewing angle.

4.2 Two-Way Audio

To use two-way audio, tap the microphone icon in the live view. Speak into your phone to communicate through the camera's speaker. Listen through your phone's speaker for audio from the camera's microphone.

5. MAINTENANCE

- **Cleaning:** Gently wipe the camera lens with a soft, dry cloth to remove dust or smudges. Do not use harsh chemicals or abrasive materials.
- **Firmware Updates:** Regularly check for firmware updates through the Imou Life app. Keeping your camera's firmware updated ensures optimal performance, security, and access to new features.
- **Power Cycle:** If the camera experiences issues, try unplugging it from the power source for 10 seconds and then plugging it back in.

6. TROUBLESHOOTING

Issue	Possible Solution
Camera offline	Check Wi-Fi connection, ensure camera is powered on, restart camera and router.
Poor video quality	Ensure strong Wi-Fi signal, clean the camera lens, check internet speed.
Motion alerts not received	Verify motion detection settings in the app, check app notification permissions on your phone.
Two-way audio not working	Check microphone and speaker permissions for the Imou Life app on your phone. Ensure volume is up.
Cannot connect to Wi-Fi	Ensure you are connecting to a 2.4GHz network. Re-enter Wi-Fi password carefully. Move camera closer to router.
