## 4. SETUP AND ASSEMBLY

---

The dollhouse kit is provided in disassembled form and requires complete assembly. The estimated assembly time is approximately one day, but this may vary based on individual experience and pace. Patience is key to a successful and enjoyable building experience.

1. **Preparation:** Ensure you have all the necessary tools and materials listed in Section 3. Organize the kit components by referring to the included English instruction manual.
2. **Follow Instructions:** Carefully follow the step-by-step instructions and colorful illustrations provided in the kit's manual. Each piece is precisely cut to fit together.
3. **Gluing:** Apply silicone liquid glue sparingly to secure components. Allow adequate drying time between steps to ensure stability.
4. **Wiring (LED Lights):** Connect the LED light components as directed in the manual. Ensure proper polarity for the batteries.
5. **Dust Cover Assembly:** Assemble the dust cover according to the instructions to protect your finished dollhouse.

## 5. OPERATING INSTRUCTIONS

Once assembled, your miniature dollhouse can be displayed and enjoyed.

- **LED Light Activation:** Insert the required batteries (3 x, type specified in the kit's manual) into the designated battery compartment. Activate the LED light using the switch, typically located on the battery box. The light provides an ambient glow, enhancing the display, especially in dim lighting.
- **Dust Cover Usage:** Place the assembled dust cover over the dollhouse to protect it from dust and environmental elements.

## 6. MAINTENANCE

To ensure the longevity and appearance of your miniature dollhouse, follow these maintenance guidelines:

- **Dusting:** Regularly dust the dollhouse and its components using a soft, dry brush or cloth. The dust cover helps minimize dust accumulation.
- **Cleaning:** For stubborn dirt, gently wipe surfaces with a slightly damp cloth. Avoid excessive moisture or harsh cleaning agents, as these can damage the materials.
- **Battery Replacement:** If the LED light dims or stops working, replace the batteries with new ones of the correct type.
- **Storage:** When not on display, store the dollhouse in a cool, dry place away from direct sunlight to prevent fading or material degradation.

## 7. TROUBLESHOOTING

If you encounter any issues during or after assembly, consider the following:

- **Missing Parts:** Double-check all packaging and compare with the parts list in your instruction manual. If parts are genuinely missing, contact TuKIE customer support.
- **Assembly Difficulties:** Refer back to the specific step in the instruction manual. Ensure all pieces are oriented correctly and that sufficient glue has been applied and allowed to dry. Sometimes, a small adjustment can resolve fit issues.
- **LED Lights Not Working:**
  - a. Verify that the batteries are inserted correctly with the correct polarity.
  - b. Check if the batteries are new and fully charged.
  - c. Ensure all wire connections are secure as per the manual.
