Lamshaw GT01 Smartwatch Band

Lamshaw GT01 Smartwatch Band Instruction Manual

Brand: Lamshaw | Model: GT01 Smartwatch Band

1. INTRODUCTION

This manual provides instructions for the installation, adjustment, and maintenance of your Lamshaw GT01 Stainless Steel Smartwatch Band. This replacement strap is compatible with various smartwatches, including Dirrelo GT01, LETSCOM GT01 1.55", Hamile Smart Watch, and Fitpolo GT01 Smart Watch. Please read these instructions carefully before use.

2. PACKAGE CONTENTS

Verify that all items are present in your package:

- Lamshaw GT01 Smartwatch Band (Stainless Steel)
- Link Removal Tool
- Spare Spring Bars (Pins)

Figure 1: Package contents including the black stainless steel watch band, a link removal tool, and two extra spring bars for attachment.

3. SETUP AND INSTALLATION

3.1 Attaching the Band to Your Smartwatch

To attach the Lamshaw GT01 Smartwatch Band to your compatible smartwatch, use the provided spring bars. Insert one end of the spring bar into the lug hole on the watch case. Then, compress the other end of the spring bar and align it with the opposite lug hole. Release the spring bar to secure the band. Gently pull on the band to ensure it is properly locked into place.

Figure 2: The Lamshaw GT01 Smartwatch Band in black, securely attached to a compatible smartwatch.

3.2 Adjusting Band Length

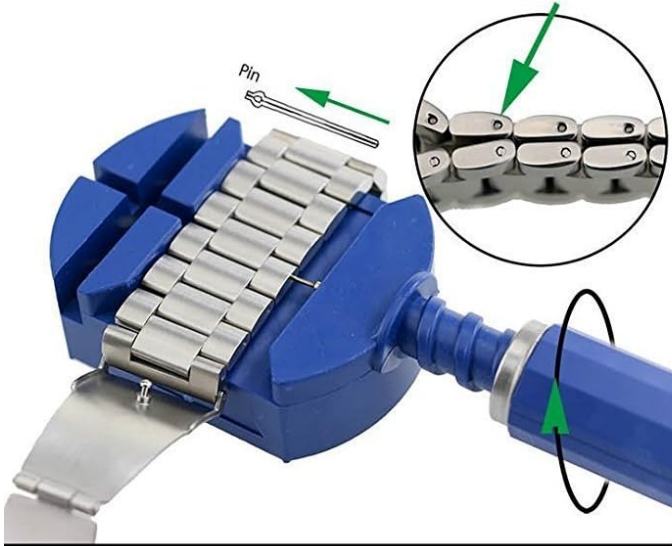

The band can be adjusted to fit wrist sizes from 5.71" to 8.19" (145mm-208mm) using the included link removal tool. Follow these steps to remove or add links:

1. **Identify Removable Links:** Look for small arrows on the inside of the band links, indicating the direction to push the pin for removal.
2. **Position the Band:** Place the band into the link removal tool with the arrow pointing downwards, aligning the pin with the tool's pusher.
3. **Push the Pin:** Gently turn the screw on the tool to push the pin out of the link.

4. **Remove Links:** Once the pin is partially out, you can pull it completely with pliers or your fingers. Remove the desired number of links.
5. **Reassemble the Band:** Align the remaining links and insert the pin back into the holes, ensuring the arrow direction is followed for reinsertion. Use the tool to gently push the pin back in until it is flush with the band.

Link Removal Tool Instructions

① Push from the side of the depression

② Screwed out the pin gradually

③ Repeat step ① and ② to remove more links

④ Slowly screw the pin until it goes in to the band completely

AVAILABLE LENGTH

Fit 145-265mm(5.70"-10.43") wrist with adjustable magnetic clasp

Figure 4: A diagram illustrating the adjustable length of the Lamshaw GT01 Smartwatch Band, fitting wrists from 5.70 inches to 10.43 inches (145mm-265mm). The product is specified to fit 5.71"-8.19" (145mm-208mm) wrists.

4. OPERATING THE BAND

Once installed and adjusted, the Lamshaw GT01 Smartwatch Band is ready for use. The push-button deployant clasp allows for easy and secure fastening and removal of the smartwatch from your wrist.

Figure 5: The double-button folding clasp of the Lamshaw GT01 Smartwatch Band, designed for secure fastening and easy release.

5. MAINTENANCE

To maintain the appearance and longevity of your stainless steel band:

- **Cleaning:** Wipe the band regularly with a soft, damp cloth to remove dirt, sweat, and oils. For deeper cleaning, a mild soap solution can be used, followed by thorough rinsing and drying.
- **Avoid Harsh Chemicals:** Do not expose the band to harsh chemicals, solvents, or abrasive cleaners, as these can damage the finish.
- **Storage:** Store the band in a clean, dry place when not in use.

6. TROUBLESHOOTING

- **Band is too loose or too tight:** Refer to Section 3.2 "Adjusting Band Length" to add or remove links as needed.
- **Difficulty attaching the band:** Ensure the spring bars are correctly aligned with the lug holes and fully compressed before

releasing.

- **Link removal tool issues:** If the provided link removal tool appears damaged or ineffective, exercise caution. Contact customer support for assistance.
