# Senso Orbits Wireless Earbuds Instruction Manual

Model: Orbits 666228000217

## INTRODUCTION

Thank you for choosing Senso Orbits Wireless Earbuds. These earbuds are designed to provide a high-quality audio experience with features like Environmental Noise Cancellation (ENC), deep bass, and a compact charging case. This manual will guide you through the setup, operation, and maintenance of your new earbuds.

## WHAT'S IN THE BOX

- Senso Orbits Wireless Earbuds
- Compact USB-C Charging Case
- Multiple Sizes of Ear Tips
- USB-C Charging Cable
- Instruction Manual

## SETUP

### Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the USB-C cable to the charging port on the case and to a power source. The LED indicators on the case will show the charging status.

### Pairing with Your Device

The Senso Orbits earbuds feature a responsive one-step instant connection. Simply open the charging case, and the earbuds will automatically enter pairing mode. Then, follow these steps:

1. Open the charging case.
2. On your device (smartphone, tablet, etc.), go to Bluetooth settings.
3. Select "Orbits" or "Orbits ENC70" from the list of available devices.
4. Once connected, you will hear an audio prompt, and the earbuds are ready for use.

## OPERATING INSTRUCTIONS

### Touch Controls

The Senso Orbits earbuds are equipped with multi-function touch controls. Simply tap on the earbuds to access various functions:

- **Volume +/-:** Double tap the Left (L) earbud to decrease volume, or the Right (R) earbud to increase volume.
- **Play/Pause:** Single tap either L or R earbud.
- **Previous/Next Track:** Triple tap the L earbud for the previous track, or the R earbud for the next track.
- **Answer/Reject Phone Call:** Press and hold either L or R earbud for 2 seconds to answer or reject a call.
- **Activate Voice Assistant (SIRI):** Press and hold either L or R earbud for 2 seconds.

## Charging the Earbuds and Case

The charging case provides extended battery life for your earbuds. The earbuds will charge automatically when placed inside the case and the lid is closed. The case itself can be charged via a USB-C cable. The LED indicators on the case show the remaining battery level.

## Environmental Noise Cancellation (ENC) for Calls

The Senso Orbits earbuds feature a QUAD-microphone array with ENC technology to effectively suppress environmental noise and enhance voice clarity during calls. This reduces ambient noise by up to 35dB, ensuring clear communication.

Your browser does not support the video tag.

Video: This video demonstrates the Environmental Noise Cancellation (ENC) feature of the Senso Orbits Wireless Earbuds, highlighting how it reduces background noise for clearer calls.

## MAINTENANCE

### Cleaning

Regularly clean your earbuds and charging case to ensure optimal performance and hygiene. Use a soft, dry, lint-free cloth. For ear tips, you may gently wipe them with a damp cloth and mild soap, ensuring they are completely dry before reattaching.

## Water Resistance

The Senso Orbits earbuds are IPX rated, providing protection against light rain, accidental splashes, and sweat. They are suitable for sports and exercise. However, they are not designed for submersion in water. Avoid exposing them to excessive moisture or harsh chemicals.

## Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store the case in a cool, dry place away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

- **Earbuds not pairing:** Ensure both earbuds are in the charging case, then open the lid. Check your device's Bluetooth settings to ensure it's discoverable and select "Orbits". If issues persist, try resetting the earbuds (refer to specific reset instructions if provided in a separate quick start guide).
- **No sound from one earbud:** Place both earbuds back in the charging case, close the lid, and then reopen it.

Re-pair with your device.

- **Charging issues:** Ensure the USB-C cable is securely connected to both the case and the power source. Check if the charging port is clean and free of debris.
- **Poor call quality:** Ensure the earbuds are properly seated in your ears. Check for any obstructions around the microphones.

## SPECIFICATIONS

Feature	Detail
Model Name	Orbits
Connectivity Technology	Bluetooth 5.0, Wireless
Wireless Communication Technology	Bluetooth
