Y YOFUN Unicorn Night Light-Large

Y YOFUN Unicorn Night Light Kit

Instruction Manual

Introduction

Welcome to the magical world of the Y YOFUN Unicorn Night Light Kit! This creative craft kit allows children to design and assemble their very own unique unicorn-themed night light. It includes all necessary components to build a charming miniature scene with unicorns, a mushroom house, trees, and a fence, illuminated by a string of vibrant rainbow fairy lights. This kit is designed to inspire imagination and provide a fun, engaging activity for kids aged 5 and up.

An assembled Y YOFUN Unicorn Night Light Kit, showcasing the illuminated scene with unicorns and miniature elements.

Safety Information

- **Adult Supervision Recommended:** This kit contains small parts and glue. Adult supervision is recommended during assembly, especially for younger children.
- **Glue Safety:** The included glue is a strong adhesive. Use in a well-ventilated area and avoid contact with skin and eyes. In case of contact, rinse thoroughly with water. Keep out of reach of very young children.
- **Battery Safety:** Ensure batteries are inserted correctly with the proper polarity. Do not mix old and new batteries. Remove batteries if the product is not used for an extended period.
- **Choking Hazard:** Small parts are included and may pose a choking hazard for children under 3 years old.

Package Contents

Your Y YOFUN Unicorn Night Light Kit includes everything needed to create your magical scene. Please check that all components listed below are present:

- Wooden Base with Clear Dome
- Unicorn Figurines (various sizes and poses)
- Miniature Mushroom House
- Miniature Trees (e.g., cherry blossom, green tree)
- Pink Picket Fence pieces
- Decorative Elements (e.g., blue pebbles, colorful beads, small mushrooms, rainbow, tree stump)
- Rainbow Fairy LED Lights string with battery box
- Adhesive Glue
- Instruction Manual

The complete set of components included in the Y YOFUN Unicorn Night Light Kit.

Setup and Assembly

Follow these step-by-step instructions to assemble your Unicorn Night Light. Creativity is encouraged!

1. **Prepare the Base:** Place the wooden base on a flat, stable surface.
2. **Arrange the Fence:** Carefully place the pink picket fence pieces around the edge of the circular groove on the wooden base. You may use a small amount of glue to secure them if desired.
3. **Position Main Elements:** Decide on the placement of your main elements such as the mushroom house and trees. Apply a small amount of glue to the bottom of these pieces and firmly press them onto the wooden base to secure them.
4. **Place Unicorns:** Arrange the unicorn figurines within your scene. Apply glue to the base of each unicorn and attach them to the wooden floor.
5. **Add Decorative Elements:** Sprinkle the blue pebbles and colorful beads around the scene to create a magical landscape. Place the smaller decorative items like mushrooms and the rainbow as you wish.
6. **Integrate Fairy Lights:** Carefully uncoil the rainbow fairy LED light string. Gently drape and weave the lights around your assembled scene, ensuring the battery box remains accessible outside the dome.
7. **Secure the Dome:** Once all elements are in place and the glue has dried, carefully place the clear dome over the assembled scene on the wooden base.

Operating Instructions

To illuminate your Unicorn Night Light:

1. **Insert Batteries:** Locate the battery box connected to the LED fairy lights. Open the battery compartment and insert the required batteries (typically 2-3 AA batteries, not included) according to the polarity markings (+/-). Close the compartment securely.
2. **Turn On/Off:** Locate the small switch on the battery box. Slide the switch to the "ON" position to activate the rainbow fairy lights. Slide it to the "OFF" position to turn them off.

Maintenance

To ensure the longevity and beauty of your Unicorn Night Light:

- **Cleaning:** Gently wipe the clear dome and figurines with a soft, dry cloth to remove dust. Avoid using abrasive cleaners or excessive moisture.
- **Battery Replacement:** When the lights dim or stop working, replace the batteries in the battery box. Ensure proper polarity.
- **Storage:** If storing the night light for an extended period, remove the batteries to prevent leakage. Store in a cool, dry place away from direct sunlight.

Troubleshooting

Problem	Possible Cause	Solution
Lights are not turning on.	• Batteries are dead or incorrectly inserted. • Switch is in the "OFF" position. • Loose connection in the light string.	• Replace batteries, ensuring correct polarity. • Slide the switch to the "ON" position. • Gently check connections, if accessible.
Figurines or decorations are not sticking.	• Insufficient glue applied. • Surface not clean or dry. • Not enough pressure or drying time.	• Apply a sufficient amount of glue. • Ensure surfaces are clean and dry before applying glue. • Hold pieces firmly in place for a few seconds and allow adequate drying time before moving.
Small parts appear broken.	• Damage during transit or handling.	• Contact customer support for assistance.

Specifications
