Yaheetech Bar Stools (Model YT-00108116-001) Instruction Manual

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, maintenance, and safety of your Yaheetech Adjustable PU Leather Swivel Bar Stools. Please read this manual thoroughly before assembly and use to ensure proper function and longevity of your product.

The Yaheetech Bar Stools are designed for comfort and style, featuring adjustable height, 360-degree swivel, and a sturdy base, suitable for various home and kitchen settings.

PRODUCT FEATURES

- **Stable Base:** The base diameter is 16.3 inches (41.5 cm), providing enhanced stability and durability.
- **Unique & Modern Design:** Features a diamond tufted design and a rounded waterfall-like seat edge for comfort and style.
- **Classic PU Leather Finish:** Constructed with smooth PU leather and galvanized steel legs for a luxurious and sleek appearance.
- **Easy Maintenance:** Water-resistant PU leather surface allows for simple cleaning with a damp cloth.
- **Comfortable Seating Experience:** Foam padded seat, scientifically designed backrest, and a foot pedal for optimal comfort.

PACKAGE CONTENTS

Ensure all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Seat (2)
- Base (2)
- Gas Lift Cylinder (2)
- Footrest (2)
- Mounting Plate (2)
- Screws and Allen Wrench (for assembly)
- Instruction Manual (1)

ASSEMBLY INSTRUCTIONS

Assembly is required for these bar stools. Please follow the steps carefully. An Allen tool is provided for your

convenience.

- 1. Attach Footrest to Seat:** Secure the footrest to the underside of the seat using the provided screws. Ensure it is firmly attached.
- 2. Insert Gas Lift into Base:** Place the gas lift cylinder into the center hole of the base.
- 3. Connect Seat Assembly to Gas Lift:** Carefully place the assembled seat (with footrest) onto the top of the gas lift cylinder. Ensure it is seated properly.
- 4. Test Stability:** Once assembled, gently test the stability of the stool before full use.

OPERATING INSTRUCTIONS

- Height Adjustment:** To adjust the seat height, locate the lever under the seat. While seated, pull the lever upwards to lower the seat. To raise the seat, stand up and pull the lever upwards. Release the lever at the desired height.
- 360-Degree Swivel:** The seat is designed to swivel freely 360 degrees, allowing for easy movement and interaction.

- **Footrest:** The footrest moves with the seat, providing comfortable support for your feet at any height.

1 Comfortable Footrest

Provides extra support for your legs and feet

2 Sturdy Metal Base

Enhances the stability and durability

MAINTENANCE

To maintain the appearance and functionality of your bar stools:

- **Cleaning:** Wipe with a damp cloth and a few drops of cleanser as needed. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check all screws and connections to ensure they are tight. Retighten if necessary.
- **Avoid Overloading:** Do not exceed the maximum weight recommendation of 300 pounds per stool.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Stool is wobbly or unstable.	Loose connections or uneven floor.	Ensure all screws are tightened. Move the stool to a flat, even surface.
Height adjustment not working smoothly.	Gas lift mechanism obstruction or malfunction.	Check for any obstructions around the gas lift. If the issue persists, contact customer support.
Squeaking noise during swivel.	Lack of lubrication in swivel mechanism.	Apply a small amount of silicone-based lubricant to the swivel mechanism.
