- **Drying:** Air dry at room temperature. Do not use direct heat sources like radiators or dryers, as this can damage materials.

Storage:

- Store in a cool, dry place away from direct sunlight.

- Keep away from extreme temperatures.

5. TROUBLESHOOTING

Common Issues:

- **Discomfort/Rubbing:** Ensure proper lacing. If discomfort persists, verify correct size using the size guide. Break-in period may be required.
- **Squeaking:** New shoes may sometimes squeak due to friction between components. This often resolves with wear. If persistent, check for loose insoles.
- **Reduced Cushioning:** Over time, cushioning may compress. This is normal wear and tear.
