

Dripex EV2108006S

Dripex 3 Way Mirror with LED Lights (Model EV2108006S) Instruction Manual

For Self-Haircutting, Makeup, Styling, and Shaving

1. INTRODUCTION

Welcome to your new Dripex 3 Way Mirror. This manual provides detailed instructions for the safe and effective use of your mirror, designed for various personal grooming tasks including self-haircutting, makeup application, styling, and shaving. Please read this manual thoroughly before initial use and retain it for future reference.

2. SAFETY INFORMATION

Caution: This mirror may have sharp edges. Handle with care during installation and use. Do not exceed the recommended weight limit for hanging to avoid risk of breakage or injury.

- Keep out of reach of children.
- Do not expose the mirror to extreme temperatures or direct sunlight for prolonged periods.
- Avoid dropping or subjecting the mirror to strong impacts.
- Ensure the mirror is securely mounted or placed on a stable surface before use.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- Dripex 3 Way Mirror with LED Lights
- Adjustable Hooks (for door hanging)
- Non-marking nails (for wall hanging)
- USB Charging Cable

4. PRODUCT FEATURES

- **360-Degree View:** The three-panel design provides a comprehensive viewing angle, effectively eliminating visual blind spots for detailed grooming.
- **Dimmable LED Lights:** Integrated LED light strips offer adjustable brightness, ensuring optimal illumination in various lighting conditions.
- **Rechargeable Battery:** Equipped with a built-in 1500mAh battery, rechargeable via the included USB cable for cordless operation.
- **Multiple Mounting Options:** Designed for versatile use with options for door hanging, wall hanging, and desktop placement.
- **Portable Design:** The mirror folds compactly, making it suitable for storage and travel.
- **Upgraded Hooks:** Features enhanced hooks designed to fit door seams without obstructing door closure.

5. SETUP AND INSTALLATION

5.1 Method 1: Door Hanging

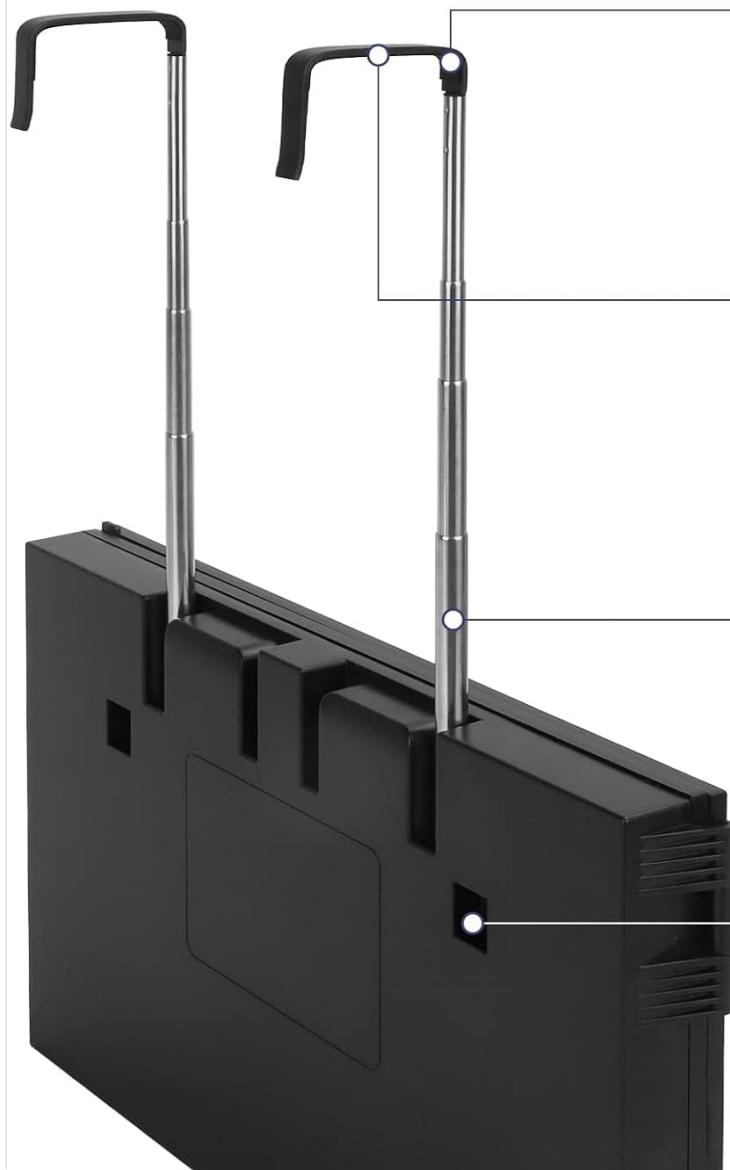

This method allows for adjustable height and easy removal.

1. Open the adjustable hooks by rotating them upwards.
2. Insert the telescopic rods into the designated slots on the top of the mirror.
3. Adjust the length of the telescopic rods to achieve your desired height (0-21 inches).
4. Hang the mirror securely over the top edge of a door. Ensure the door can close properly.

Better Than Others

With protective pads to protect the door frame from damage

Thinner and stronger, does not affect closing the door

Height adjustable (0-21in)

Comes with non-marking nails for wall hanging

Image: Detailed view of the adjustable hooks, illustrating their design for door hanging and height adjustment capabilities.

5.2 Method 2: Wall Hanging

For a more permanent setup, the mirror can be mounted on a wall.

1. Identify a suitable location on the wall.
2. Use the provided non-marking nails to secure the mirror to the wall. Ensure the nails are properly inserted and can support the mirror's weight.
3. Hang the mirror onto the secured nails.

DRiPEX

5.3 Method 3: Desktop Placement

This method is ideal for use on a table or vanity.

1. Place the folded mirror on a flat, stable surface.
2. Carefully open the side panels to your desired angle.
3. Ensure the mirror is stable and will not tip over during use.

6. OPERATING INSTRUCTIONS

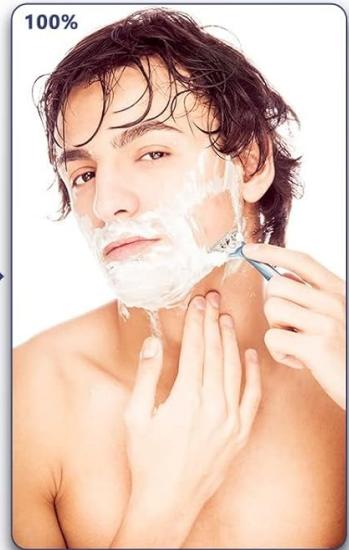

6.1 LED Light Operation

The mirror features integrated LED lights for enhanced visibility.

- To turn the LED lights **ON/OFF**, tap the sensor switch located on the main mirror panel.
- To adjust the **brightness**, long press the sensor switch. The brightness will cycle through different levels. Release the switch when the desired brightness is reached.

360° Mirror with Dimmable LED Light

After opening, long press the switch button
to adjust the brightness of the light

Tap to turn ON/OFF

6.2 Charging the Mirror

The mirror is equipped with a rechargeable 1500mAh Lithium Polymer battery.

1. Locate the USB charging port on the mirror.
2. Connect the provided USB charging cable to the mirror's port.
3. Connect the other end of the USB cable to a compatible USB power source (e.g., wall adapter, computer USB port).
4. An indicator light will show the charging status. The mirror is fully charged when the indicator changes color or turns off (refer to product for specific indicator behavior).

Rechargeable Self Hair Cutting Mirror (USB Cable Included)

7. MAINTENANCE AND CARE

Proper care will ensure the longevity of your Dripex 3 Way Mirror.

- **Cleaning the Mirror Surfaces:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid liquid seeping into the frame or electronic components.
- **Cleaning the Frame:** Wipe the frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the finish.
- **Storage:** When not in use, fold the mirror to protect the surfaces. Store in a dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To maintain battery health, avoid fully discharging the battery frequently. Charge the mirror regularly, even if not in constant use.

8. TROUBLESHOOTING

If you encounter any issues with your mirror, refer to the following troubleshooting guide:

8.1 LED Lights Not Turning On or Charging

- **Check USB Connection:** Ensure the USB cable is securely connected to both the mirror's charging port and a working USB power source.
- **Verify Power Source:** Test the USB power source with another device to confirm it is active and supplying power.
- **Battery Discharge:** If the mirror has been stored for a long time, the battery might be deeply discharged. Allow it to charge for an extended period (e.g., 2-3 hours) before attempting to turn on the lights.
- **Sensor Switch:** Ensure you are pressing or long-pressing the sensor switch correctly.
- **Accidental Activation:** If the LED lights turn on when the mirror is closed for storage, ensure the panels are not closed too tightly, which might inadvertently activate the sensor switch.

8.2 Mirror Not Holding Position (Door Hanging)

- **Hook Adjustment:** Ensure the adjustable hooks are properly extended and securely seated over the door.
- **Door Thickness:** Verify that the door thickness is compatible with the hooks.

If the problem persists after following these steps, please contact customer support.

9. SPECIFICATIONS

Feature	Detail
Brand	Dripex
Model Number	EV2108006S
Product Dimensions	13" L x 9" W (folded)
Item Weight	3 Pounds
Frame Material	Acrylonitrile Butadiene Styrene (ABS)
Color	Black With Led Lights
Mounting Type	Wall Mount, Door Mount, Desktop
Special Feature	Dimmable LED Lights, Rechargeable, Portable
Batteries	1 Lithium Polymer battery (included)
Room Type	Bathroom, Locker Room, Living Room
Assembly Required	No

Image: Visual representation of the mirror's dimensions (12.2in x 7.7in per panel, 1.2in thickness when folded) and weight (3.3 lbs).
