Setup and Installation

This fixture can be installed facing upwards or downwards. Follow these steps for a safe and proper installation:

1. **Prepare for Installation:** Turn off power at the circuit breaker. Ensure the mounting surface is clean and dry.
2. **Attach Mounting Plate:** Secure the mounting plate to the junction box using the provided screws.
3. **Make Electrical Connections:** Connect the fixture's wires to the corresponding house wires (black to black, white to white, ground to ground) using wire nuts. Ensure connections are secure.
4. **Mount the Fixture:** Carefully align the fixture with the mounting plate and secure it with the decorative nuts or screws.
5. **Install Glass Shades:** Gently attach each clear glass shade to the fixture.
6. **Insert Bulbs:** Screw E26 base bulbs (not included) into each socket. Do not exceed 60W per bulb.
7. **Restore Power:** Turn on power at the circuit breaker.

Operating Instructions

Once installed, the Aipsun Bathroom Vanity Light operates like any standard light fixture connected to a wall switch.

- **Power On/Off:** Use your existing wall switch to turn the light fixture on or off.
- **Dimming Function:** If you use dimmable E26 bulbs and a compatible dimmer switch (both not included), you can adjust the light intensity.

Maintenance

- **Cleaning:** To clean the fixture, ensure the power is off. Wipe with a soft, dry cloth. Do not use abrasive cleaners or solvents as they may damage the finish or glass.
- **Bulb Replacement:** Before replacing bulbs, turn off the power at the circuit breaker. Allow bulbs to

cool completely. Unscrew the old bulb and screw in a new E26 base bulb, ensuring it does not exceed 60W.

Troubleshooting

Problem	Possible Cause	Solution
Light does not turn on.	◦ Power is off at the circuit breaker. ◦ Loose wire connections. ◦ Faulty bulb.	◦ Check circuit breaker and wall switch. ◦ Verify all wire connections are secure (turn off power first). ◦ Replace bulb with a new one.
Light flickers or dims unexpectedly.	◦ Incorrect bulb type for dimmer. ◦ Loose bulb. ◦ Faulty dimmer switch.	◦ Ensure dimmable bulbs are used with a compatible dimmer. ◦ Tighten bulbs in sockets. ◦ Consult an electrician to check or replace the dimmer switch.
Glass shade is loose or falls off.	◦ Shade not properly secured.	◦ Re-secure the glass shade according to installation steps.
