Zadro LPSCVAR

Zadro 7-inch Lighted Makeup Mirror (Model LPSCVAR) Instruction Manual

Model: LPSCVAR

INTRODUCTION

Thank you for choosing the Zadro 7-inch Lighted Makeup Mirror. This manual provides essential information for the safe and effective use of your new mirror. Please read all instructions carefully before use and retain this manual for future reference.

SAFETY INFORMATION

WARNING: This product contains glass which can break if not handled properly. Always use the suction cup base and adjust the mirror angle carefully to avoid injury. Do not use on uneven or rough surfaces. Keep out of reach of children and pets. Always follow the manufacturer's instructions for mounting and use.

PACKAGE CONTENTS

- Zadro 7-inch Lighted Makeup Mirror Unit
- Integrated Suction Cup Base
- Instruction Manual

SETUP

1. Battery Installation

The mirror requires 3 AA batteries (not included). To install:

1. Locate the battery compartment on the back of the mirror stand.
2. Open the battery compartment cover.
3. Insert 3 AA batteries, ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

Figure 1: Battery compartment on the mirror base.

2. Tabletop Use

For tabletop use, ensure the suction cup is disengaged. Place the mirror on a flat, stable surface.

Figure 2: Mirror set up for tabletop use.

3. Wall Mount Use (Suction Cup)

The mirror features a powerful suction cup base for secure wall mounting on smooth, non-porous surfaces like glass or tile.

1. Ensure the mounting surface is clean, dry, and smooth.
2. Press the suction cup firmly against the desired surface.
3. Slide the locking mechanism on the base to engage the suction cup and secure the mirror.
4. To remove, slide the locking mechanism to disengage and lift the tab on the suction cup.

OPERATING INSTRUCTIONS

1. Power On/Off and Light Settings

The mirror features a slide switch control for power and to cycle through three LED light color settings:

- **Office (Cool White):** Bright, neutral light ideal for professional settings.
- **Daylight (Natural Sunlight):** Simulates natural outdoor light for accurate color representation.
- **Evening (Warm White):** Softer, warmer light suitable for evening makeup.

2. Magnification and Rotation

The mirror offers dual-sided magnification and full rotation:

- **8X Magnification:** Ideal for detailed tasks such as precise makeup application, tweezing, or contact lens insertion.
- **1X Magnification:** Provides a true-to-life reflection for general viewing and overall makeup application.
- **360-degree Inner Mirror Rotation:** The mirror head can be rotated endlessly to switch between 8X and 1X magnification or to adjust your viewing angle.

3. Height and Angle Adjustment

The mirror is designed for full height and angle adjustment to suit your preference and comfort.

- Gently extend or retract the mirror arm to adjust its height.
- Tilt the mirror head up or down to achieve the desired viewing angle.

MAINTENANCE

To ensure the longevity and optimal performance of your Zadro Lighted Makeup Mirror:

- **Cleaning:** Wipe the mirror surface and body with a soft, damp cloth. Do not use abrasive cleaners or chemical solvents, as these may damage the finish or mirror coating.
- **Storage:** When not in use, especially during travel, fold the mirror down to protect the mirror surface and LED lights.
- **Battery Replacement:** Replace batteries when the LED lights dim or stop functioning. Always replace all batteries at the same time with new ones.

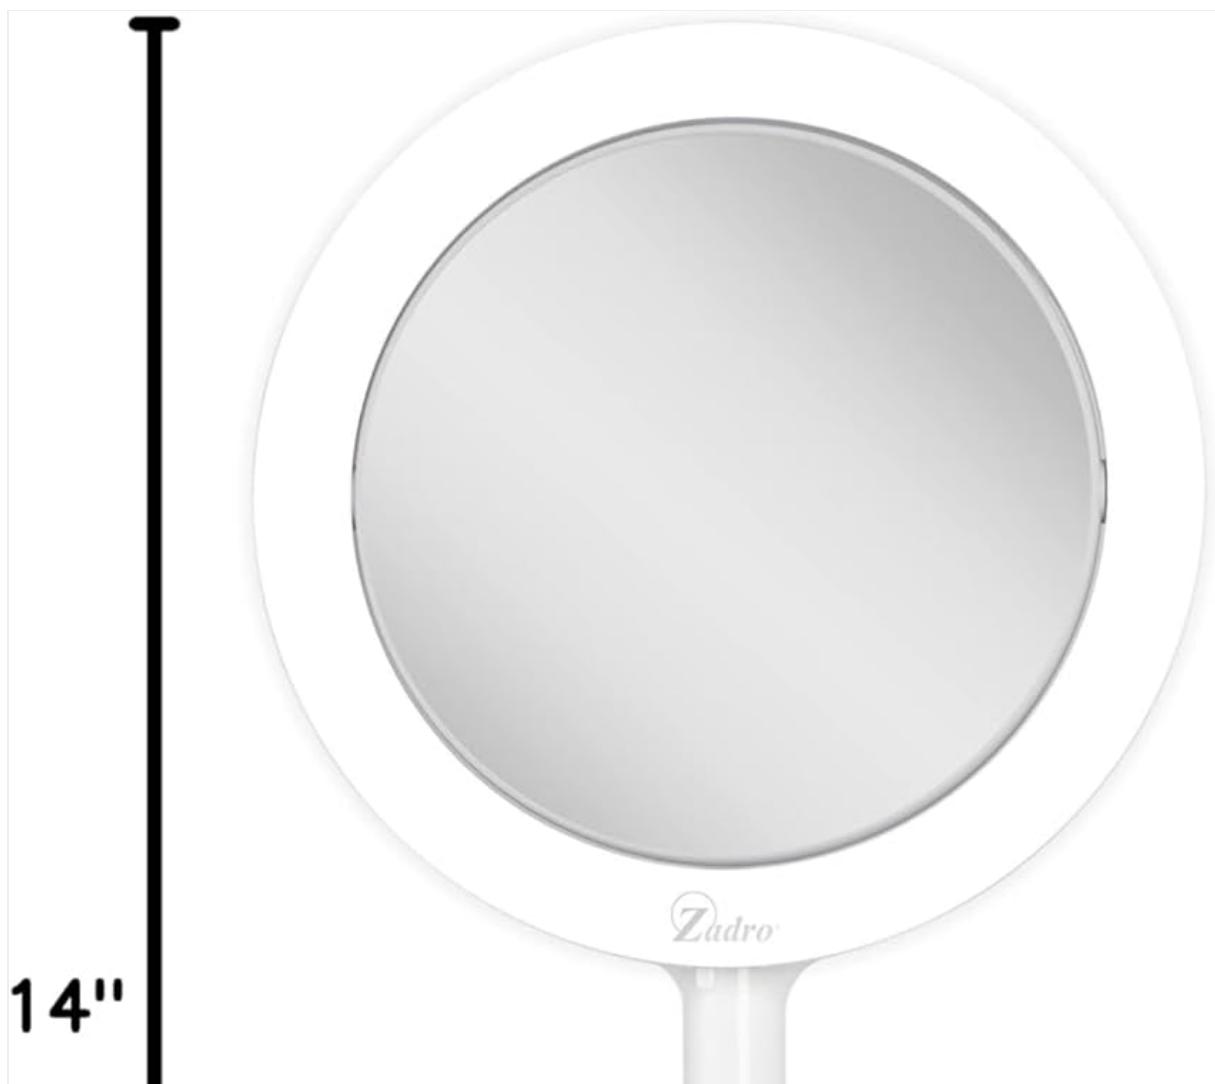

TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights do not turn on or are dim.	Batteries are low or incorrectly installed.	Replace with new AA batteries, ensuring correct polarity.

Problem	Possible Cause	Solution
Suction cup does not hold securely.	Surface is not clean, dry, smooth, or non-porous. Suction cup mechanism not fully engaged.	Clean and dry the surface thoroughly. Ensure the surface is smooth and non-porous. Fully engage the suction cup locking mechanism.
Mirror is unstable on tabletop.	Surface is uneven or unstable.	Place the mirror on a flat, stable surface.
