KNONEW KN-1000-LIG168-01

KNONEW Christmas Net Lights (Model KN-1000-LIG168-01) Instruction Manual

Model: KN-1000-LIG168-01

1. INTRODUCTION

This manual provides instructions for the safe and effective use of your KNONEW Christmas Net Lights. These lights feature 420 LEDs, measuring 13ft x 6.6ft, designed for outdoor and indoor decorative lighting. They are connectable, waterproof, offer 8 lighting modes, and include a timer function.

2. SAFETY INFORMATION

- Ensure the power supply voltage matches the product specifications.
- Do not connect the lights to the power supply while still in the packaging.
- Avoid damaging the insulation of the wires or LED bulbs during installation.
- Keep away from heat sources and open flames.
- Disconnect from power before cleaning or maintenance.
- This product is designed for decorative purposes and is not intended for permanent installation.

3. PACKAGE CONTENTS

- 1 x KNONEW 420 LED Net Lights (13ft x 6.6ft)
- 1 x Power Adapter with Controller
- 1 x Remote Control

4. SETUP INSTRUCTIONS

1. **Unpack the Lights:** Carefully remove the net lights from the packaging. The net design allows for easier deployment over surfaces.
2. **Placement:** Drape the net lights over bushes, hedges, walls, or other desired outdoor or indoor areas. Ensure the lights are evenly spread for optimal coverage.
3. **Connecting Multiple Sets:** The net lights feature an end-to-end connector, allowing you to connect up to 3 strands (totaling 1000 LEDs) from a single power source. Align the connectors and twist to secure.
4. **Power Connection:** Connect the power adapter to the net lights. Ensure the connection is secure. Plug the power adapter into a suitable outdoor-rated power outlet.

Effortlessly Create a Magical Atmosphere!

5. OPERATING INSTRUCTIONS

The KNEW Net Lights can be operated using the integrated controller on the power adapter or the included remote control.

5.1. Power On/Off

- Press the 'ON/OFF' button on the remote control or the button on the power adapter to turn the lights on or off.

5.2. Lighting Modes

The lights offer 8 distinct lighting modes. Press the 'MODE' button on the remote control or the button on the power adapter to cycle through the modes:

1. Combination
2. In Waves

3. Sequential
4. Slo-glo
5. Chasing/Flash
6. Slow Fade
7. Twinkle/Flash
8. Steady On

6. MAINTENANCE

6.1. Cleaning

Before cleaning, ensure the lights are unplugged. Wipe the lights gently with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.

6.2. Storage

When not in use, carefully coil the net lights and store them in their original packaging or a suitable container in a cool, dry place, away from direct sunlight and moisture.

6.3. Weather Resistance

The KNONEW Net Lights are IP44 waterproof, making them suitable for outdoor use in various weather conditions, including rain and snow. However, the power adapter should be protected from direct exposure to heavy rain or submerged conditions.

7. TROUBLESHOOTING

- **Lights not turning on:** Ensure the power adapter is securely plugged into a working outlet and connected to the lights. Check if the 'ON/OFF' button has been pressed.
- **Remote control not working:** Check the battery in the remote control. Ensure there are no obstructions between the remote and the power adapter's receiver.
- **Some LEDs not lighting up:** Inspect the affected section for any visible damage to the wires or bulbs. If damage is found,

discontinue use.

- **Lights flickering unexpectedly:** Ensure all connections are secure. Try a different power outlet.

8. SPECIFICATIONS
