## CEYOMUR CY50

# CEYOMUR Trail Camera User Manual

Model: CY50

## 1. INTRODUCTION

The CEYOMUR CY50 Trail Camera is a high-performance device designed for wildlife monitoring, hunting, farm surveillance, and home security. It captures impressive 48MP photos and records stunning 4K videos, day and night. With its robust IP66 waterproof design and advanced features, it's an ideal choice for various outdoor applications.

This manual provides detailed instructions on setting up, operating, and maintaining your trail camera to ensure optimal performance and longevity.

## 5. OPERATING MODES

The camera supports various operating modes to suit your needs:

- **Photo Mode:** Captures 48MP still images.
- **Video Mode:** Records 4K video footage.
- **Photo + Video Mode:** Captures a still image followed by a video clip.
- **Time-Lapse Mode:** Captures images at set intervals to create time-lapse videos.

The 0.3s fast trigger speed ensures you don't miss any action.
