ULANZI MT-47

ULANZI MT-47 Camera Tripod Instruction Manual

Model: MT-47 | Brand: ULANZI

1. INTRODUCTION

The ULANZI MT-47 Camera Tripod is a versatile and compact accessory designed for photographers and videographers. Constructed from durable aluminum alloy, it offers stability for various devices, including DSLRs, mirrorless cameras, smartphones, and action cameras. Its innovative design allows it to function as both a stable desktop tripod and an extendable handheld grip or selfie stick, making it ideal for vlogging, live streaming, travel, and general photography.

The ULANZI MT-47 tripod can be used as a stable desktop tripod or an extendable handheld grip.

2. KEY FEATURES

- **Durable Metal Construction:** Made of aluminum alloy, ensuring durability and stability with a maximum loading capacity of up to 4.4lb (2kg).
- **Arca Swiss Quick Release Plate:** Features a quick release base for fast and easy switching between different devices.

Arca Swiss Quick Release Plate

Quickly Swith Between Different Devices

The Arca Swiss quick release plate allows for rapid attachment and detachment of devices.

- **3 Levels Extendable Adjustment:** Functions as a handle grip or selfie stick with adjustable height from 7.87 inches (20cm) to 14.64 inches (37.2cm).

FLOD HEIGHT

Small size with powerful use

Max Load

4.4lb/2kg

Tripod Weight

0.72lb/328g

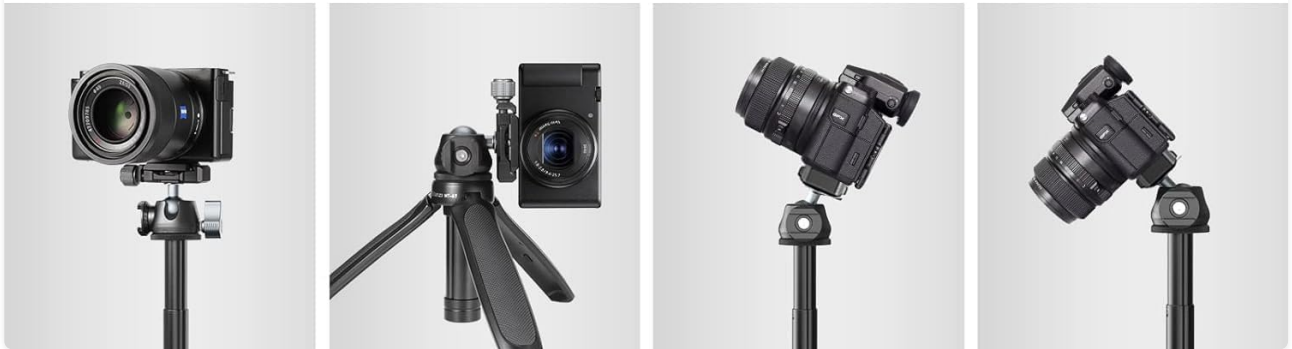

The tripod extends to three different levels for versatile use as a grip or selfie stick.

- **Rotatable Cold Shoe & 360° Swivel Ball Head:** The ball head rotates 360° for flexible angle adjustments and supports vertical shooting. A unique rotatable cold shoe mount allows for attaching microphones or LED lights.

360° Swivel Ball Head

Support Horizontal and Vertical Shooting for Arbitrary Angles

The 360° swivel ball head provides full flexibility for horizontal and vertical shooting.

Cold Shoe Expansion

There is a cold shoe on the side of the gimbal, which can expand the microphone and fill light

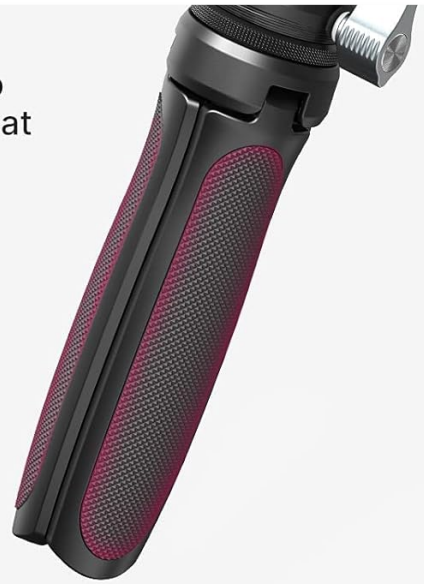

The integrated cold shoe mount allows for easy attachment of accessories like microphones or lights.

- **Lightweight & Portable:** Weighing only 328g (11.6 ounces) and folding to 20cm (7.87 inches), it is highly portable and fits easily into bags or backpacks.
- **Rubberized Design:** Soft rubber provides a comfortable grip, and anti-slip rubber feet ensure stronger stability.

Convenient to carry
Weight: 323g

- **Universal 1/4" Screw:** Compatible with a wide range of devices including DSLRs, SLRs, action cameras, GoPros, webcams, camcorders, phones (with adapter), and projectors.

The MT-47 is suitable for a variety of uses, from vlogging to professional photography.

3. SETUP

3.1 Attaching the Quick Release Plate

1. Locate the Arca Swiss quick release plate.
2. Screw the 1/4-inch screw on the plate into the tripod mount of your camera or device. Ensure it is securely tightened.
3. Open the shoe fixing lever on the tripod's ball head.
4. Slide the quick release plate with your device into the slot on the ball head until it clicks into place.
5. Close the shoe fixing lever to lock the plate securely.

3.2 Adjusting the Ball Head

1. Loosen the main head knob on the side of the ball head.

2. Adjust your camera to the desired angle (horizontal, vertical, or tilted).
3. Tighten the main head knob firmly to secure the camera in position.

4. OPERATING INSTRUCTIONS

4.1 Using as a Desktop Tripod

1. Fold out the three legs of the tripod until they are fully extended and stable.
2. Place the tripod on a flat, stable surface.
3. Adjust the height and angle of your device using the extendable sections and ball head.

4.2 Using as a Handheld Grip / Selfie Stick

1. Ensure the tripod legs are folded together to form a comfortable grip.
2. Extend the central column to your desired length for a selfie stick or extended grip.
3. Hold the rubberized handle firmly for stable shooting.

4.3 Utilizing the Cold Shoe Mount

1. Identify the rotatable cold shoe mount located on the side of the ball head.
2. Slide your cold shoe compatible accessory (e.g., microphone, LED light) into the mount.
3. Ensure the accessory is securely seated.

5. MAINTENANCE

- **Cleaning:** Wipe the tripod with a soft, dry cloth after each use to remove dust and debris. For stubborn dirt, use a slightly damp cloth and then dry thoroughly. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the tripod in a cool, dry place away from direct sunlight and extreme temperatures. Ensure it is fully collapsed and clean before storage.
- **Lubrication:** The moving parts are designed for smooth operation. If any part feels stiff, do not force it. Consult the manufacturer's support for advice; avoid applying lubricants unless specifically instructed.

6. TROUBLESHOOTING

- **Instability:** Ensure all legs are fully extended and locked into position when using as a tripod. Verify that the quick release plate is securely fastened and the ball head knob is tightened. Check that your device's weight does not exceed the 4.4lb (2kg) limit.
- **Stiff Adjustments:** If the extendable sections or ball head feel stiff, check for any trapped dirt or foreign objects. Gently clean the affected areas. Do not apply excessive force.
- **Device Not Mounting Securely:** Confirm that the 1/4-inch screw on the quick release plate is fully tightened to your device and that the shoe fixing lever on the ball head is properly closed.

7. SPECIFICATIONS

Product Dimensions	0.98 x 7.87 x 14.65 inches
