

## Jobar JB8875

# Jobar Foldable Corner Hangers Instruction Manual

Model: JB8875

## INTRODUCTION

Thank you for choosing the Jobar Foldable Corner Hangers. This product is designed to maximize corner spaces in your home or office, providing convenient storage for various items. Its foldable design allows for flexible use and space-saving when not in use. Please read this manual carefully before installation and use to ensure proper function and longevity of your hangers.

## SETUP

The Jobar Foldable Corner Hangers are designed for easy installation without the need for special tools. They are suitable for mounting on drywall and plaster surfaces.

### Installation Steps:

1. **Prepare the Surface:** Ensure the corner surface where you intend to install the hanger is clean, dry, and smooth.
2. **Position the Hanger:** Hold the hanger in the desired corner. The two sections of the hanger should align with the two walls forming the corner.
3. **Secure the Hanger:** The hanger features an adhesive backing for tool-free installation. Remove the protective film from the adhesive strips on the back of each section. Firmly press each section against the wall in the corner for at least 30 seconds to ensure a strong bond.
4. **Allow Adhesion:** For optimal adhesion, it is recommended to wait 24 hours before placing items on the hangers.

# Corner Hangers

Maximize corner spaces

6 rotating hooks

No tools required

Holds up  
to 4lbs  
(2lbs per side)

Easy installation

Dimensions: 14.57" x 2.24" x 0.29"

## OPERATING INSTRUCTIONS

The Jobar Foldable Corner Hangers feature six rotating hooks, three on each side, designed for versatile use.

### Using the Hangers:

- **Folding Mechanism:** The hanger is designed to fold at the center, allowing it to fit snugly into a 90-degree corner. When not in use, it can be folded flat against one wall to save space.
- **Hook Rotation:** Each of the six hooks can rotate, providing flexibility to hang items at various angles.
- **Weight Capacity:** The hanger can hold up to 4 lbs in total (2 lbs per side). Do not exceed this weight limit to prevent damage to the product or mounting surface.
- **Recommended Use:** Ideal for hanging keys, small umbrellas, kitchen utensils, and other lightweight items.

## MAINTENANCE

---

To ensure the longevity and appearance of your Jobar Foldable Corner Hangers, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the hangers periodically with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these can damage the surface finish.
- **Inspection:** Regularly check the adhesion to the wall. If the hanger appears loose, gently press it back into place.
- **Weight Limit:** Always adhere to the recommended weight limit of 2 lbs per side (4 lbs total) to prevent stress on the adhesive and the hanger structure.

## TROUBLESHOOTING

---

If you encounter any issues with your Jobar Foldable Corner Hangers, consider the following:

- **Hanger is not adhering properly:** Ensure the surface was clean and dry before installation. Re-apply

pressure to the adhesive strips. If the issue persists, the surface may not be suitable for adhesive mounting, or the adhesive may have lost its effectiveness.

- **Items are falling off:** Verify that the total weight of items does not exceed the 2 lbs per side (4 lbs total) capacity. Ensure items are properly balanced on the hooks.
- **Hooks are stiff or difficult to rotate:** Gently try to rotate the hooks. If they remain stiff, ensure no debris is obstructing their movement. Avoid forcing them.
