Adjustable Comfort Deluxe Adjustable Bed Base 2.0 - Queen (Model J15210-0405)

User Manual

1. INTRODUCTION

This manual provides instructions for the assembly, operation, and maintenance of your Adjustable Comfort Deluxe Adjustable Bed Base 2.0. Please read this manual thoroughly before installation and use to ensure proper function and safety.

The Adjustable Comfort Deluxe Adjustable Bed Base 2.0 offers multiple ergonomic positions, massage functions, a wireless remote, and integrated USB ports for enhanced comfort and convenience. It is designed to support various sleep positions and can help alleviate common issues such as snoring and acid reflux.

2. SAFETY INFORMATION

WARNING: Always follow the assembly instructions carefully. Do not exceed the maximum weight recommendation of 750 pounds. Keep the remote out of reach of children when not in use. Use appropriate bedding materials for infants and young children to prevent entrapment and suffocation hazards.

- Ensure all connections are secure before operation.
- Keep hands and fingers clear of moving parts during adjustment.
- Do not allow children or pets to play on or under the bed base.
- Unplug the bed base from the power outlet before cleaning or maintenance.
- Consult a medical professional if you have specific health concerns regarding adjustable bed use.

4. SETUP AND ASSEMBLY

Assembly requires no tools. Follow these steps for quick setup:

1. **Attach Legs:** Thread the bolt of each leg into the frame and rotate until tight. Ensure all six legs are securely attached.

Easy Assembly

Setup requires no tools, and we include everything you need (yes, even the batteries). Plus, the zero clearance design works on most existing platform frames.

2. **Connect Power:** Connect the power adapter to the control box located underneath the bed base.
3. **Flip the Base:** With two people, carefully flip the bed base over so it rests on its legs.
4. **Install Retainer Bar:** Insert the mattress retainer bar into the designated holes at the foot of the bed.

The bed base is designed for easy assembly and can fit into most existing platform frames. For Split King configurations, two Twin XL adjustable bases are required.

Split the Difference

Create a Split King by pairing two Twin XL bases, allowing each sleeper to adjust their side independently for personalized comfort.

5. OPERATING INSTRUCTIONS

Your Adjustable Comfort bed base is operated using a wireless remote control. Ensure the remote has batteries installed (if not already pre-installed).

5.1. Remote Control Functions

Smart Technology

Image: The wireless remote control, displaying buttons for head and foot elevation, massage intensity, preset positions (TV, Anti-Snore, Zero Gravity), and programmable memory settings.

- **Head & Foot Elevation:** Use the "HEAD" and "FOOT" up/down arrows to adjust the head (0-60°) and foot (0-40°) sections independently.
- **Preset Positions:**
 - **TV:** Adjusts the bed to an optimal position for watching television.
 - **ANTI SNORE:** Gently raises the head to help reduce snoring.
 - **ZG (Zero Gravity):** Elevates the head and feet to create a feeling of weightlessness, promoting circulation and reducing pressure.
 - **FLAT:** Returns the bed to a completely flat position.
- **Programmable Memory:** Use M1, M2, M3 buttons to save your favorite custom positions. To save a position, adjust the bed to your desired setting, then press and hold the desired memory button (M1, M2, or M3) until the bed briefly moves or the remote light flashes.
- **Massage Function:**
 - Use the "HEAD-" and "HEAD+" buttons to adjust head massage intensity.
 - Use the "FOOT-" and "FOOT+" buttons to adjust foot massage intensity.
 - The "MODE" button cycles through different massage patterns.

- The "TIMER / ALL OFF" button can set a timer for massage or turn off all functions.
- **USB Ports:** Two USB ports are located on the side of the bed base for convenient charging of electronic devices.
