VELECO Advena

Veleco Advena 3-Wheel Enclosed Moped User Manual

Model: Advena

1. Introduction

Welcome to the Veleco Advena user manual. This document provides comprehensive instructions for the safe and efficient operation, maintenance, and care of your new 3-wheel enclosed moped. Please read this manual thoroughly before operating the vehicle to ensure proper usage and to maximize its lifespan.

2. Setup

2.1 Unpacking and Initial Inspection

The Veleco Advena is delivered fully assembled and ready to drive. Upon receipt, carefully inspect the packaging and the vehicle

for any signs of damage that may have occurred during transit. Report any damage to your dealer immediately.

2.2 Charging the Battery

Before the first use, ensure the vehicle's batteries are fully charged. The charger is included in the box.

- Locate the charging port on the vehicle.
- Connect the charger to the vehicle's charging port.
- Plug the charger into a standard household electrical outlet.
- Allow **6 to 8 hours** for a full charge. The indicator light on the charger will typically change color to indicate a full charge.
- Always disconnect the charger once charging is complete.

Note: Only use the charger supplied with your Veleco Advena. Using an incompatible charger may damage the batteries or the vehicle.

3. Operating Instructions

3.1 Starting and Driving

- Ensure the vehicle is fully charged.
- Insert the key into the ignition and turn it to the 'ON' position.
- Check the dashboard display for battery level and readiness indicators.
- Engage the appropriate drive mode (forward/reverse) using the controls.
- Gently apply the accelerator to begin moving.

3.2 Key Features and Controls

- **Electric Drive:** The 1500W electric motor provides emission-free, quiet, and efficient operation.
- **Weather-Resistant Cabin:** The enclosed cabin offers protection from rain, wind, and cold temperatures, ensuring comfort in various weather conditions.
- **Extra Passenger Seat:** An additional seat is available for a passenger or for carrying items, increasing the vehicle's utility.
- **Rear View Camera:** The integrated rear view camera assists with parking by providing a clear view of the area behind the vehicle, enhancing safety and ease of maneuvering in tight spaces.
- **MP3/MP4 Radio with Bluetooth:** Enjoy entertainment on the go with the built-in radio, supporting MP3/MP4 playback and Bluetooth connectivity for wireless audio streaming.
- **Full LED Lighting:** Comprehensive LED lighting ensures excellent visibility during night driving and increases the vehicle's presence for other road users, improving overall safety.
- **Electric Windows:** Convenient electric windows allow for easy opening and closing, enhancing comfort and user experience.
- **Seat Belt:** An integrated seat belt provides additional safety for occupants, securing them during sudden stops or potential

incidents.

- **Alarm System:** The vehicle is equipped with an alarm system to deter theft and unauthorized access, activating an alert in case of suspicious activity.

4. Maintenance

Regular maintenance is crucial for the longevity and optimal performance of your Veleco Advena.

4.1 Battery Care

- Charge the batteries regularly, even if the vehicle is not in frequent use, to prevent deep discharge.
- Avoid overcharging by disconnecting the charger once the battery is full.
- Store the vehicle in a cool, dry place when not in use, especially during extended periods.

4.2 Cleaning

- Clean the exterior with a soft, damp cloth and mild soap. Avoid harsh chemicals or abrasive materials.
- Regularly clean the windows and mirrors for clear visibility.
- Keep the interior free of debris and dust.

4.3 Tire Pressure

Check tire pressure periodically and maintain it at the recommended levels to ensure safe handling and optimal range.

5. Troubleshooting

This section provides solutions to common issues you might encounter with your Veleco Advena.

Problem	Possible Cause	Solution
Vehicle does not start	Low battery charge Ignition key not fully turned	Charge the battery fully Ensure key is in 'ON' position
Reduced range	Under-inflated tires Heavy load Frequent uphill driving	Check and adjust tire pressure Reduce load Optimize driving style
Lights not working	Blown fuse Loose connection	Check and replace fuse (consult dealer) Inspect connections (consult dealer)
Alarm system triggers unexpectedly	Sensitivity setting too high Environmental factors	Adjust alarm sensitivity (consult dealer) Ensure vehicle is parked securely

If you encounter issues not listed here or if the suggested solutions do not resolve the problem, please contact your authorized Veleco service center.
