

## SHA CERLIN AK-3384-2-BQ

# SHA CERLIN LED Queen Bed Frame with Adjustable Headboard

Model: AK-3384-2-BQ

Brand: SHA CERLIN

## 1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your SHA CERLIN LED Queen Bed Frame. Please read this manual thoroughly before assembly and use to ensure safe and correct operation.

## 2. SAFETY INFORMATION

### Caution:

- The LED headboard may emit heat. Do not place any flammable materials near it.
- Always follow the assembly instructions carefully to prevent instability or collapse.
- Ensure all connections are secure before use.
- Keep small parts away from children during assembly.

## 3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Bed Frame components
- Headboard components (with integrated LED lighting)
- Installation Manual (this document)
- Remote Control for LED lights
- All necessary hardware (screws, bolts, etc.)

## 4. SETUP

## 4.1 Assembly Instructions

The SHA CERLIN LED Queen Bed Frame is designed for straightforward assembly. All necessary parts are included in one box, and no extra tools are required. Assembly typically takes approximately one hour.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Follow the step-by-step diagrams and instructions provided in the included installation manual.
3. Ensure all connections are tightened securely, but do not overtighten.
4. Attach the headboard, ensuring the LED wiring is correctly connected as per the manual.
5. Install the solid wood slats evenly across the frame. The new generation equidistant slats provide strong support.

The bed frame features a **sunken design** that securely holds the mattress in place, preventing movement. Its **low-profile sleigh design** and round edges enhance safety, particularly for households with children.

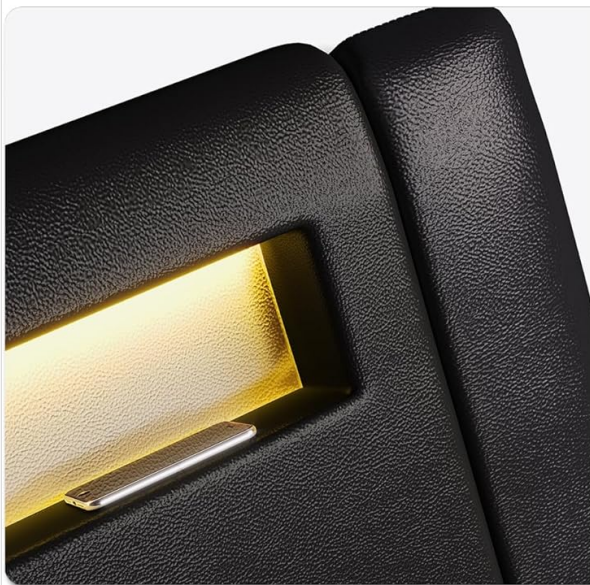

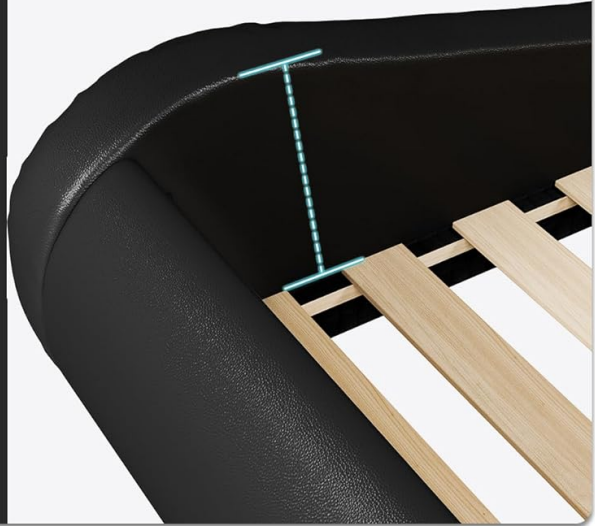

Figure 1: Product Dimensions and Material Information. Material: PU leather, Solid wood slats, Wood Frame. Dimensions: 91.3"L x 65.7"W x 25.2"H. Weight Capacity: 800 lbs.

## SUNKEN DESIGN

Prevents mattress movement

## EXTRA STORAGE SPACE

Cell phones and other items can be stored

Figure 2: Sunken Design and Headboard Storage. The sunken design prevents mattress movement, and the headboard offers extra space for small items like cell phones.

## 5. OPERATING INSTRUCTIONS

### 5.1 LED Headboard Operation

The integrated LED lighting in the headboard can be controlled via a remote control or a dedicated mobile application (Bluetooth connection required). This allows for customization of your bedroom ambiance.

- **Color and Brightness:** Freely switch between multiple colors and adjust brightness levels.
- **Customizable Patterns:** Choose from constant, dynamic, and music sync modes.
- **Music Sync:** A high-sensitivity audio sensor allows the LED lights to flash in sync with music, creating a dynamic atmosphere.
- **Timer Function:** Set a timer for the lights to turn on or off automatically.

The LED headboard is designed for **safer use**; it does not get hot even after prolonged operation, and the diffuse light is gentle on your eyes.

Figure 3: Creative RGBIC DIY Mode. Control LED colors, brightness, and patterns via remote or app, including music sync and smart timer functions.

## 5.2 Adjustable Headboard

The headboard features a **120° ergonomic and adjustable design**, allowing you to customize its angle for optimal comfort while sitting up in bed. This design provides excellent support for your back, waist, and buttocks.

## 120° ERGONOMIC & ADJUSTABLE HEADBOARD DESIGN

Figure 4: 120° Ergonomic & Adjustable Headboard Design. The headboard can be adjusted to provide comfortable support for various activities.

### 5.3 Official Product Video

Watch this official product video from SHA CERLIN for a visual guide on the LED Bed Frame with Adjustable Headboard:

Video 1: SHA CERLIN LED Bed Frame with Adjustable Headboard. This video demonstrates the features and design of the bed frame, including the LED lighting and adjustable headboard.

## 6. MAINTENANCE

To maintain the quality and appearance of your bed frame:

- **Cleaning:** Wipe the faux leather surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary.
- **LED Care:** Do not attempt to open or repair the LED light strip. Contact customer support if issues arise.

## 7. TROUBLESHOOTING

If you encounter any issues with your SHA CERLIN LED Queen Bed Frame, please refer to the following general advice:

- **LED Lights Not Working:** Check the power connection to the LED strip and ensure the remote control batteries are functional. Verify the sensor is not obstructed.
- **Unstable Frame:** Re-check all assembly connections and tighten any loose bolts. Ensure the bed is on a flat, even surface.
- **Mattress Movement:** Confirm the mattress is correctly seated within the sunken frame design.

For further assistance, please contact SHA CERLIN customer support.

## 8. SPECIFICATIONS
