# WLIVE Fabric Dresser User Manual

Model: ASNG100DHS2

## INTRODUCTION

Thank you for choosing the WLIVE Fabric Dresser. This storage tower, featuring 8 spacious drawers and a rustic brown wood grain print, is designed to help you organize your living space efficiently. Its sturdy construction and thoughtful design make it a versatile addition to bedrooms, closets, entryways, living rooms, or dorms. This manual provides essential information for safe assembly, operation, maintenance, and troubleshooting to ensure long-lasting use of your dresser.

## SAFETY INFORMATION

### **WARNING:**

- Do not place the dresser near heat sources.
- Always use the provided anti-tipping accessories to secure the dresser to a wall. This prevents accidental tipping,

especially important in households with children or pets.

- Do not allow children to climb on the dresser or open multiple drawers at once, as this can cause instability.
- Ensure the dresser is placed on a flat, stable surface. Use the adjustable feet to compensate for uneven ground.
- Do not overload drawers. Each drawer has a capacity of approximately 6.6 lbs (3 kg).

## ASSEMBLY AND SETUP

The WLIVE Fabric Dresser is designed for straightforward assembly. All necessary tools and detailed instructions are included in the package. Please follow the steps carefully.

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Refer to the parts list to ensure everything is present.
2. **Assemble the Steel Frame:** Connect the frame components using the provided screws and Allen wrench. Ensure all connections are secure.
3. **Attach Adjustable Feet:** Screw the adjustable feet into the bottom of the frame. These can be adjusted later to level the dresser on uneven floors.
4. **Install the Wooden Top:** Secure the wooden top board to the top of the steel frame using the designated hardware.
5. **Prepare Fabric Drawers:** Unfold each fabric drawer and insert the bottom support panel to give it shape. Attach the handles to the front of each drawer.
6. **Insert Drawers:** Slide the assembled fabric drawers into their respective slots in the steel frame.
7. **Install Anti-Tipping Device:** For safety, securely attach the anti-tipping device to the back of the dresser and to a wall stud using appropriate wall anchors (not always included, depending on wall type).

## OPERATING INSTRUCTIONS (USAGE)

The WLIVE Fabric Dresser is designed for convenient storage and organization.

- **Drawer Usage:** Gently pull the handles to open the fabric drawers. The drawers are designed to slide smoothly. Push them back completely to close.
- **Storage Capacity:** The 8 deep drawers provide ample space for various items such as clothing, linens, toys, or accessories. Each drawer can hold approximately 6.6 lbs (3 kg).
- **Top Surface:** The sturdy wooden top can be used for placing decorative items, lamps, books, or other frequently accessed belongings. The top surface has a weight capacity of approximately 35 lbs.

## HIGH-QUALITY WOOD BOARD

Ensure a long service life

Textured and water-resistant

With protective coating

## MAINTENANCE AND CARE

To ensure the longevity and appearance of your WLIVE Fabric Dresser, follow these care guidelines:

- **Cleaning the Wooden Top:** Wipe the wooden top surface with a dry, soft cloth. Avoid using harsh chemicals or abrasive cleaners that could damage the finish.
- **Cleaning Fabric Drawers:** For light cleaning, use a soft brush or vacuum cleaner to remove dust. For spills or stains, spot clean with a damp cloth and mild soap, then air dry. Do not machine wash the fabric drawers.
- **Frame Care:** Wipe the steel frame with a damp cloth as needed.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or damage to the fabric and wood finish.

## TROUBLESHOOTING

If you encounter any issues with your WLIVE Fabric Dresser, please refer to the following common solutions:

| Problem                                     | Possible Cause                               | Solution                                                                                                                                                                                           |
|---------------------------------------------|----------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Dresser feels wobbly or unstable.           | Uneven floor or loose connections.           | Adjust the leveling feet at the bottom of the dresser. Check and tighten all screws on the steel frame. Ensure the anti-tipping device is properly installed.                                      |
| Drawers do not slide smoothly.              | Drawer is overloaded or not properly seated. | Reduce the weight in the drawer. Ensure the drawer is fully unfolded and the bottom support is correctly in place. Re-insert the drawer into its slot, ensuring it aligns with the frame supports. |
| Fabric drawers appear creased or misshapen. | Initial packaging or improper storage.       | Fill the drawers with items to help them regain their shape. Over time, minor creases should diminish. Ensure the bottom support panel is correctly inserted.                                      |
