WLIVE AD SG026WH

WLIVE 63 Inch TV Stand User Manual

Model: AD SG026WH

PRODUCT OVERVIEW

The WLIVE 63 Inch TV Stand is a modern entertainment center designed for televisions up to 70 inches. It features integrated LED lighting, ample storage with two large drawers and seven open shelves, and a sturdy construction of high-quality particle board and tempered glass. This stand is designed to enhance your living space with both style and functionality.

Image: The WLIVE 63 Inch TV Stand, white in color, with a large television placed on its top surface. The integrated LED lights are

illuminated, casting a soft glow from the open compartments. The stand features two central drawers and open shelving on either side, providing a clean and modern aesthetic in a living room setting.

SETUP AND ASSEMBLY

This TV stand requires assembly. Please ensure all parts are present before beginning. It is recommended to assemble the unit on a soft, clean surface to prevent scratches. Follow the detailed instructions provided in the packaging for step-by-step assembly. A Phillips head screwdriver is typically required (not included).

- **Unpacking:** Carefully remove all components from the packaging. Verify against the parts list in your assembly guide.
- **Tools:** Ensure you have the necessary tools, typically a Phillips head screwdriver.
- **Assembly Steps:** Follow the numbered steps in the included assembly manual. Pay close attention to the orientation of each piece.
- **Placement:** Position the assembled TV stand on a flat, stable surface. Ensure adequate space for ventilation around your television and media devices.

PRODUCT SIZE

Max Weight
Capacity

110 lbs

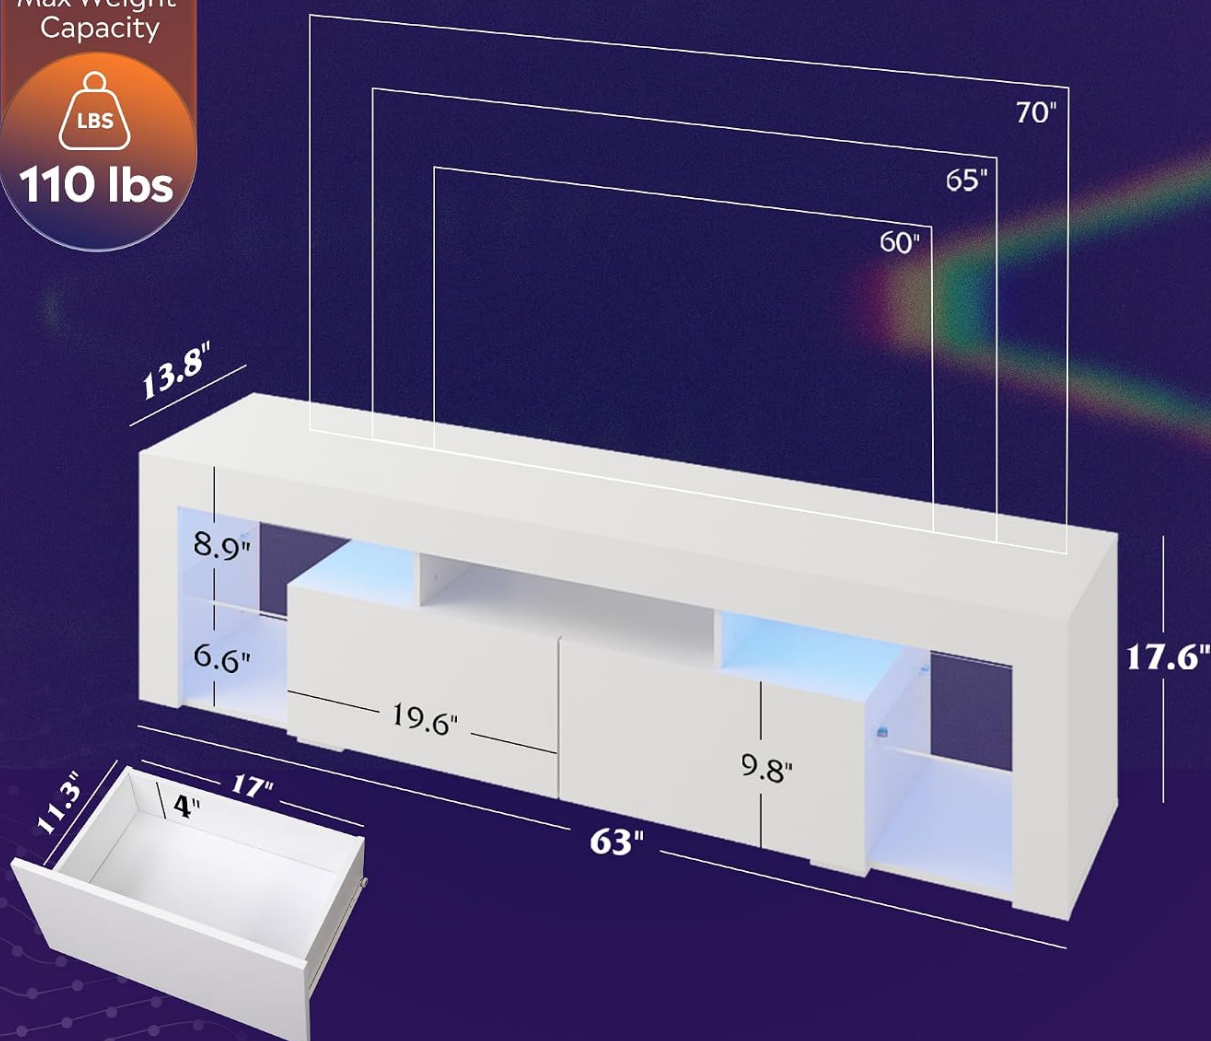

Image: A technical diagram illustrating the dimensions of the WLIVE TV stand, including its length (63 inches), depth (13.8 inches), and height (17.6 inches). It also shows the internal dimensions of the shelves and drawers, along with a visual representation of compatible TV sizes (60, 65, and 70 inches) and the maximum weight capacity of 110 lbs.

Important Safety Note: Do not overload the TV stand. The maximum load capacity is 110 lbs. Ensure the TV stand is stable and properly assembled to prevent tip-overs, especially with larger televisions.

OPERATING THE LED LIGHTS

The WLIVE TV Stand features integrated LED lights to enhance your entertainment experience. The lighting system is controlled via a remote control (batteries not included).

- **Power On/Off:** Use the power button on the remote to turn the LED lights on or off.
- **Color Selection:** Choose from 20 vibrant colors using the color buttons on the remote.
- **Light Modes:** Select from 22 dynamic light modes to create different ambiances.
- **Brightness Adjustment:** Adjust the brightness level (5 levels available) to suit your preference.
- **Remote Control Range:** The remote control has an effective distance of up to 15 meters.

It highlights the availability of 20 colors, 22 dynamic light modes, and 5 brightness levels, all controllable via a remote with a 15-meter range. The image also shows various color examples and a split view of the TV stand with lights on and off.

Note: The remote control requires batteries, which are not included in the package. Please insert appropriate batteries before use.

STORAGE AND ORGANIZATION

The TV stand offers versatile storage solutions to keep your media area tidy and organized.

- **Two Large Drawers:** Ideal for concealing clutter such as remote controls, gaming accessories, and small media items.
- **Seven Open Storage Shelves:** Perfect for housing media devices like gaming consoles, DVD players, sound systems, and for displaying decorative items. The glass shelves add a modern touch.

The top panel provides an aerial view of the two large drawers, demonstrating their capacity for organizing various items like remotes and game cases. The bottom panel shows a front view of the stand with media devices and decorative items placed on the seven open storage shelves, highlighting the functional and aesthetic aspects of the design.

MAINTENANCE AND CARE

To ensure the longevity and appearance of your WLIVE TV Stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the surfaces with a dry cloth. For minor spills, use a slightly damp cloth and immediately dry with a clean, soft cloth. Avoid harsh chemicals or abrasive cleaners.
- **Scratch Resistance:** The solid color finish is designed to resist scratches from everyday use. However, avoid dragging sharp or heavy objects across the surface.
- **Water Resistance:** The materials are waterproof, making cleaning easy. Promptly wipe away any liquid spills to prevent damage.
- **Structural Integrity:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain stability.

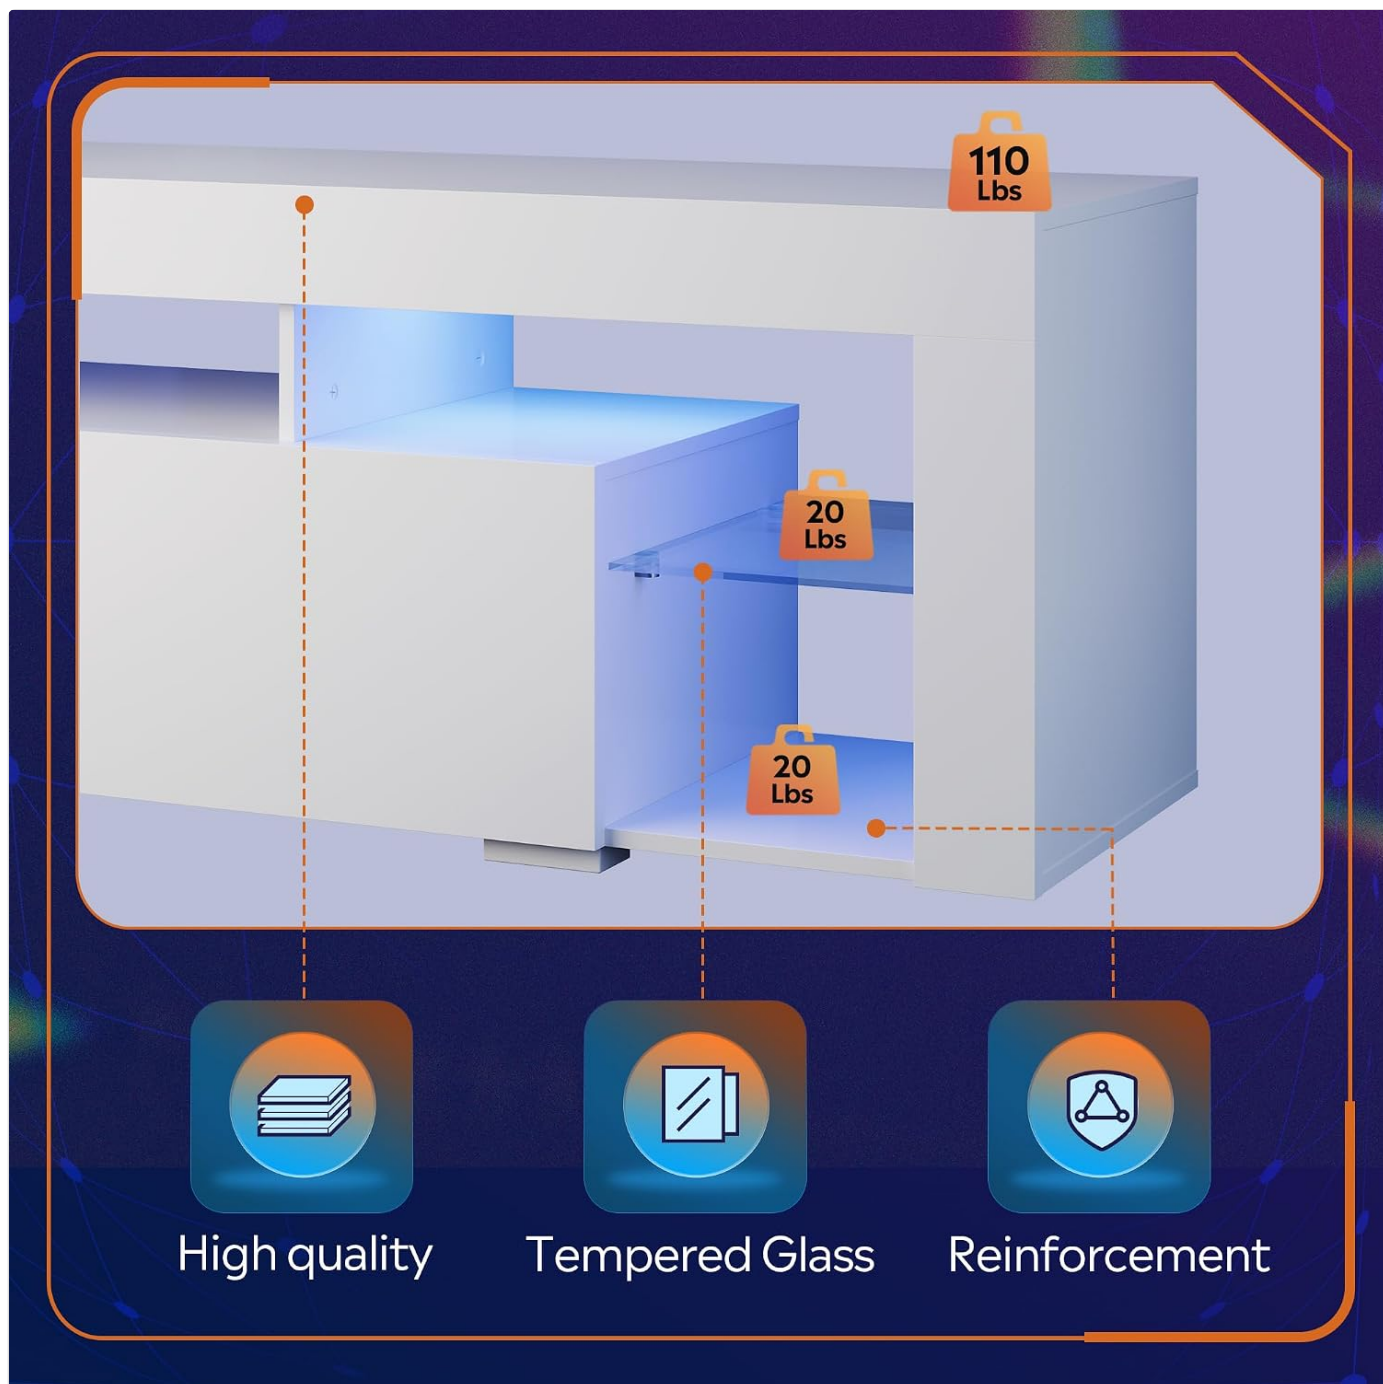

Image: A graphic detailing the robust construction of the WLIVE TV stand. It emphasizes the use of high-quality materials, tempered glass components, and reinforced structural elements, indicating the product's durability and stability. The image also shows the maximum weight capacity of 110 lbs for the top surface and 20 lbs for the glass shelves.

TROUBLESHOOTING

If you encounter any issues with your WLIVE TV Stand, please refer to the following common solutions:

Problem	Possible Cause / Solution
Difficulty during assembly	Ensure you are following the assembly instructions precisely. Some parts may require specific orientation. If a part seems difficult to fit, double-check the diagram. Using your own screwdriver might provide better leverage than the small one sometimes included.

Problem	Possible Cause / Solution
LED lights not working	◦ Check if the power adapter is securely plugged into both the TV stand and a working power outlet. ◦ Ensure batteries are correctly inserted into the remote control. Batteries are not included and must be purchased separately. ◦ Verify that the remote control is within the effective range (up to 15 meters) and pointed towards the receiver.
Stand appears unstable or wobbly	◦ Confirm that all screws and fasteners are tightened securely. ◦ Ensure the stand is placed on a flat, level surface. ◦ Verify that the total weight on the stand does not exceed the maximum load capacity of 110 lbs.
Minor cosmetic imperfections (chips, scratches)	While the product is designed to be scratch-resistant, minor imperfections can occur during shipping or handling. For small marks, a touch-up pen or paint matching the white finish may be used.

SPECIFICATIONS
