- **Display:** Position the magnet on any suitable magnetic surface to enhance the aesthetic of your space.
- **Securing Items:** The magnet can be used to hold lightweight papers, notes, or photos against a magnetic surface. Ensure the magnet's full surface area is in contact with the surface for optimal hold.
- **Repositioning:** To move the magnet, gently lift it from the surface and re-apply it to the new desired location. Avoid sliding the magnet across surfaces that may be easily scratched.

Important: This magnet is not a toy and should be kept out of reach of small children due to potential choking hazards from small parts or strong magnets if broken. Do not place near sensitive electronic devices or magnetic media.

MAINTENANCE

- **Cleaning:** To clean the magnet, gently wipe its surface with a soft, dry, or slightly damp cloth. Avoid using abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish or material.
