SETUP INSTRUCTIONS

Follow these steps to set up your BAJEAL gaming combo:

1. Keyboard Setup

1. Connect the wired USB cable of the mechanical keyboard to an available USB port on your computer.
2. The keyboard is plug-and-play; drivers will install automatically.
3. The keyboard features hot-swappable switches, allowing for customization or replacement of individual key switches.

2. Mouse Setup

1. Connect the wired USB cable of the gaming mouse to an available USB port on your computer.
2. The mouse is plug-and-play; drivers will install automatically.

3. Headset Setup

1. Connect the USB cable of the gaming headset to an available USB port on your computer.
2. Ensure your computer's audio output and input settings are configured to use the BAJEAL headset.
3. The headset provides 7.1 surround sound for an immersive audio experience.

Image: The BAJEAL 7.1 surround sound gaming headset with microphone, featuring comfortable earcups and an adjustable headband.

4. Mousepad Placement

1. Place the large gaming mousepad on a flat, clean surface.
2. The anti-slip rubber underside will keep it firmly in place during use.

OPERATING INSTRUCTIONS

Keyboard Functions

- **RGB Lighting Effects:** The keyboard features 9 distinct RGB lighting effects. Use the dedicated lighting control keys (refer to keyboard layout for specific keys, often FN + a specific key) to cycle through effects and adjust multi-level backlight brightness.
- **Multimedia Keys:** Utilize the 12 FN+ multimedia keys for quick access to functions such as volume control, media playback, and more.
- **Anti-Ghosting:** The keyboard supports 26 conflict-free keys, ensuring accurate input during intense gaming sessions.

Mouse Functions

- **DPI Adjustment:** The mouse offers 6 levels of DPI (Dots Per Inch) adjustment: 800, 1600, 2400, 3200, 4800, and 8000. Use the DPI button on the mouse to cycle through these settings to match your preference and game requirements.
- **Programmable Buttons:** The mouse is equipped with 7 buttons. Specific software (if available, not included in product description) may allow for custom button assignments.
- **Weight Adjustment:** An 8-piece weight adjustment set (2.4g x 8) is included to customize the mouse's feel and balance. Access the weight compartment on the underside of the mouse.
- **One-Button Return to Desktop:** A dedicated button provides quick access to your desktop.

Headset Functions

- **Volume Control:** Adjust the headset volume using the inline control or your computer's system volume settings.
- **Microphone Usage:** Position the microphone appropriately for clear voice communication. Ensure the microphone is enabled in your computer's sound settings.
- **Comfort Adjustment:** The headset features a height-adjustable headband and soft memory foam earcups for extended comfort during long gaming sessions.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your gaming combo.

Cleaning

- **Keyboard:** Use a soft, dry cloth to wipe the surface. For deeper cleaning, use compressed air to remove dust and debris from between keys. Avoid liquid cleaners directly on the keys.
- **Mouse:** Wipe the mouse surface with a slightly damp, soft cloth. Ensure no moisture enters the internal components. Clean the optical sensor area with a dry cotton swab.
- **Headset:** Clean the earcups and headband with a soft, dry cloth. For hygiene, earcup covers can often be gently wiped with a mild disinfectant wipe.
- **Mousepad:** The mousepad can be gently hand-washed with mild soap and water. Allow it to air dry completely before use.

Storage

Store all components in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

TROUBLESHOOTING

If you encounter issues, please refer to the following common solutions:

- **Device Not Recognized:** Ensure all USB cables are securely connected to your computer. Try connecting the devices to different USB ports. Restart your computer.

- **Keyboard/Mouse Not Responding:** Check the USB connection. If the issue persists, try connecting to another computer to rule out a device-specific problem.
- **RGB Lighting Issues:** Verify that the keyboard is properly connected. Cycle through the lighting effects using the designated keys to ensure it's not set to an 'off' mode.
- **Headset Audio Problems:** Check the USB connection. Ensure the headset is selected as the default playback and recording device in your computer's sound settings. Adjust volume levels on both the headset and your computer.
- **Microphone Not Working:** Confirm the microphone is enabled and selected as the default recording device in your computer's sound settings. Check for any mute buttons on the headset or inline controls.
- **Mouse Tracking Issues:** Ensure the mousepad surface is clean and free of obstructions. Clean the mouse's optical sensor.

SPECIFICATIONS

Keyboard

- **Type:** 87-Key Mechanical Keyboard
