Navaris Cleaning Caddy with Handle User Manual

Model: 54999.02_m001936

Brand: Navaris

1. INTRODUCTION

This manual provides comprehensive instructions for the Navaris Cleaning Caddy with Handle. This product is designed to organize and transport various cleaning supplies efficiently within your home. Please read this manual thoroughly to ensure proper use and maintenance of your cleaning caddy.

2. PRODUCT OVERVIEW AND FEATURES

The Navaris Cleaning Caddy is a robust and practical storage solution for household cleaning items, featuring a vintage design and durable construction.

Key Features:

- **Organized Storage:** Designed to hold cleaning products, bottles, sprays, cloths, sponges, and brushes in one convenient, easy-to-carry place. Ideal for storage under kitchen sinks or in cupboards.
- **Wooden Handle:** Features a real eucalyptus wood handle for comfortable and easy portability around the house. The handle is designed to fold down for compact storage when not in use.
- **Removable Tray:** Includes a removable tray with three compartments, perfect for organizing smaller items such as brushes, cloths, and sponges. Larger items can be stored in the main compartment underneath the tray.
- **Sturdy Construction:** Manufactured from powder-coated iron sheet, providing a durable and long-lasting design that is more robust than typical plastic caddies.

Dimensions:

Overall dimensions: 10.9 inches (27.7 cm) deep x 9.1 inches (23 cm) wide x 8.3 inches (21 cm) high.

Material: Powder-coated iron sheet with a eucalyptus wood handle.

3. SETUP

The Navaris Cleaning Caddy requires minimal assembly or setup before use.

1. Unpack the cleaning caddy from its protective packaging.
2. Ensure the wooden handle is securely attached to the metal frame. The handle is designed to pivot for carrying and fold down for storage.
3. Place the removable tray into the caddy's main compartment if you wish to use it for smaller items.

WOODEN HANDLE

Carry cleaning products in style with a real wood handle for transport

4. OPERATING INSTRUCTIONS

Using your Navaris Cleaning Caddy is straightforward and designed for convenience.

1. **Loading Supplies:** Place larger cleaning bottles, sprays, and other bulkier items directly into the main compartment of the caddy.
2. **Utilizing the Removable Tray:** Position the removable tray on top of the main compartment. Use its three sections to organize smaller accessories such as sponges, brushes, cleaning cloths, or protective gloves.
3. **Transporting the Caddy:** Lift the wooden handle to carry the caddy between different areas of your home. For optimal stability, ensure that the weight of the contents is distributed as evenly as possible.
4. **Storage:** When not in active use, the caddy can be stored under sinks, in utility closets, or on shelves. The handle can be folded down to reduce its height for more compact storage.

5. MAINTENANCE AND CARE

Proper maintenance will help preserve the appearance and functionality of your Navaris Cleaning Caddy.

- **Cleaning Metal Surfaces:** Wipe the powder-coated iron surfaces with a soft, damp cloth and a mild, non-abrasive detergent. Avoid harsh chemicals or abrasive cleaning tools that could scratch or damage the finish.
- **Drying:** After cleaning, ensure the caddy is thoroughly dried to prevent water spots or potential rust formation.
- **Wooden Handle Care:** The eucalyptus wood handle can be cleaned with a dry or slightly damp cloth. Avoid prolonged exposure to moisture to maintain the wood's integrity.
- **Storage Environment:** Store the caddy in a dry indoor environment when not in use to protect it from extreme temperatures and humidity.

| Item Weight | 3.62 pounds (1.64 kg) |
| Special Features | Portable, Removable Tray |
| Manufacturer | KW-Commerce |

Note: All specifications are approximate and subject to change without notice.

7. TROUBLESHOOTING

This section addresses common concerns you might encounter with your cleaning caddy.

- **Caddy feels unstable when carried:** Ensure that the weight of the cleaning products is distributed as evenly as possible within the caddy. Uneven weight distribution can cause the caddy to tilt or feel unbalanced during transport.
- **Handle does not fold smoothly:** Check for any obstructions or debris around the handle's pivot points. Ensure the handle mechanism is clean and free from foreign objects that might impede its movement.
- **Scratches on surface:** The caddy features a powder-coated iron finish. To prevent scratches, avoid dragging the caddy across rough surfaces and refrain from placing sharp or abrasive objects directly against its exterior.

8. WARRANTY AND SUPPORT

For information regarding product warranty, return policies, or customer support, please refer to the documentation provided at the time of purchase or contact the retailer from whom the product was acquired.

For general inquiries about Navaris products, you may visit the official Navaris website or contact their customer service department through the channels provided on their website.
