Instruction Manual

MDESIGN WIDE PLASTIC KITCHEN FOOD STORAGE ORGANIZER BIN BASKET

Model: 18970MDK

Introduction

Thank you for choosing the mDesign Wide Plastic Kitchen Food Storage Organizer Bin Basket. This manual provides essential information for the proper setup, operation, and maintenance of your new storage solution. These versatile clear bins are designed to help organize various items in your kitchen, pantry, cabinets, and other areas of your home.

Setup

Follow these steps for initial setup of your mDesign storage bins:

1. **Unpack:** Carefully remove the bins from their packaging. Inspect for any damage.
2. **Initial Cleaning:** Before first use, wash the bins with mild soap and warm water. Rinse thoroughly and dry completely.
3. **Placement:** Place the bins in your desired location, such as pantry shelves, kitchen cabinets, refrigerator, or bathroom vanity. The open front design allows for easy access to contents.

4. **Labeling:** Utilize the built-in label holder to clearly identify the contents of each bin. Two blank labels are included for your convenience. Simply slide the label into the holder.

Operating Instructions

These storage bins are designed for ease of use and versatility:

- **Storage:** Place various items such as food packages, cans, bottles, produce, cleaning supplies, craft items, or personal care products into the bins.
- **Accessibility:** The open front design allows for quick and easy retrieval of items without needing to remove the entire bin from a shelf.
- **Organization:** Use multiple bins to categorize and separate items, creating a tidy and efficient storage system.
- **Stackability:** While primarily designed for side-by-side use, these bins can be carefully stacked to maximize vertical storage space when empty or with lighter contents.

Maintenance

To ensure the longevity and cleanliness of your storage bins:

- **Cleaning:** Hand wash with mild soap and warm water. Use a soft cloth or sponge to clean surfaces.
- **Drying:** Dry thoroughly with a soft cloth or allow to air dry completely before refilling or storing.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, scouring pads, or harsh chemical detergents, as these can scratch or damage the plastic.
- **Temperature:** Avoid exposing the bins to extreme temperatures, such as direct sunlight for prolonged periods or very hot liquids, which could cause warping.

Troubleshooting

Problem	Possible Cause	Solution
Bin does not fit in desired space.	Incorrect dimensions.	Measure your space carefully before purchase. Refer to the 'Specifications' section for bin dimensions.
Items fall out of the open front.	Overfilling or unsuitable items.	Do not overfill the bin. Ensure items are stable and do not protrude excessively from the open front.
Bin appears cloudy or scratched after cleaning.	Use of abrasive cleaners or materials.	Only use mild soap and a soft cloth for cleaning. Avoid harsh chemicals or abrasive sponges.
