NUU GARDEN AM-AF014

Nuu Garden 28 Inch Outdoor Propane Fire Pit Table User Manual

Brand: NUU GARDEN | Model: AM-AF014

1. INTRODUCTION AND PRODUCT OVERVIEW

Thank you for choosing the Nuu Garden 28 Inch Outdoor Propane Fire Pit Table. This versatile and stylish fire pit table is designed to enhance your outdoor living space, providing warmth and ambiance. Featuring a durable ceramic tabletop, a powerful 50,000 BTU burner, and convenient propane storage, it serves as both a functional fire pit and a practical outdoor table.

Figure 1.1: The Nuu Garden 28 Inch Outdoor Propane Fire Pit Table in use, showcasing its ceramic tabletop and central fire feature.

2. IMPORTANT SAFETY INFORMATION

Please read and understand all safety warnings and instructions before assembling, operating, or servicing this fire pit table. Failure to follow these instructions could result in property damage, bodily injury, or death.

- **Outdoor Use Only:** This appliance is for outdoor use only. Do not operate indoors or in an enclosed area.
- **Clearance:** Maintain proper clearance from combustible materials. Ensure the area around the fire pit is clear of flammable objects, liquids, and vapors.
- **Propane Gas Only:** Use only Liquefied Petroleum Gas (LPG). Do not use natural gas or any other fuel.
- **Leak Check:** Always perform a leak test on all gas connections before initial use and after any tank replacement.
- **Ventilation:** Ensure adequate ventilation around the propane tank compartment.
- **Children and Pets:** Keep children and pets away from the fire pit at all times, especially during operation.

- **Hot Surfaces:** The fire pit and surrounding surfaces will be hot during and after use. Allow ample time for cooling before touching or moving.
- **Cover Usage:** Use the provided protective cover when the fire pit is not in use to protect it from weather elements.
- **Intertek Certified:** This fire pit table is Intertek-approved, ensuring it meets recognized safety standards.

3. PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, do not attempt to assemble the product. Contact customer support for assistance.

Item	Description	Quantity
Fire Pit Table Frame	Main metal frame with ceramic tabletop.	1
Burner Assembly	Stainless steel annular burner with control panel.	1
Lava Rocks	Approximately 6.6 lbs of natural lava rocks.	1 bag
Lid	Metal lid for covering the burner area.	1
Protective Cover	Oxford fabric cover for weather protection.	1
Hardware Pack	Screws, bolts, and tools for assembly.	1 set
AAA Battery	For electronic ignition.	1

Note: A standard 20 lb propane tank (not included) is required for operation.

4. SETUP AND ASSEMBLY

Assembly of the fire pit table is required. While designed for straightforward setup, careful attention to instructions is advised. It is recommended to have two people for assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a soft, clean surface to prevent scratches.
2. **Assemble Frame:** Follow the detailed instructions provided in the separate assembly guide to connect the metal frame components. Ensure all screws are tightened securely.
3. **Install Burner:** Place the stainless steel annular burner into the designated opening on the tabletop. Connect the gas hose to the burner assembly.
4. **Propane Tank Placement:** Open the access door on the fire pit table. Carefully place your 20 lb propane tank onto the tank support base inside the compartment. Connect the regulator hose to the propane tank valve. Ensure a secure connection.
5. **Add Lava Rocks:** Distribute the provided lava rocks evenly around the burner ring. Do not cover the igniter or burner holes.
6. **Adjust Feet:** The fire pit table features adjustable feet to ensure stability on uneven surfaces. Adjust each foot until the table is level and stable.

CONVENIENT DESIGN

A hide door panel is secured with a magnetic clip and allows instant access to easy cylinder replacement

Figure 4.1: The convenient design allows for easy access to the propane tank compartment for quick replacement.

Figure 4.2: Adjustable feet ensure the fire pit table remains stable and level on various outdoor surfaces.

5. OPERATING INSTRUCTIONS

Follow these steps to safely operate your Nuu Garden Fire Pit Table:

1. **Preparation:** Ensure the fire pit area is clear of debris and flammable materials. Confirm the propane tank is securely connected and the tank valve is fully open.
2. **Ignition:**
 - Push and hold the electronic igniter button.
 - While holding the igniter, slowly turn the control knob to the "LOW" position.
 - Once the flame ignites, continue to hold the igniter button for 10-15 seconds to allow the thermocouple to heat up.
 - Release the igniter button. If the flame extinguishes, repeat the process.

3. **Adjust Flame:** Turn the control knob to adjust the flame height and heat output (up to 50,000 BTU) to your desired level.
4. **Shut Down:** When finished, turn the control knob to the "OFF" position. Close the valve on the propane tank. Allow the fire pit to cool completely before covering or moving.

ADJUSTABLE FEET

Keep stable on uneven ground and prevent unwanted sliding and floor scratches

Figure 5.1: The control panel features a reliable electronic ignition for easy and safe lighting, along with a knob for flame adjustment.

6. MAINTENANCE

Regular maintenance will ensure the longevity and safe operation of your fire pit table.

- **Cleaning:** The ceramic tabletop is designed for easy cleaning. Wipe spills immediately with a soft, damp cloth. For general cleaning, use mild soap and water. Avoid abrasive cleaners.
- **Lava Rocks:** The lava rocks are designed not to melt, degrade, or produce ash. Periodically inspect them for

debris and clean as needed.

- **Protective Cover:** Always use the provided oxford fabric cover when the fire pit is not in use. This cover is windproof and waterproof, protecting the unit from harsh weather conditions and prolonging its lifespan.
- **Burner Inspection:** Regularly inspect the burner and gas connections for any signs of damage, blockages, or leaks.
- **Storage:** If storing for extended periods, ensure the propane tank is disconnected and stored safely according to local regulations. Cover the fire pit and store in a dry, protected area.

EASY TO CLEAN

Exclusive brown marbled tile without extra maintenance adds to the overall warm yet sophisticated atmosphere

Figure 6.1: The ceramic tabletop is easy to clean, requiring only a simple wipe to remove spills and maintain its appearance.

Figure 6.2: The included protective cover helps shield the fire pit table from the elements when not in use, ensuring its durability.

7. TROUBLESHOOTING

If you encounter issues with your fire pit table, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Burner does not ignite.	No gas flow; igniter issue; low propane.	Check propane tank valve is fully open. Ensure tank has sufficient fuel. Verify gas hose connections are tight. Check igniter battery (1 AAA required).

Problem	Possible Cause	Solution
Low flame or inconsistent flame.	Low propane; partially closed tank valve; regulator issue.	Ensure propane tank is full and valve is fully open. Check for kinks in the gas hose. If problem persists, the regulator may need replacement.
Gas smell detected.	Gas leak.	Immediately turn off gas at the tank. Perform a leak test using soapy water on all connections. If bubbles appear, tighten connections. If leak persists, do not use and contact a qualified service technician.
Assembly parts do not align.	Misalignment during initial assembly.	Loosen all screws slightly, realign components, then retighten. Ensure parts are oriented correctly as per the assembly guide.

For issues not listed here or if solutions do not resolve the problem, please contact NuU Garden customer support.

8. SPECIFICATIONS

Feature	Detail
Brand	NUU GARDEN
Model Number	AM-AF014
Product Dimensions	28"D x 28"W x 25"H
Item Weight	49.2 Pounds
Material	Metal frame, Ceramic tabletop
Fuel Type	Liquefied Petroleum Gas (LPG)
Heat Output	50,000 BTU
Ignition Type	Electronic Ignition (requires 1 AAA battery)
Color	Black
Certification	Intertek Certified
