### PetMedics B09FKHZFS2

## PetMedics Calming Orthopedic Donut Dog Bed User Manual

Model: B09FKHZFS2

### INTRODUCTION

Thank you for choosing the PetMedics Calming Orthopedic Donut Washable Bolster Dog Bed. This manual provides essential information for the proper setup, operation, maintenance, and care of your new pet bed. Designed for comfort and durability, this bed aims to provide a secure and soothing resting place for your small to medium-sized dog or cat.

## PRODUCT FEATURES

- **Dog Tough Design:** Features chew, bite, and scratch-resistant fabric and seams for long-lasting use.
- **Anti-Skid Bottom Surface:** Prevents the bed from sliding, ideal for active pets.
- **Water and Liquid Resistant Liners:** Keeps the bed and pillow clean, dry, and cozy.
- **Soft Two-Sided Reversible Pillow:** One side with warming faux fur for cold temperatures, and the other with cooling micro suede for warm temperatures, making it suitable for all seasons.
- **Durable Mesh Pocket:** Built-in on the side to securely store a PetMedics Sound Soother or an article of clothing to help alleviate pet separation anxiety.
- **Orthopedic Support:** Filled with chipped memory foam designed to mold to your pet's body, providing comfort and support for joints and muscles.

## SETUP INSTRUCTIONS

Upon receiving your PetMedics dog bed, it will be vacuum-sealed for shipping efficiency. Follow these steps for initial setup:

1. Carefully remove the bed from its packaging.
2. Unroll and gently fluff the bed. The memory foam components are compressed and will expand to their full size within a few hours.
3. Ensure all components, including the main bed and the reversible pillow, are fully expanded and positioned correctly within their covers.
4. Place the bed in your desired location, ensuring the anti-skid base is in contact with the floor for stability.

**Crate Size:** Small and Medium

**Dog Weight:** Up to 50 Lbs / Up to 23 Kg

**Pet Bed Size:** 30"L x 30" W x 11"H Dimensions

**Sleeping Surface:** 18" x 18"

**Small and Medium**

Up to - 50 lbs

Up to - 23 kg

## OPERATING INSTRUCTIONS

The PetMedics dog bed is designed for versatile use to ensure your pet's comfort in various conditions.

- **Reversible Pillow:** The central pillow features two distinct surfaces. For cooler temperatures, position the faux fur side up to provide warmth. For warmer temperatures, flip the pillow to expose the micro suede side for a cooling effect.
- **Anxiety Relief Pocket:** Utilize the mesh pocket on the side of the bed to insert a PetMedics Sound Soother (sold separately) or an item with your scent, such as an old t-shirt. This can help provide comfort and reduce separation anxiety for your pet.

## MAINTENANCE AND CARE

Proper care will extend the life of your PetMedics dog bed and ensure continued comfort and hygiene for your pet.

- **Machine Washable Covers:** The outer covers of the bed are machine washable. For best results, remove the inner memory foam components and waterproof liners before washing.
- **Washing Instructions:** Use a gentle cycle with cold water and a mild detergent. Do not use bleach.
- **Drying Instructions:** Tumble dry on low heat or air dry. Ensure covers are completely dry before reassembling the bed.
- **Waterproof Liners:** The internal waterproof liners protect the memory foam from accidents. These can be wiped clean with a damp cloth.
- **Regular Fluffing:** Periodically fluff the bed and pillow to maintain their shape and loft.

**TROUBLESHOOTING**

If you encounter any issues with your PetMedics dog bed, consider the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed appears flat or not fully expanded.	Vacuum-sealed packaging; insufficient time for foam expansion.	Allow 24-48 hours for the memory foam to fully expand after unboxing. Gently fluff the bed and pillow.
Crinkling sound from the bed.	Noise from the internal waterproof liner.	This is normal due to the waterproof material. It typically does not bother pets.
Tearing at seams after washing.	Aggressive wash cycle or improper reassembly.	Always use a gentle cycle and cold water. Ensure all foam inserts are removed before washing. Reassemble carefully, ensuring zippers are not strained.
Pet not using the bed.	New environment; preference for different texture/temperature.	Place a familiar blanket or toy on the bed. Try reversing the pillow to the other side (faux fur or micro suede). Ensure the bed is in a quiet, comfortable location.

## SPECIFICATIONS

Feature	Detail
Brand	PetMedics
Model	B09FKHZFS2
Material	Polyester, Memory Foam
Dimensions (L x W x H)	30"L x 30"W x 11"Th
