CUTEBEE L032 Miniature DIY Dollhouse Kit - Cozy Time Edition Instruction Manual

Model: L032

1. INTRODUCTION

The CUTEBEE L032 Miniature DIY Dollhouse Kit, 'Cozy Time' edition, is a detailed prefabricated wooden dollhouse set designed for assembly. This kit is intended as a collectible item or a home decor piece upon completion, rather than a toy for active play. It provides an engaging project suitable for individuals over 14 years of age, offering an excellent opportunity for creative engagement and shared activity.

The kit includes precision-cut wooden elements, LED lighting, plants, decorations, and furniture, all designed to create a realistic and charming miniature environment. Detailed instructions with colored images are provided to guide the assembly process.

2. SAFETY INFORMATION

Caution: Not suitable for children under 14 years. To be used under adult supervision.

This product contains small parts that may pose a choking hazard. Keep all components out of reach of young children. Ensure proper ventilation when using adhesives. Always follow the instructions carefully to prevent injury or damage to the product.

3. SETUP AND ASSEMBLY

This DIY dollhouse kit requires self-assembly. All components are carefully checked before shipping to ensure completeness. The assembly process involves attaching various miniature elements to construct the dollhouse and its furnishings.

3.1 Required Tools (Not Included)

- Silicone glue (for larger paper pieces and general assembly)
- Super glue (for quick-drying applications)
- Two AAA batteries (for LED lighting and music movement)
- Tweezers (for handling small parts)
- Scissors or craft knife (for cutting paper and other materials)

3.2 Assembly Steps

1. **Unpack and Organize:** Carefully unpack all components. A printed sheet is included to help identify numbered parts. Organize parts by type or step as indicated in the manual.

2. **Follow the Manual:** Refer to the English manual with detailed and colored images. Each step is illustrated to guide you through the assembly.
3. **Adhesive Application:** Apply silicone glue for most assemblies, allowing sufficient drying time. Use super glue for small, intricate parts requiring quick adhesion.
4. **Electrical Components:** Install LED lighting and music movement components as per the instructions. Ensure correct battery placement (AAA batteries, not included).
5. **Decorative Elements:** Attach plants, decorations, and furniture to complete the miniature scene.

4. OPERATING INSTRUCTIONS

Once assembled, the CUTEBEE L032 dollhouse features functional elements:

- **LED Lighting:** The integrated LED lights illuminate the dollhouse, enhancing its aesthetic appeal. Ensure AAA batteries are correctly installed to power the lights.
- **Music Movement:** The kit includes a music movement component. Wind it up to play a melody, adding an auditory dimension to your miniature display.

All interior and exterior LED lights are on, highlighting the intricate details of the living room, kitchen, bedroom, and outdoor garden area. The warm glow of the lights creates a cozy atmosphere.

5. MAINTENANCE

To preserve the appearance and longevity of your CUTEBEE L032 dollhouse:

- **Dust Protection:** The kit includes a dust-proof cover. Ensure it is properly placed over the dollhouse when not on display to prevent dust accumulation.
- **Cleaning:** Gently wipe surfaces with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials, which may damage the delicate components.
- **Battery Replacement:** Replace AAA batteries as needed for the LED lights and music movement.
