MAINTENANCE AND CARE

To maintain the appearance and integrity of your LEGO Camp Nou model:

- **Cleaning:** Dust regularly with a soft brush or compressed air. For deeper cleaning, gently wipe with a damp cloth and mild soap, then rinse and air dry. Avoid harsh chemicals.
- **Display:** Display the model on a stable, flat surface away from direct sunlight and extreme temperatures to prevent discoloration or warping of plastic elements.
- **Handling:** Handle the model with care. Due to its complex construction and numerous small connections, excessive force or improper handling can cause sections to detach or pieces to fall off.

TROUBLESHOOTING

If you encounter any issues during assembly or with your completed model:

- **Missing Pieces:** Double-check all bags and the box. If a piece is genuinely missing, refer to the LEGO Customer Service information in the 'Warranty and Support' section to request replacement parts.
- **Loose Connections:** Ensure all bricks are fully pressed together. Sometimes a slight adjustment can secure a connection.
- **Difficulty with Sections:** If a section is not fitting correctly, re-examine the instruction manual for that specific step. It's common to miss a small detail that affects subsequent steps.
