Allewie Upholstered King Size Platform Bed Frame Instruction Manual

Model: AK-8885-9-BWK

1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before beginning assembly. Failure to follow these instructions may result in injury or damage to the product.

- **Maximum Weight Capacity:** Do not exceed the maximum weight capacity of 800 lbs (approximately 363 kg).
- **Assembly Caution:** Be cautious when assembling the bed frame to avoid injury. It is recommended to have two people for assembly.
- **Stability:** Follow the assembly instructions carefully to ensure stability and prevent collapse.
- **Children:** This low-profile bed design is family-friendly. Ensure children are supervised during assembly and use.

Keep all packaging materials away from children to prevent choking hazards.

2. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Headboard
- Bed Frame Side Rails
- Wood Slats
- Support Legs
- Hardware Pack (screws, bolts, washers, Allen wrench)
- Instruction Manual

3. ASSEMBLY INSTRUCTIONS

Assembly typically takes less than an hour with two people. An easy-to-read manual and installation tools are included.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratches. Verify all parts against the package contents list.
2. **Attach Side Rails to Headboard:** Connect the side rails to the headboard using the provided hardware. Ensure all connections are secure but do not fully tighten screws until all major components are aligned.
3. **Attach Footboard:** Connect the footboard to the side rails. Align all corners carefully before tightening screws. A helpful tip from users is to partially tighten all four corner screws, ensure alignment, then fully tighten.
4. **Install Center Support:** Assemble and install any central support beams and legs as indicated in the included manual.
5. **Place Slats:** Roll out the wood slats onto the bed frame. The slats feature a velcro design for easy and secure placement. Ensure they are evenly spaced and firmly attached.

6. **Final Tightening:** Once all components are assembled and aligned, go back and securely tighten all screws and bolts. Do not overtighten.

4. USAGE AND OPERATION

This bed frame is designed for optimal comfort and support without the need for a box spring.

- **Mattress Compatibility:** The bed frame accommodates all types of mattresses, including spring, memory foam, latex, or hybrid mattresses. Place your mattress directly onto the wood slats.
- **Ergonomic Headboard:** The 28-inch high headboard features a 120-degree ergonomic incline, providing comfortable back support.
- **Low Profile Design:** The low-profile design offers a modern aesthetic and can be particularly suitable for rooms with lower ceilings or for those who prefer a bed closer to the floor.

Figure 4.1: Detail of the 120-degree ergonomic headboard design, providing support for neck, back, and waist.

Family-Friendly Low-Profile Bed

Ensure your child's comfort and safety with our highly elastic soft wrap! Soft high-density sponge padding and all-around design prevent discomfort and injury.

Figure 4.2: The low-profile design with soft padding, suitable for family use.

5. MAINTENANCE

Proper care will extend the life and appearance of your bed frame.

- **Cleaning:** Wipe the upholstered surfaces with a dry cloth. For spills, gently blot with a damp cloth and mild soap, then dry thoroughly. Avoid harsh chemicals.
- **Inspection:** Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause fading of the faux leather.

6. TROUBLESHOOTING

Common issues and their potential solutions.

Problem	Possible Cause	Solution
Bed frame feels unstable or wobbly.	Loose connections; uneven assembly.	Ensure all bolts and screws are fully tightened. Re-check assembly steps for proper alignment.
Squeaking noises.	Loose connections; friction between parts.	Tighten all hardware. Ensure slats are properly seated and not rubbing against the frame.
Difficulty aligning parts during assembly.	Screws overtightened prematurely.	Loosen all screws slightly, align parts, then tighten gradually. It is recommended to partially tighten all screws before fully securing them.
Mattress sagging or feeling unsupported.	Improper slat placement; mattress too heavy for slat spacing.	Ensure slats are evenly spaced and securely fastened. If using a heavy memory foam mattress, consider adding a plywood board over the slats for additional support if needed.

7. SPECIFICATIONS

- **Model Number:** AK-8885-9-BWK
- **Size:** King
- **Color:** Black and White
- **Product Dimensions (L x W x H):** 91.3" x 81.5" x 27.1"

- **Item Weight:** 88 pounds
- **Maximum Weight Capacity:** 800 lbs
- **Material:** Faux Leather, Wood Slats, Metal Frame
- **Assembly Required:** Yes
- **Special Feature:** No Box Spring Needed, Ergonomic Headboard
- **UPC:** 749655397416

KING

L * W * H : 91.3* 81.5 * 27.16/30.31 in.

Weight Capacity: 1000 lbs.

Recommend Mattress Thickness: 8-14 in.
