## KOTEK PI-664-HW

# KOTEK Twin Over Full Bunk Bed Instruction Manual

Model: PI-664-HW | Brand: KOTEK

## INTRODUCTION

Thank you for choosing the KOTEK Twin Over Full Bunk Bed. This manual provides essential information for the safe assembly, operation, and maintenance of your new bunk bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## IMPORTANT SAFETY INFORMATION

- **Weight Capacity:** Both the top and bottom bunks are designed to support a maximum weight of 420 lbs. The ladder has a load capacity of 195 lbs. Do not exceed these limits.
- **Guardrails:** The top bunk is equipped with 15-inch full-length guardrails for safety. Ensure they are always securely in place.
- **Ladder:** Use the provided ladder for climbing to and from the top bunk. Ensure the ladder is stable before use.
- **Mattress Size:** Use only mattresses of the specified size for twin and full beds. Ensure the mattress thickness on the top bunk does not exceed the guardrail height.
- **Detachable Design:** This bunk bed can be converted into two separate beds. Follow the assembly instructions carefully for both configurations.
- **Assembly:** Assembly requires at least two adults. Do not attempt to assemble alone. Ensure all hardware is tightened securely before use. Periodically check and re-tighten all connections.
- **Ventilation:** Ensure adequate ventilation around the bed.
- **No Box Spring Required:** This bed frame is designed for use without a box spring.

## PACKAGE CONTENTS

Your KOTEK Twin Over Full Bunk Bed is shipped in 3 separate boxes. Please verify that all parts are present before beginning assembly. In case of missing or damaged parts, contact customer support.

Figure 1: Packaging details, showing the bunk bed is delivered in three separate boxes.

### Included Components:

- Bunk Bed Frame Components (Headboards, Footboards, Side Rails, Slats)
- Ladder
- Guardrails
- Hardware Pack (bolts, screws, nuts, washers, Allen wrench)
- Instruction Manual (this document)

### ASSEMBLY INSTRUCTIONS

---

Please follow the step-by-step instructions provided in the included assembly guide. Ensure you have ample space and a clean, flat surface for assembly. It is recommended to have at least two adults for assembly.

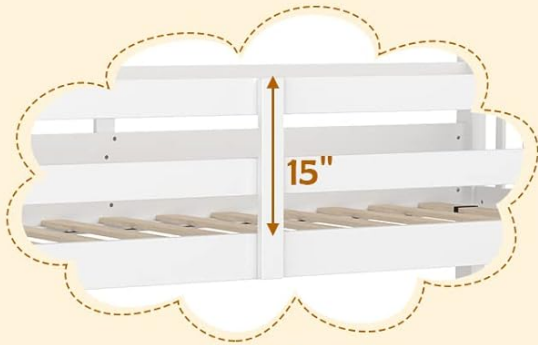

### Key Assembly Features:

- **Solid Wood Construction:** The frame is constructed from high-quality rubber wood and poplar wood for durability and stability.
- **Detachable Design:** The bunk bed can be assembled as a stacked twin-over-full bunk bed or separated into one twin bed and one full bed.
- **Integrated Ladder:** The ladder is designed for safe and easy climbing.
- **Slats:** The bed includes 13 high-hardness slats per tier for strong mattress support.

# Product Details

15" Full-length Guardrails for All-round Protection

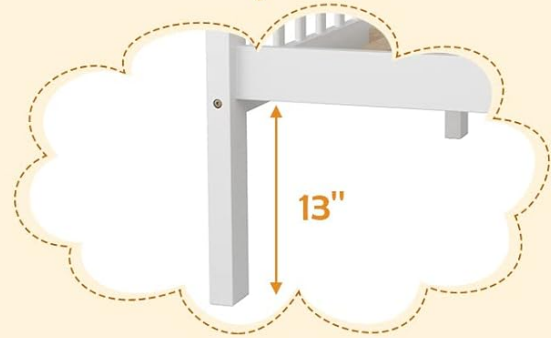

13 High-hardness Slats for Strong Bearing Capacity

Integrated Side Ladder for Children to Safely Climb

13" Clearance Under Bed for Easy Cleaning and Storage

**Note: No Box Spring Required!**

Figure 3: Product Details, highlighting safety guardrails, ladder design, under-bed clearance, and slat construction.

## OPERATING INSTRUCTIONS (USAGE)

Once assembled, the KOTEK Twin Over Full Bunk Bed is ready for use. Ensure mattresses are properly placed on the slats. For the top bunk, always use the ladder for access. Do not jump on the bed or engage in rough play, especially on the top bunk.

### Space-Saving Design:

This bunk bed efficiently utilizes floor space by providing a twin-size bed above a full-size bed. The 13-inch clearance under the bed offers convenient storage for items like suitcases, boxes, or toys.

## MAINTENANCE

- **Cleaning:** Wipe the wood frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners that

could damage the finish.

- **Hardware Check:** Periodically (e.g., every 3-6 months) inspect all bolts, screws, and connections to ensure they are tight. Re-tighten as necessary to maintain stability and safety.
- **Wood Care:** Protect the wood from extreme temperature changes and direct sunlight to prevent warping or fading.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose hardware.	Check and tighten all bolts and screws. Ensure all connections are secure.
Squeaking noises.	Loose connections or friction between wood parts.	Re-tighten all hardware. Apply a small amount of wax or lubricant to contact points if necessary.
Missing parts during assembly.	Packaging error or lost during transit.	Refer to the package contents list. Contact KOTEK customer support with your model number and a description of the missing parts.
Difficulty separating bunk beds.	Incorrect disassembly steps.	Carefully review the assembly instructions for the detachable feature. Ensure all connecting hardware is removed.

## SPECIFICATIONS

---

Figure 4: Product Dimensions and Packaging.

**Model:** PI-664-HW

**Brand:** KOTEK

**Type:** Twin Over Full Bunk Bed

**Material:** Solid Rubber Wood, Poplar Wood

**Color:** White

**Overall Dimensions:** 79"L x 58"W x 65"H
