Navaris Dog Drying Robe Instruction Manual

Model: 56089.22.2_m001874

1. PRODUCT OVERVIEW

The Navaris Dog Drying Robe is a soft and highly absorbent microfiber towel designed to quickly dry your dog after baths, rainy walks, or swims. It helps protect your home from wet paw prints and moisture, keeping your pet comfortable and your surroundings clean. This robe features adjustable straps for a secure and comfortable fit.

2. SETUP AND FITTING

Proper fitting ensures maximum comfort and effectiveness of the drying robe. The robe is equipped with adjustable straps to accommodate various dog sizes within its specified range.

1. **Measure Your Dog:** Before placing the robe, measure your dog's neck circumference, chest circumference, and back length to ensure you have the correct size. Refer to the size chart in the Specifications section.
2. **Position the Robe:** Gently place the robe over your dog's back, ensuring the neck opening is comfortably around their neck.
3. **Secure Neck Strap:** Fasten the adjustable strap around your dog's neck using the hook-and-loop closure. Ensure it is snug but not too tight, allowing for comfortable movement.
4. **Adjust Chest Band:** Wrap the wider band around your dog's chest/belly area and secure it with the hook-and-loop fastener. Adjust for a secure fit that allows your dog to walk and sit comfortably.

ADJUSTABLE

Fastens around the neck and belly using the adjustable straps

3. OPERATING INSTRUCTIONS

The Navaris Dog Drying Robe is designed for simple and effective use.

1. **After Bathing:** After washing your dog, towel-dry them as much as possible to remove excess water. Then, put on the drying robe as described in the Setup section. The microfiber material will absorb remaining moisture.
2. **After Rainy Walks/Swims:** If your dog gets wet from rain or swimming, simply put on the drying robe. The absorbent fabric will help dry their coat and prevent water from spreading indoors.
3. **Drying Time:** The time required for drying will vary depending on your dog's coat type and how wet they are. Leave the robe on until your dog's coat feels mostly dry.
4. **Comfort:** Ensure your dog is comfortable while wearing the robe. The soft material is gentle on their skin and coat.

4. MAINTENANCE AND CARE

To ensure the longevity and effectiveness of your Navaris Dog Drying Robe, follow these care instructions:

- **Washing:** The dog drying robe is machine washable. Wash on a delicate cycle with similar colors.
- **Detergent:** Use a mild detergent. Avoid using fabric softeners, as they can reduce the absorbency of microfiber.
- **Drying:** Tumble dry on low heat or air dry. Do not iron.
- **Storage:** Store the robe in a clean, dry place when not in use.

Image 4.1: A detailed view of the soft and comfortable microfiber fabric, highlighting the material's texture.

5. TROUBLESHOOTING

This section addresses common concerns regarding the Navaris Dog Drying Robe.

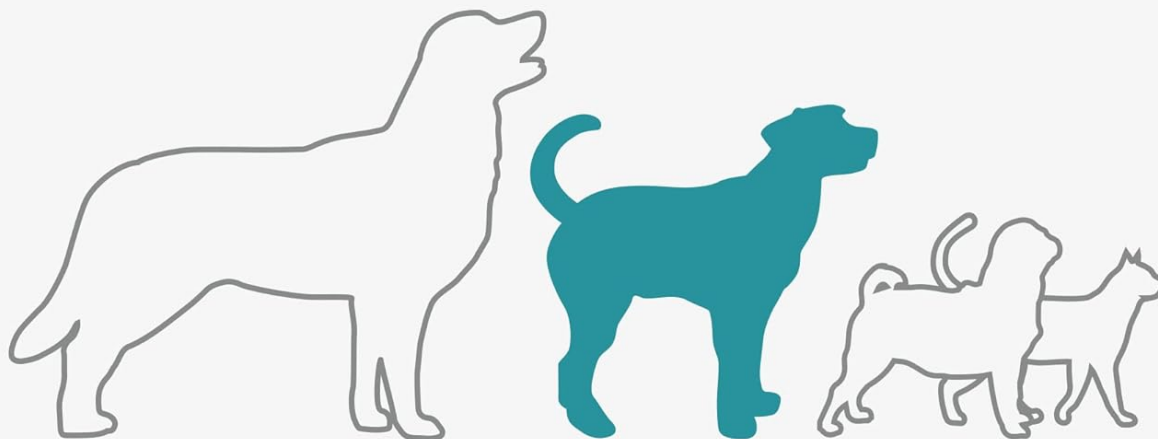

- **Robe not drying effectively:** Ensure the robe is clean and free of fabric softener residue, which can reduce absorbency. Make sure the robe is the correct size for your dog, allowing full contact with their coat.
- **Robe is too tight/loose:** Adjust the hook-and-loop straps around the neck and chest to achieve a snug but comfortable fit. Refer to the size chart to confirm the appropriate size for your dog's measurements.

6. SPECIFICATIONS

Feature	Detail
Brand	Navaris

Feature	Detail
Model Number	56089.22.2_m001874
Material	Polyester Microfiber
