Peak Design Wireless Charging Stand (Model M-CS-BK-1) Instruction Manual

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your Peak Design Wireless Charging Stand, Model M-CS-BK-1. This device is designed to provide convenient and efficient wireless charging for MagSafe-compatible phones and Peak Design Mobile cases, offering a customizable viewing experience.

Image: The Peak Design Wireless Charging Stand, black, in its upright position, connected to a charging cable.

WHAT'S IN THE BOX

Verify that all components are present in the packaging:

- 1x Peak Design Wireless Charging Stand
- 1x USB-C Cable

Image: The package contents, showing the black wireless charging stand, a USB-C to USB-C cable, and three small cable routing clips.

FEATURES

- **Wireless Charging:** Supports Qi1 charging with capacities of 15W, 10W, 7.5W, and 5W, automatically adjusting to the device's profile.
- **Magnetic Mounting:** Features built-in magnetic technology for a secure and instant connection with MagSafe-enabled phones and Peak Design Mobile cases.
- **Adjustable Viewing Angle:** A silky-smooth friction hinge allows for infinite viewing angle adjustments, supporting both portrait and landscape modes.
- **Durable Construction:** Crafted from solid machined and anodized aluminum with a grippy silicone base for stability.
- **Portable Design:** Folds flat for easy storage and transport.

SETUP

1. **Unpack Components:** Carefully remove the Wireless Charging Stand and USB-C cable from the packaging.
2. **Position the Stand:** Place the stand on a stable, flat surface. The grippy silicone base will help prevent movement.
3. **Connect Power:** Insert one end of the provided USB-C cable into the USB-C port located on the back of the charging stand. Connect the other end of the USB-C cable to a compatible USB-C power adapter (not included) and plug it into a wall outlet.
4. **Adjust Angle:** Gently push or pull the top section of the stand to achieve your desired viewing angle. The friction hinge will hold it in place.

OPERATING INSTRUCTIONS

1. **Placing Your Device:** Ensure your phone is MagSafe-compatible or housed in a Peak Design Mobile case. Align the back of your phone with the magnetic charging pad on the stand. The magnets will securely snap your phone into place.
2. **Charging Confirmation:** Your phone should indicate that it is charging. The stand provides optimal charging alignment and heat dissipation for efficient power delivery.
3. **Adjusting Orientation:** The stand supports both portrait and landscape orientations. Simply rotate your phone while it is magnetically attached to switch between modes.
4. **Folding Flat:** For charging earbuds or other Qi-compatible devices, or for compact storage, the stand can be folded completely flat.

Compatible with
Magsafe phones + cases
and Peak Design cases.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe down the stand. Avoid abrasive cleaners or solvents that may damage the finish.
- **Cable Care:** Ensure the USB-C cable is not kinked or bent sharply to prolong its lifespan.
- **Storage:** When not in use, the stand can be folded flat for compact storage.

Ultra-premium construction
from solid anodized aluminum.

Fold flat for bedside use.

TROUBLESHOOTING

- **Device Not Charging:**
 - Ensure the USB-C cable is securely connected to both the stand and a functioning power adapter.
 - Verify that your phone is MagSafe-compatible or using a Peak Design Mobile case.
 - Check for any obstructions between the phone and the charging pad.
- **Unstable Phone:**
 - Confirm the phone is properly aligned with the magnetic charging pad.
 - Ensure the stand is placed on a flat, stable surface.
- **Angle Adjustment Issues:**
 - The friction hinge is designed to be firm. Apply gentle, consistent pressure to adjust the angle.

SPECIFICATIONS

Product Dimensions	2.72 x 3.7 x 2.52 inches
Item Weight	9.7 ounces

Model Number	M-CS-BK-1
Brand	Peak Design
Connector Type	Wireless (USB-C for power input)
Compatible Devices	Smartphones (MagSafe compatible), iPhone, Peak Design Mobile Cases
Special Feature	Adjustable Viewing Angle, Fast Charging, Magnetic Attachment
Color	Black
Input Voltage	12 Volts
Amperage	1 Amps
Total USB Ports	1 (USB-C for power input)
