Comfort Zone CZQTV008EBK

Comfort Zone CZQTV008EBK Quartz Tower Space Heater Instruction Manual

Model: CZQTV008EBK | Brand: Comfort Zone

INTRODUCTION

This manual provides essential information for the safe and efficient operation of your Comfort Zone CZQTV008EBK Quartz Tower Space Heater. This energy-efficient electric heater is designed to add warmth to medium-sized rooms, offices, or studios, utilizing three horizontal radiant quartz tubes and a fan-forced system for even heat distribution. It features Energy Save Technology to optimize power consumption and includes multiple safety features for peace of mind. Please read all instructions carefully before use and retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

To reduce the risk of fire, electric shock, or injury, always follow these basic precautions:

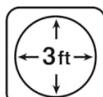

- **HEATER IS NOT MEANT TO BE USED AS A MAIN HEATING SOURCE.**
- Keep heater at least 3 feet (0.9m) away from all combustible things like furniture, bedding, and curtains.
- Do not use heater if it was dropped, has a damaged cord, or malfunctions in any way.
- For indoor use only, and only use in dry environments. Do not use in bathrooms, laundry rooms, or near sinks or pools.
- Do not put heater on an uneven or unstable surface.
- Place heater on a stable, non-combustible surface. Do not use on carpets, vinyl flooring, plastic or wet surfaces.
- Always plug directly into an outlet and do not plug into an extension cord or powerstrip. Always unplug when

not in use.

- **PET OWNERS!** During initial use of heater, keep all birds and small pets away as the corrosion coatings burn off. These are not harmful to humans but can be certain sensitive birds and small pets.
- The heater is ETL approved, ensuring compliance with safety standards.
- Features an overheat protection system that automatically turns off the heater if it reaches dangerously high temperatures.
- Includes a safety tip-over switch that instantly cuts off power if the heater is accidentally knocked over.
- Equipped with a stay-cool body and a molded handle for safe transportation.

WARNINGS & SAFETY INFORMATION

HEATER IS NOT MEANT TO BE USED AS A MAIN HEATING SOURCE

Keep heater at least 3FT (.9M) away from all combustible things like furniture, bedding and curtains....

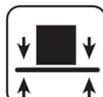

Do not use heater if it was dropped, has a damaged cord or malfunctions in any way.

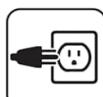

For indoor use only, and only use in dry environments. Do not use in bathrooms, laundry rooms, or near sinks or pools...

Do not put heater on an uneven or unstable surface.

SETUP

Your Comfort Zone CZQTV008EBK Quartz Tower Space Heater comes ready to use with no assembly required. Simply remove it from its packaging and place it on a stable, non-combustible surface, ensuring it is at least 3 feet away from any combustible materials.

1. Unpack the heater carefully, removing all packaging materials.
2. Place the heater upright on a firm, level surface. Ensure the surface is non-combustible and stable.
3. Verify that the power cord is not damaged and is free from kinks or knots.

4. Plug the heater directly into a 120V AC electrical outlet. Do not use extension cords or power strips.

Ready to use - no assembly required.

OPERATING INSTRUCTIONS

The Comfort Zone CZQTV008EBK features user-friendly controls located on the top of the unit, allowing for easy adjustment of heat settings and thermostat.

Onboard Controls with Power Indicator Light

Image: A detailed view of the top-mounted control knobs, including the adjustable thermostat, power mode select, and power indicator light.

- 1. Power On/Off:** Turn the right dial to the 'ON' position to power on the heater. Turn to 'OFF' to power off.
- 2. Heat Settings:** Select between two convenient heat outputs: 750W (Low) or 1500W (High) using the power mode select dial. The energy-saving mode can reduce power consumption by 30%.
- 3. Adjustable Thermostat:** Use the left dial to set your desired room temperature. The heater will cycle on and off to maintain this temperature.
- 4. Radiant Heat:** The three horizontal radiant quartz tubes provide efficient and powerful radiant heat, quickly warming up medium-sized spaces (200-300 sq. ft.).

Radiant Quartz Tubes

MAINTENANCE

Proper maintenance ensures the longevity and safe operation of your heater.

- Always unplug the heater from the power outlet before cleaning or performing any maintenance.
- Use a soft, damp cloth to clean the exterior surfaces of the heater. Do not use abrasive cleaners or solvents.
- Ensure no water or other liquids enter the interior of the heater.
- Store the heater in a cool, dry place when not in use, preferably in its original packaging.

TROUBLESHOOTING

If your heater is not operating correctly, please check the following:

- **Heater does not turn on:** Ensure the power cord is securely plugged into a working 120V AC outlet. Check if

the thermostat is set to a temperature higher than the current room temperature. Verify that the power mode is selected (Low or High).

- **Heater turns off unexpectedly:** This unit is equipped with overheat protection and a tip-over switch. If the heater overheats or is tipped over, it will automatically shut off. Allow the unit to cool down and ensure it is on a stable, level surface before restarting.
- **Insufficient heat:** Ensure the heater is placed in an appropriately sized room (200-300 sq. ft. recommended). Check that no objects are obstructing the heat output.

If problems persist after checking these points, please contact customer support.

SPECIFICATIONS

Product Dimensions	8.5 x 8.5 x 23 inches
Item Weight	6.5 pounds
Manufacturer	Mr. Brands, LLC.
Model Number	CZQTV008EBK
Form Factor	Tower
Heating Method	Radiant
Care Instructions	Wipe clean with a damp cloth.
Assembly Required	No
Number of Pieces	1
Batteries Required	No
Included Components	Product Manual
