KEY FEATURES

- **Freshness Retention:** Designed to retain moisture, keeping bread fresh for up to 3-4 days, unlike airtight containers that can cause bread to stale quickly.

- **Flexible Drawer:** Includes a 2-inch-high mini drawer that can be removed and used as a table service panel. It contains 4 adjustable bamboo bulkheads for organizing small items like tableware, napkins, or tea bags.
- **Large Capacity:** Two layers (14.6" x 9.4" board) provide sufficient space to store two large loaves of bread, rolls, muffins, and other baked goods, preventing deformation due to extrusion.
- **Secure Handling:** Double arc-edged bottom on both sides allow for easy and secure gripping, preventing slipping during movement.
- **Durable Construction:** Made from strong bamboo wood, ensuring durability and a rustic aesthetic.
- **Easy Assembly:** Includes a screwdriver and all necessary hardware for straightforward assembly.
